

Daily Scrum Meeting Minutes:

Attendees: Elier Quesada, Gabriel Prieto, Raul Herrero, Rosny Anteno, Yousuf Habouh, Anaika Bien-Aime

Start time: 4:30pm

End time: 5:30pm

Elier Quesada:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Discussed ways to tackle problem and potential ideas proposed by team
- What is planned to be done until the next scrum meeting?
 - After having a meeting with the product owner and addressing issues with how to navigate through holes my plan to partition polygon needs some more improvements to be made
 - Look at more ideas to navigate around obstacles outside original plan
- What are the hurdles?
 - Still struggling to solve such a large issue, especially when factoring in irregular holes.

Gabriel Prieto:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - We met with Prof. Hernandez
- What is planned to be done until the next scrum meeting?
 - Continue trying to look for the ideal way to navigate for the watchman problem.
- What are the hurdles?
 - None for now.

Raul Herrero:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Reviewed literature relevant to the problem to research the algorithm.
- What is planned to be done until the next scrum meeting?
 - Continue research into possible solutions.
- What are the hurdles?
 - Deciding how many established CGAL algorithms are relevant to our project.

Rosny Antenor:

- How many hours did I work since the last meeting?

- 2 hours
- What was done since the last scrum meeting?
 - Polish up ideas and continue research
- What is planned to be done until the next scrum meeting?
 - Continue Researching
- What are the hurdles?
 - None at the moment

Yousuf Habouh:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Brainstorming and presenting to the professor a theoretical solution for the watchman route problem.
- What is planned to be done until the next scrum meeting?
 - Finding an algorithm that can work with 1 hole and 1 boat, as well as reading some literature.
- What are the hurdles?
 - None so far.

Anaika Bien-Aime:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Our team met with the product owner
- What is planned to be done until the next scrum meeting?
 - Finding new ideas based on what was discussed in the meeting
- What are the hurdles?
 - Thinking of ideas that could work
