

Daily Scrum Meeting Minutes:

Attendees: Blake Schneringer, Semen Kolesnykov, Deris A Leon Carrillo, Archer Amon, Enrique Dominguez

Start time: 21:00

End time: 22:00

Semen Kolesnykov:

- How many hours did I work since the last meeting?
 - a. 3
- What was done since the last scrum meeting?
 - a. I moved forward with front-end development by connecting the interface to mock backend data, allowing us to simulate essential features like resume generation and preview. This helped us better understand the intended user flow. I also tested the UI across different devices and identified layout inconsistencies that will need to be addressed to ensure proper responsiveness.
 - b. I'll keep refining the UI to improve responsiveness across both desktop and mobile platforms. I also plan to add basic functionality for downloading resumes as PDFs. In addition, I'll begin writing documentation for the main components and API endpoints to help streamline team collaboration.
- What are the hurdles?
 - a. None

Deris A Leon Carrillo:

- How many hours did I work since the last meeting?
 - a. 3
- What was done since the last scrum meeting?
 - a. Modified the Master Prompt to include and adapt to the new features of the front-end. Worked on setting up S3 and creating a new policy to allow access and set up ACLs.
- What is planned to be done until the next scrum meeting?
 - a. Fine-tune the Master Prompt to include and adapt to the new features of the front-end. Finish setting up S3 and create a new policy to allow access and set up ACLs.
- What are the hurdles?
 - a. Had issues with API keys.

Blake Schneringer:

- How many hours did I work since the last meeting?
 - a. 3
- What was done since the last scrum meeting?
 - a. Worked on the react front end. Added a text the necessary fields that users need to add information to and text boxes for them to add their information and start on a way to parse this data to give it to the backend to be able to be given to the

openai api so that it can give it a master command and return the resume back to the user on the front end.

- What is planned to be done until the next scrum meeting?
 - a. Need to continue to polish up the front end to make it look more appealing to users in addition to parsing the data in a way to give the best results back from the openai api. Plus there are additional features that we would like to add like the linkedin connection.
- What are the hurdles?
 - a. So far everything is moving smoothly without hurdles. We were able to coordinate and meet successfully.
