

Sprint Planning Meeting Minutes: 11/24/2025

Attendees: Luis Delgado (Developer), Andres Hernandez Raggioli (Scrum Master), Ana Oliveira (Product Owner), Gaeldesh Demosthene (Developer)

Start time: 9:00 pm

End time: 10:00 pm

After discussion, the velocity of the team was estimated to be 30 story points per sprint.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story 11 — As a student, I want the app to be stable and bug-free so I can confidently use all features during the demo.
- User Story 12 — As a presenter, I want a clear demo flow so that I can show the app's capabilities smoothly and without confusion.
- User Story 13 — As a stakeholder, I want a project poster that clearly communicates the problem, solution, architecture, and results.
- User Story 14 — As a presenter, I want a slide deck summarizing the system so I can explain the project effectively during the final presentation.
- User Story 15 — As a professor/evaluator, I want clear documentation so I understand how to run, test, and evaluate the project.
- User Story 16 — As a team, we want a final demo video so that anyone can understand how the application works without running the code.
- User Story 17 — As a team, we want to conduct a final usability pass so the app feels intuitive for new users.

The team members indicated their willingness to work on the following user stories.

- Andres Hernandez Raggioli
 - User Story 15 — As a professor/evaluator, I want clear documentation so I understand how to run, test, and evaluate the project.
 - User Story 16 — As a team, we want a final demo video so that anyone can understand how the application works without running the code.
- Luis Delgado
 - User Story 13 — As a stakeholder, I want a project poster that clearly communicates the problem, solution, architecture, and results.
 - User Story 14 — As a presenter, I want a slide deck summarizing the system so I can explain the project effectively during the final presentation.
- Ana Oliveira
 - User Story 12 — As a presenter, I want a clear demo flow so that I can show the app's capabilities smoothly and without confusion.

- User Story 15 — As a professor/evaluator, I want clear documentation so I understand how to run, test, and evaluate the project.
- Gaeldesh Demosthene
