

Daily Scrum Meeting Minutes

Attendees: Luis Gonzalez, Jonathan Hernandez, David Peno, Kendrick Crespo, Anjani Mogallur

Start time: 9:00 PM

End time: 9:30 PM

Luis Gonzalez:

How many hours did I work since the last meeting?

2 hours

What was done since the last scrum meeting?

Test the API connections to the deep learning models

What is planned to be done until the next scrum meeting?

Keep testing the API connections and make sure that they work properly

What are the hurdles?

No hurdles

Anjani Mogallur:

How many hours did I work since the last meeting?

3 hours

What was done since the last scrum meeting?

Expanded the test dataset by collecting 3 longer study documents in different formats. Adjusted the scoring guide slightly to better fit longer summaries by adding a category for coherence.

What is planned to be done until the next scrum meeting?

Start thinking about how to automate some parts of the evaluation process later.

What are the hurdles?

Longer documents may have mixed formatting, which could affect summary quality.

David Peno:

How many hours did I work since the last meeting?

3 hours

What was done since the last scrum meeting?

Continued to plan the implementation of the graph tools and attempted to determine the other features needed for the graphs to be used

What is planned to be done until the next scrum meeting?

Keep outlining how the graph tools can be used in the project and how they could work with other features

What are the hurdles?

Figuring out the features that would be needed so that the graph tools could be used with them to accomplish required tasks

Kendrick Crespo:

How many hours did I work since the last meeting?

2 hours

What was done since the last scrum meeting?

Researched ways to manage secure session handling without have such difficulty

What is planned to be done until the next scrum meeting?

Find up to date beginner resources on secure session handling

What are the hurdles?

Ensuring security without limiting the usability and latency.

Jonathan Hernandez:

How many hours did I work since the last meeting?

3 hours

What was done since the last scrum meeting?

Started development on the interactive knowledge graph component. The main page layout is now complete, and I've implemented initial rendering of dynamic graph elements using sample data.

What is planned to be done until the next scrum meeting?

Enhance the graph with basic user interactions—such as expanding nodes on click and adding smooth zoom and pan capabilities.

What are the hurdles?

Ensuring the graph remains responsive and visually stable as more nodes and edges are introduced, particularly during interactive events.
