

Daily Standup

Attendees: Ana Maria Martinez, Angel Duarte, Jaqueline Lizeth Lopez, Jennifer Mesa, Julian Novak

Start time: 11:30 PM

End time: 2:30 PM

All attendees worked for 3 hours.

Meeting Summary:

The team discussed progress since the previous sprint, coordinated testing updates, and identified remaining UI and functionality fixes before the mid-sprint review.

Ana Maria Martinez:

Since the last scrum: Continued to summarize feedback for the demo report while checking over the survey results.

Before next scrum: Finish summarizing feedback for the demo report while checking over the survey results.

Current hurdle: Limited response time from test participants.

Angel Duarte:

Since the last scrum: Continued eliminating duplicate entry issues and test auto-save triggers.

Before next scrum: Continue to eliminate duplicate entry issues and test auto-save triggers.

Current hurdle: Data sync inconsistencies during multi-session testing.

Jaqueline Lizeth Lopez:

Since the last scrum: Continued working on the new layout for mid-sprint presentation.

Before next scrum: Finish working on the new layout for mid-sprint presentation.

Current hurdle: Minor formatting alignment errors in the slides.

Jennifer Mesa:

Since the last scrum: Close to finishing the demo setup and cross-check lesson navigation screens.

Before next scrum: Finish with the demo setup and cross-check lesson navigation screens.

Current hurdle: Maintaining color consistency after multiple Figma exports.

Julian Novak:

Since the last scrum: Continued working on the retest of the drag and drop responsiveness and checked over the conditional logic.

Before next scrum: Finish checking over conditional logic and drag and drop responsiveness.

Current hurdle: Blocks occasionally misalign under rapid user input.
