

## **Sprint Retrospective Meeting Minutes**

Attendees: Luis Delgado, Andres Hernandez Raggioli, Ana Oliveira, Gaeldesh Demosthene

Start time: 6:30 PM

End time: 7:00 PM

What went wrong?

- Did we do a good job estimating our team's velocity?
  - Overall, we did better estimating our team's velocity and complete almost all user stories.
- Did we do a good job estimating the points (time required) for each user story?
  - We assigned the correct time to each User Story, adapting the amount of time invested on specific User Stories as we progressed through project goals. Prioritizing certain user stories over another depending on how challenging the task is.
- Did each team member work as scheduled?
  - Each member worked as scheduled to complete their User Stories.

What went right?

- We were able to successfully complete the majority of created User Stories and advance further from the initial stage of the project, and we are now halfway with the development.

How to address the issues in the next sprint?

- How to improve the process?
  - Invest more time in complex coding situations that appear as we progress in development.
- How to improve the product?
  - Consider the user's experience and perspective to improve the project design
