What went wrong?

- Did we do a good job estimating our team's velocity?
Yes, we were able to get everything done as expected!
- Did we do a good job estimating the points (time required) for each user story?
Yes, everyone was busy working on their user stories this sprint, due to the setup of the program.
- Did each team member work as scheduled?
Yes!

What went right?

- We were all able to accomplish the desired results this sprint!

How to address the issues in the next sprint?

- How to improve the process?
We hope to accomplish even more user stories in the next sprint. Hopefully, we can have a functional, user friendly program in a few sprints!
- How to improve the product?
 - Adding more user-friendly features, as well as a working database.
