

Daily Scrum Meeting Minutes:

Attendees: Blake Schneringer, Semen Kolesnykov, Deris A Leon Carrillo, Archer Amon, Enrique Dominguez

Start time: 21:30

End time: 22:30

Semen Kolesnykov:

- How many hours did I work since the last meeting?
 - a. 3
- What was done since the last scrum meeting?
 - a. I implemented part of the plan from our last meeting: I integrated the updated front-end UI with sample backend data to simulate basic interactions, such as generating and previewing a resume. This allowed us to start testing the actual user flow. I also did a round of testing on different screen sizes and identified several layout issues that need to be addressed to improve responsiveness.
 - b. Next, I'll continue refining the UI responsiveness for both mobile and desktop environments. I also plan to add placeholder logic for downloading the resume as a PDF. Additionally, I'll start documenting some of the current components and API endpoints we are using so the rest of the team can more easily follow and build upon the structure.
- What are the hurdles?
 - a. None

Deris A Leon Carrillo:

- How many hours did I work since the last meeting?
 - a. 3
- What was done since the last scrum meeting?
 - a. Troubleshooted issues with API keys and Lambda script.
- What is planned to be done until the next scrum meeting?
 - a. Keep Troubleshooting issues with API keys and Lambda script. Test back end connection to 3rd party APIs.
- What are the hurdles?
 - a. Had issues with API keys.

Blake Schneringer:

- How many hours did I work since the last meeting?
 - a. 3
- What was done since the last scrum meeting?
 - a. Worked on the react front end. Added a text the necessary fields that users need to add information to and text boxes for them to add their information and start on a way to parse this data to give it to the backend to be able to be given to the openai api so that it can give it a master command and return the resume back to the user on the front end.

- What is planned to be done until the next scrum meeting?
 - a. Need to continue to polish up the front end to make it look more appealing to users in addition to parsing the data in a way to give the best results back from the openai api. Plus there are additional features that we would like to add like the linkedin connection.
- What are the hurdles?
 - a. So far everything is moving smoothly without hurdles. We were able to coordinate and meet successfully.

Archer Amon:

- How many hours did I work since the last meeting?
 - a. 3
- What was done since the last scrum meeting?
 - a. Worked on the front end design to better intake user information and got the project set up on a new computer after having to switch from an old one
- What is planned to be done until the next scrum meeting?
 - a. Continue building out more in depth interactions for users to input education and experience history information
- What are the hurdles?
 - a. None currently

Enrique Dominguez:

- How many hours did I work since the last meeting?
 - a. 3
- What was done since the last scrum meeting?
 - a. User stories were completed and talked about.
- What is planned to be done until the next scrum meeting?
 - a. To work on the rough draft of the front end with the team.
- What are the hurdles?
 - a. None at the moment
