1. Introduction

Welcome to Activity Finder! This application helps you discover activities based on your personal preferences and location. Whether you're looking for outdoor adventures, social gatherings, or learning opportunities, Activity Finder can help you find the perfect activity.

2. Getting Started

System Requirements

- iOS 15.0 or later
- Internet connection
- Location services enabled (optional but recommended)

3. Login and Registration

#Creating a New Account

1. Launch Activity Finder
2. On the welcome screen, tap "Don't have an account? Sign up"
3. Enter your email address in the designated field
4. Create a secure password (minimum 6 characters)
5. Tap "Create Account"
6. You'll receive a confirmation message when your account is successfully created

Signing In

1. Launch Activity Finder
2. Enter your registered email address
3. Enter your password
4. Tap "Sign In"
5. Upon successful authentication, you'll be directed to the Home screen

4. Home Screen Navigation

After signing in, you'll be presented with the main interface featuring a custom tab bar at the bottom with four options:

Location Tab

Displays your current location and allows you to share or update your location preferences.

Home Tab

The main screen showing activity recommendations based on your preferences. If you haven't set preferences yet, you'll see a button prompting you to "Select Your Preferences."

Settings Tab

Manage your account settings and sign out.

Preferences Tab

Set and update your activity preferences by category.

5. Setting Preferences

To personalize your activity recommendations:

1. Tap the "Preferences" tab in the bottom navigation bar
2. You'll see categories of activities (Outdoors, Sports, Entertainment, etc.)
3. Swipe left or right to browse different categories
4. Tap on activities that interest you (selected activities will turn blue)
5. You can select up to 7 activities total
6. After making your selections, tap "Save Preferences"
7. A confirmation message will appear when your preferences are saved successfully

Updating Preferences

You can update your preferences at any time by:

1. Navigating to the Preferences tab
2. Selecting or deselecting activities
3. Tapping "Save Preferences" to update your choices

6. Location Services

Location features help provide activities near you:

1. Tap the "Location" tab in the bottom navigation bar
2. If prompted, allow the app to access your location
3. Your current coordinates will be displayed

Tap "Request Location Permission" if you need to enable location services

Benefits of Enabling Location

- More relevant activity suggestions based on proximity
- Discover local events and opportunities
- Find activities within your preferred travel radius

7. Settings and Account Management

Access settings by tapping the "Settings" tab:

Account Information

View your registered email address and masked password.

Navigation

- Tap "Back to Home" to return to the Home screen
- Tap "Sign Out" to log out of your account
