

Daily Scrum 31

Date: October 14

Attendees: Matthew Chaar, Eduardo Parrado Arango, Joshua Aranzazu, Nelson Rodriguez, Joshua Conte

Start time: 09:00 PM

End time: 09:15 PM

Matthew Chaar:

- How many hours did I work since the last meeting? 1.5
- What was done since the last scrum meeting? Updated User schema with `logout_until` and `failed_attempts` fields.
- What is planned to be done until the next scrum meeting? Update Login API to increment counter on failure.
- What are the hurdles? None.

Eduardo Parrado Arango:

- How many hours did I work since the last meeting? 1
- What was done since the last scrum meeting? Logic for generating 10 codes complete.
- What is planned to be done until the next scrum meeting? Hash the codes before storing them in the DB.
- What are the hurdles? Should we salt each code individually? (Decided yes).

Joshua Aranzazu:

- How many hours did I work since the last meeting? 2
- What was done since the last scrum meeting? Built the UI to list the 10 codes.
- What is planned to be done until the next scrum meeting? Add "Download as PDF" button.
- What are the hurdles? Finding a good PDF library for React Native.

Nelson Rodriguez:

- How many hours did I work since the last meeting? 1

- What was done since the last scrum meeting? Nodemailer configured with test credentials.
- What is planned to be done until the next scrum meeting? Create POST /recover-account endpoint.
- What are the hurdles? Email going to spam folder.

Joshua Conte:

- How many hours did I work since the last meeting? 1
- What was done since the last scrum meeting? Toggle component built.
- What is planned to be done until the next scrum meeting? Add logic to switch the input field (6 digits vs 8 char alphanumeric).
- What are the hurdles? None.
