Attendees: Blake Schneringer, Semen Kolesnykov, Deris A Leon Carrillo, Archer Amon, Enrique Dominguez

Start time: 20:30

End time: 21:30

Semen Kolesnykov:

- How many hours did I work since the last meeting?
 - a. 3
- What was done since the last scrum meeting?
 - a. I made progress on the front-end by integrating it with mock backend data, which allowed us to simulate core features like resume generation and preview. This provided a clearer picture of how the overall flow works. I also ran some tests on different screen sizes and identified several areas where layout improvements are needed for better responsiveness.
 - b. My next steps include enhancing the interface's responsiveness across desktop and mobile devices. I'll also add initial functionality for exporting resumes as PDF files. In addition, I plan to start documenting the main components and API endpoints to improve team collaboration and understanding of the project structure.
- What are the hurdles?
 - a. None

Deris A Leon Carrillo:

- How many hours did I work since the last meeting?

 - a. Worked on improving security in the back-end and API keys management. Restrict access via API gateway and policies. Starting setting up the S3 bucket.
- What is planned to be done until the next scrum meeting?
 - a. Continue working on improving security in the back-end and managing API keys. Restrict access via API gateway and policies. Finish setting up the S3 bucket for static file hosting.
- What are the hurdles?
 - a. Had issues with API keys.

Blake Schneringer:

- How many hours did I work since the last meeting?
 - a. 3
- What was done since the last scrum meeting?
 - a. Worked on the react front end. Added a text the necessary fields that users need to add information to and text boxes for them to add their information and start on a way to parse this data to give it to the backend to be able to be given to the

openai api so that it can give it a master command and return the resume back to the user on the front end.

- What is planned to be done until the next scrum meeting?
 - a. Need to continue to polish up the front end to make it look more appealing to users in addition to parsing the data in a way to give the best results back from the openai api. Plus there are additional features that we would like to add like the linkedin connection.
- What are the hurdles?
 - a. So far everything is moving smoothly without hurdles. We were able to coordinate and meet successfully.
