

Daily Scrum Meeting Minutes:

Attendees: Celine Perez, Julio Jeronimo, Avid Andre Trejo,

Start time: <5:50 PM>

End time: <6:10 PM>

<Celine Perez>:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Found how to handle empty messages by the user.
- What is planned to be done until the next scrum meeting?
 - Look into keyboard events and how we want to handle multi-line input and send-on-enter.
- What are the hurdles?
 - None at this moment.

<Julio Jeronimo>:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Found some really useful libraries we could use for our project to facilitate our work with development helping us achieve a better usability and UI design.
- What is planned to be done until the next scrum meeting?
 - Keep working with development and maintain everything modular for better expandability.
- What are the hurdles?
 - None at this moment.

<Avid Andrade Trejo>:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Created a draft diagram of how the flow of the backend could look like and continue to test the api to prompt the AI model. Looking into running model locally.
- What is planned to be done until the next scrum meeting?
 - Begin to design a express js program to integrate the AI model to the repository.
- What are the hurdles?
 - None at this moment.

<Giovanni Derisca>:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?

- Since the last meeting I did research on certain AI study chathots I'm now trying to narrow it down to 2 to draw inspiration from and what aligns with our current project/goal.
- What is planned to be done until the next scrum meeting?
- Now done I've narrowed it down to 2 LLMs I can start getting some hands on experience with them so that we could figure how to use it for our project.
- What are the hurdles?
 - None at the moment.
