

Backlog Grooming Meeting Minutes

Date: 09/22/25

IT Project: Personal Budget Tracker Website: *SmartSpender*

Meeting Summary:

During today's backlog grooming session, we officially started our coding work. While we are still deciding which coding platform to use, we assigned HTML pages to each team member and agreed to complete at least one assigned page within a week and a half. We also agreed to create a joint GitHub repository to submit and review our work together.

Page Assignments:

- **Pages 1 & 2 (Intro and Name Input):** David Edelduok
- **Pages 3 & 4 (Password & Security Questions):** Miladys Perez
- **Pages 5 & 6 (Bank Info & Account Setup):** Maria Flores
- **Pages 7 & 8 (Budget Overview & Overspending):** Malik Wahab Rashid
- **Pages 9 & 10 (Total Savings & Income vs. Expenses):** Randy Pierre
