

Daily Scrum Meeting Minutes:

Attendees: Celine Perez, Julio Jeronimo, Avid Andre Trejo,

Start time: <5:50 PM>

End time: <6:10 PM>

<Celine Perez>:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Evaluating how to delay the bot's messages so it feels more realistic.
- What is planned to be done until the next scrum meeting?
 - Breaking down what needs to happen when the user hits send.
- What are the hurdles?
 - None at this moment.

<Julio Jeronimo>:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Created a GitHub repository to streamline team collaboration and ensure cloud-based backup of the project in case of local file loss.
- What is planned to be done until the next scrum meeting?
 - Initialize the frontend framework using React and push the first files to the Repository.
- What are the hurdles?
 - None at this moment.

<Avid Andrade Trejo>:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Completed research on AI models suitable for our needs and reviewed cloud services like Firebase as discussed with the team. A Github account was set up for the new repository.
- What is planned to be done until the next scrum meeting?
 - Clone initial repo for the project and begin implementation of AI model and test endpoints for responses.
- What are the hurdles?
 - None at this moment.

<Giovanni Derisca>:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Did some research on existing AI study assistants and also looked back on one of my old projects which was an AI chatbox for some instruction
- What is planned to be done until the next scrum meeting?

- Brainstorm core features to be put into the bot, some use case designs and usability features
- What are the hurdles?
 - None at the moment, at the most just defining a clear scope of where we're taking this project
