

Daily Standup 11/15

Attendees: Ana Maria Martinez, Angel Duarte, Jaqueline Lizeth Lopez, Jennifer Mesa, Julian Novak

Start time: 12:00 PM

End time: 3:00 PM

All attendees worked for 3 hours.

Meeting Summary:

Focus: lock MVP for the classroom demo, stabilize scoring persistence, finalize hint copy, and reduce transition stutter. Verify accessibility (contrast, font sizes) and confirm the README quick start on Windows/macOS.

Ana Maria Martinez:

Since the last scrum: Finished the color contrast while finishing the one-page visual style reference.

Before next scrum: Continue updating icons

Current hurdle: Icons look slightly blurry on high-DPI monitors.

Angel Duarte:

Since the last scrum: Continued the profile room→lessontransitions.

Before next scrum: Continue on the profile room→lessontransitions.

Current hurdle: Intermittent lag when switching scenes rapidly.

Jaqueline Lizeth Lopez:

Since the last scrum: Continued to check over the hints and glossary terms, ensuring clarity

Before next scrum: Continue to check over the hints and glossary terms, ensuring clarity

Current hurdle: Text overflow on smaller windows needs a pass.

Jennifer Mesa:

Since the last scrum: Continued a draft of the smoke-test checklist.

Before next scrum: Continue the draft of the smoke-test checklist.

Current hurdle: Need confirmations from teammates to finalize cross-platform steps.

Julian Novak:

Since the last scrum: Continued to hook the success and error animations to scoring events.

Before next scrum: Continue to hook the success and error animations to scoring events.

Current hurdle: Audible pop on first play after a cold start.
