

Daily Scrum Meeting Minutes:

Attendees:

Bryan Garcia - 6289119

Tom Mizrachi - 6358028

Andres Jaimes - 6289563

Cesar Pereyra - 5544950

Bryan Hernandez - 6456561

Start time: 5:15 PM

End time: 7:15 PM

Bryan Garcia:

- **How many hours have I worked since the last meeting?**
 - 2 hours
- **What was done since the last scrum meeting?**
 - Research and get familiar using Docker.
- **What is planned to be done until the next scrum meeting?**
 - Come up with tests to experiment using docker and how it can have a big impact.
- **What are the hurdles?**
 - Watch more videos on how Docker can be used.

Tom Mizrachi:

- **How many hours did I work since the last meeting?**
 - 2 hours
- **What was done since the last scrum meeting?**
 - Did some research on docker to prepare for the project
- **What is planned to be done until the next scrum meeting?**
 - Learn more about docker, then eventually ansible. Will prepare user stories.
- **What are the hurdles?**
 - None yet

Cesar Pereyra:

- **How many hours have I worked since the last meeting?**
 - 2 hours
- **What was done since the last scrum meeting?**
 - Started learning and testing basics with ansible to learn more about it.
- **What is planned to be done until the next scrum meeting?**
 - Learn more about ansible and yaml configuration files.
- **What are the hurdles?**
 - Lots of different resources ansible/docker, need to decide on virtual machine testing environment

Bryan Hernandez:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Researched Ansible and Docker..
- What is planned to be done until the next scrum meeting?
 - Continue learning the basics about Ansible and Docker.
- What are the hurdles?
 - Nothing right now.

Andres Jaimes:

- **How many hours have I worked since the last meeting?**
 - 2
- **What was done since the last scrum meeting?**
 - We decided on our project Idea, Started preparing with learning Ansible, and cloud-init development using virtualbox to understand how the process works, so we can do an automated first time boot.
- **What is planned to be done until the next scrum meeting?**
 - We are going to decide what to split.
- **What are the hurdles?**
 - Nothing yet
