<Avid Andrade Trejo>:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on new drafts of the "summary" endpoint that generates a summary and additional questions of what was discussed in the current chat, push changes to the repo.
- What is planned to be done until the next scrum meeting?
 - Researching different implementations of generating a response based on the context of the chat, seeing if there's a better model for the "educational" context we are trying to achieve.
- What are the hurdles?
 - None at this moment.

<Giovanni Derisca>:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Shaped the direction for using AI to support learning instead of just answering questions, like how to guide users based on subject and context.
 - What is planned to be done until the next scrum meeting?

Going to review how Postman was used with the endpoint and see if I can build on that. Want to help define how we store and manage preset prompts for each topic. Will also be aligning with how the front end is developing so the response flow matches the planned UI.

- What are the hurdles?
- None at the moment.
