

Daily Scrum Meeting Minutes:

Attendees: Blake Schneringer, Semen Kolesnykov, Deris A Leon Carrillo, Archer Amon, Enrique Dominguez

Start time: 20:30

End time: 21:30

Semen Kolesnykov:

- How many hours did I work since the last meeting?
 - a. 3
- What was done since the last scrum meeting?
 - a. I progressed the front-end development by integrating it with sample backend data, enabling the simulation of core features like resume generation and preview. This provided a clearer picture of the user flow within the system. Additionally, I tested the interface on various screen sizes and identified several layout inconsistencies that need refinement to ensure full responsiveness.
 - b. I'll continue optimizing the UI for both desktop and mobile to improve responsiveness. I also plan to implement the initial functionality for exporting resumes as PDFs. Furthermore, I will start drafting documentation for the key components and API routes to support smoother collaboration across the team.
- What are the hurdles?
 - a. None

Deris A Leon Carrillo:

- How many hours did I work since the last meeting?

- What was done since the last scrum meeting?
 - a. Modified the Master Prompt to include and adapt to the new features of the front-end. Worked on setting up S3 and creating a new policy to allow access and set up ACLs.
- What is planned to be done until the next scrum meeting?
 - a. Fine-tune the Master Prompt to include and adapt to the new features of the front-end. Finish setting up S3 and create a new policy to allow access and set up ACLs.
- What are the hurdles?
 - a. Had issues with API keys.

Blake Schneringer:

- How many hours did I work since the last meeting?
 - a. 3
- What was done since the last scrum meeting?
 - a. Worked on the react front end. Added a text the necessary fields that users need to add information to and text boxes for them to add their information and start on

a way to parse this data to give it to the backend to be able to be given to the openai api so that it can give it a master command and return the resume back to the user on the front end.

- What is planned to be done until the next scrum meeting?
 - a. Need to continue to polish up the front end to make it look more appealing to users in addition to parsing the data in a way to give the best results back from the openai api. Plus there are additional features that we would like to add like the linkedin connection.
- What are the hurdles?
 - a. So far everything is moving smoothly without hurdles. We were able to coordinate and meet successfully.
