

Sprint 1 Planning Meeting Minutes:

Attendees: Alejandro Morales, Gabriel Rodriguez, Haadiya Khan, Elena Sotolongo, Argelio Rodriguez

Start time: 8:30 PM

End time: 9:00 PM

After discussion, the velocity of the team was estimated to be 9 user stories.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **User Story 1:** As a developer, I want to set up the development, testing, and production environments, so that the team can begin coding, testing, and deploying efficiently.
- **User Story 2:** As a developer, I want to finalize and document the technology stack, including frontend, backend, database, and APIs.
- **User Story 3:** As a developer, I want to thoroughly research required APIs for functionality, limitations, and cost implications.
- **User Story 4:** As a developer I want to create a basic user interface for the application, focusing on user-friendly design and navigation. This should include the main layout, homepage, and navigation links to important sections.
- **User Story 5:** As a developer, I want to start integrating a simple weather feature, so that users can view the current weather forecast for their destination.
- **User Story 6:** As a developer, I want to start integrating an accommodations feature, so that users can search for hotels and rentals.
- **User Story 7:** As a developer, I want to start integrating a flight search feature, so that users can search for and view available flights.
- **User Story 8:** As a developer, I want to start integrating the nearby attractions feature, so that users can discover nearby attractions around their destination.
- **User Story 9:** As a developer, I want to start integrating the nearby events feature, so that users can find and book tickets for local events during their travels.
- **User Story 10:** As a developer, I want to build a basic sign-up page for users to make their accounts.
- **User Story 11:** As a developer, I want to build a sign-in page for users to log in to their accounts.
- **User Story 12:** As a developer, I want to build a verification page for users to verify their accounts.
- **User Story 13:** As a developer, I want to build a database for all members to use during development.

The team members indicated their willingness to work on the following user stories.

- Haadiya Khan
 - User Story 1, 3, 9
- Alejandro Morales
 - User Story 1, 6, 12
- Gabriel Rodriguez
 - User Story 2, 3, 8
- Elena Sotolongo
 - User Story 4, 5, 10, 11
- Argelio Rodriguez
 - User Story 4, 7, 13,

Sprint 2 Planning Meeting Minutes:

Attendees: Alejandro Morales, Gabriel Rodriguez, Haadiya Khan, Elena Sotolongo, Argelio Rodriguez

Date: 1/27/24

Start time: 8:30 PM

End time: 9:00 PM

After discussion, the velocity of the team was estimated to be 36 points.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **User Story 5:** As a developer, I want to integrate a simple weather feature, so that users can view the current weather forecast for their destination. - **3 points**
- **User Story 6:** As a developer, I want to integrate an accommodations feature, so that users can search for hotels and rentals. - **8 points**
- **User Story 7:** As a developer, I want to integrate a flight search feature, so that users can search for and view available flights. - **8 points**
- **User Story 8:** As a developer, I want to integrate the nearby attractions feature, so that users can discover nearby attractions around their destination. - **5 points**
- **User Story 9:** As a developer, I want to integrate the nearby events feature, so that users can find and book tickets for local events during their travels. - **5 points**
- **User Story 10:** As a developer, I want to build a basic sign-up page for users to make their accounts. - **2 points**
- **User Story 11:** As a developer, I want to build a sign-in page for users to log in to their accounts. - **2 points**
- **User Story 12:** As a developer, I want to build a verification page for users to verify their accounts. - **3 points**

The team members indicated their willingness to work on the following user stories.

