

Daily Scrum Meeting Minutes: Sprint #5, Day 3

Attendees: Alexander Coronel, Rubens Nicolas, Brian Rufin, Joshua Stone, William Garcia

Start time: 4:40 PM

End time: 5:40 PM

Rubens Nicolas:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Created branch where implementations was pushed
 - Continuation to get final product onto main
- What is planned to be done until the next scrum meeting?
 - Further Testing and workthrough with code pushing and merging
 - Continuation to get final product onto main
- What are the hurdles?
 - Familiarly with working in Kotlin using Jet Compose
 - Proper time management
 - UI implementation

Brian Rufin:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Restructured the AwarenessActivity class. It was divided into different classes/components for single responsibility. This creates a more robust codebase and improves performance
 - Started to implement the new navigation system on some of the views.
 - Began changing some of the calendar navigation systems.
- What is planned to be done until the next scrum meeting?
 - Merge the branches from Github to main
 - Debug any issues
 - Update the dependencies of the app in the playstore
 - Work on some edge cases of the StrategiesAction feature
- What are the hurdles?
 - The time it will take will depend on all the edge cases

Alexander Coronel:

- How many hours did I work since the last meeting?
 - 3 hours.
- What was done since the last scrum meeting?

- Reviewed previous sprint code for User Stories 4, 9, and 13.
- Identified areas for improvement in the activity history UI and rating logic.
- Cleaned up outdated entries from the Firebase test data.
- What is planned to be done until the next scrum meeting?
 - Refactor logic for identifying first-time strategies and improve query efficiency.
 - Begin linking User Story 9's effectiveness data to chart-ready output for visual presentation.
- What are the hurdles?
 - Organizing logs by both strategy and action type without duplicating UI components.

Joshua Stone:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Got setup with Kotlin language, learning it
 - Looked into my social strategy part Social
- What is planned to be done until the next scrum meeting?
 - Continue learning Kotlin
 - Write code for my part
- What are the hurdles?
 - Learning Kotlin

William Garcia:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Research how to conduct IOS integration.
 - I have been learning about Kotlin through youtube, especially xml.
 - Working with firebase application
 - helping rework classes with jet pack compose.
- What is planned to be done until the next scrum meeting?
 - Working with Kotlin and its tools.
- What are the hurdles?

figuring out the IOS version of it