- Haadiya Khan
 - User Story 9
- Alejandro Morales
 - User Story 6, 12
- Gabriel Rodriguez
 - User Story 8
- Elena Sotolongo
 - User Story 5, 10, 11
- Argelio Rodriguez
 - User Story 7

Sprint 3 Planning Meeting Minutes:

Attendees: Alejandro Morales, Gabriel Rodriguez, Haadiya Khan, Elena Sotolongo, Argelio Rodriguez

Date: 2/10/24

Start time: 8:30 PM

End time: 9:00 PM

After discussion, the velocity of the team was estimated to be 36 points.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **User Story 5A:** As a developer, I want to develop the API integration for fetching current weather data, so that the frontend can display the latest weather forecast for user-selected destinations. - **3 points**
- **User Story 5B:** As a developer, I want to create an intuitive user interface for displaying weather information, so that users can easily view and understand the weather forecast for their destination. - **3 points**
- **User Story 6A:** As a developer, I want to develop the API integration for accommodations data, so that the frontend can display relevant hotel and rental options to users - **8 points**
- **User Story 6B:** As a developer, I want to create an intuitive user interface for the accommodations search feature, so that users can easily search, filter, and book hotels or rentals. - **5 points**
- **User Story 7A:** As a developer, I want to integrate a flight search feature, so that users can search for and view available flights. - **8 points**
- **User Story 7B:** As a developer, I want to create an intuitive user interface for the flight search feature, so that users can easily search for and compare flights. - **5 points**
- **User Story 8A:** As a developer, I want to create a user interface for the nearby attractions feature, so that users can discover nearby attractions around their destination. - **5 points**
- **User Story 8B:** As a developer, I want to create an intuitive user interface for the nearby attractions feature, so that users can discover and plan visits to local attractions easily. - **5 points**
- **User Story 9A:** As a developer, I want to develop the API integration for fetching nearby events, so that the front-end can display up-to-date local events and booking options to users. **5 points**
- **User Story 9B:** As a developer, I want to create an intuitive user interface for the nearby events feature, so that users can easily find and interact with local events during their travels. **5 points**

- **User Story 10:** As a developer, I want to build a basic sign-up page for users to make their accounts. - **2 points**
- **User Story 11:** As a developer, I want to build a sign-in page for users to log in to their accounts. - **2 points**
- **User Story 12:** As a developer, I want to build a verification page for users to verify their accounts. - **3 points**

The team members indicated their willingness to work on the following user stories.

- Haadiya Khan
 - User Story 9B
- Alejandro Morales
 - User Story 6, 12
- Gabriel Rodriguez
 - User Story 8
- Elena Sotolongo
 - User Story 5, 10, 11
- Argelio Rodriguez
 - User Story 7A

Sprint 4 Planning Meeting Minutes:

Attendees: Alejandro Morales, Gabriel Rodriguez, Haadiya Khan, Elena Sotolongo, Argelio Rodriguez

Date: 3/3/24

Start time: 8:30 PM

End time: 9:00 PM

After discussion, the velocity of the team was estimated to be 36 points.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **User Story 5A:** As a developer, I want to develop the API integration for fetching current weather data, so that the frontend can display the latest weather forecast for user-selected destinations. - **3 points**
- **User Story 5B:** As a developer, I want to create an intuitive user interface for displaying weather information, so that users can easily view and understand the weather forecast for their destination. - **3 points**
- **User Story 7A:** As a developer, I want to integrate a flight search feature, so that users can search for and view available flights. - **8 points**
- **User Story 7B:** As a developer, I want to create an intuitive user interface for the flight search feature, so that users can easily search for and compare flights. - **5 points**
- **User Story 8A:** As a developer, I want to create a user interface for the nearby attractions feature, so that users can discover nearby attractions around their destination. - **5 points**
- **User Story 8B:** As a developer, I want to create an intuitive user interface for the nearby attractions feature, so that users can discover and plan visits to local attractions easily. - **5 points**
- **User Story 10:** As a developer, I want to build a basic sign-up page for users to make their accounts. - **2 points**
- **User Story 11:** As a developer, I want to build a sign-in page for users to log in to their accounts. - **2 points**
- **User Story 12:** As a developer, I want to build a verification page for users to verify their accounts. - **3 points**

The team members indicated their willingness to work on the following user stories.

- Haadiya Khan
 - User Story 5A
- Alejandro Morales
 - User Story 12
- Gabriel Rodriguez

- User Story 8A, 8B
- Elena Sotolongo
 - User Story 10, 11
- Argelio Rodriguez
 - User Story 7A, 7B

Sprint 5 Planning Meeting Minutes:

Attendees: Alejandro Morales, Gabriel Rodriguez, Haadiya Khan, Elena Sotolongo, Argelio Rodriguez

Date: 17/3/24

Start time: 7:30 PM

End time: 8:00 PM

After discussion, the velocity of the team was estimated to be 41 points.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **User Story 7A:** As a developer, I want to integrate a flight search feature, so that users can search for and view available flights. - **8 points**
- **User Story 7B:** As a developer, I want to create an intuitive user interface for the flight search feature, so that users can easily search for and compare flights. - **5 points**
- **User Story 8A:** As a developer, I want to create a user interface for the nearby attractions feature, so that users can discover nearby attractions around their destination. - **5 points**
- **User Story 8B:** As a developer, I want to create an intuitive user interface for the nearby attractions feature, so that users can discover and plan visits to local attractions easily. - **5 points**
- **User Story 10:** As a developer, I want to build a basic sign-up page for users to make their accounts. - **2 points**
- **User Story 11:** As a developer, I want to build a sign-in page for users to log in to their accounts. - **2 points**
- **User Story 12:** As a developer, I want to build a verification page for users to verify their accounts. - **3 points**
- **User Story 13:** As a user, I want to filter events by date, category (e.g., music, sports, art), and location, and view detailed information about each event (e.g., description, time, location, ticket availability), so that I can find and evaluate events that match my interests and schedule.- **8 points**
- **User Story 14:** As a user, I want to see recommendations for popular or trending events at my destination, so that I can discover events I might not have known about.- **3 points**

The team members indicated their willingness to work on the following user stories.

- Haadiya Khan
 - User Story 13, 14
- Alejandro Morales
 - User Story 12
- Gabriel Rodriguez

- User Story 8A, 8B
- Elena Sotolongo
 - User Story 10, 11
- Argelio Rodriguez
 - User Story 7A, 7B

Sprint 6 Planning Meeting Minutes:

Attendees: Alejandro Morales, Gabriel Rodriguez, Haadiya Khan, Elena Sotolongo, Argelio Rodriguez

Date: 31/3/24

Start time: 7:30 PM

End time: 8:00 PM

After discussion, the velocity of the team was estimated to be 41 points.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **User Story 10:** As a developer, I want to build a basic sign-up page for users to make their accounts. - **2 points**
- **User Story 11:** As a developer, I want to build a sign-in page for users to log in to their accounts. - **2 points**
- **User Story 12:** As a developer, I want to build a verification page for users to verify their accounts. - **3 points**
- **User Story 13:** As a user, I want to filter events by date, category (e.g., music, sports, art), and location, and view detailed information about each event (e.g., description, time, location, ticket availability), so that I can find and evaluate events that match my interests and schedule.- **8 points**
- **User Story 14:** As a user, I want to see recommendations for popular or trending events at my destination, so that I can discover events I might not have known about.- **3 points**

The team members indicated their willingness to work on the following user stories.

- Haadiya Khan
 - User Story 13, 14
- Alejandro Morales
 - User Story 12
- Gabriel Rodriguez
 - User Story 8A, 8B
- Elena Sotolongo
 - User Story 10, 11
- Argelio Rodriguez
 - User Story 7A, 7B

Sprint 7 Planning Meeting Minutes:

Attendees: Alejandro Morales, Gabriel Rodriguez, Haadiya Khan, Elena Sotolongo, Argelio Rodriguez

Date: 04/14/24

Start time: 7:30 PM

End time: 8:00 PM

After discussion, the velocity of the team was estimated to be 41 points.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **User Story 15:** As a team member, I want to design and finalize the showcase poster so that we can effectively communicate our project's purpose and value. - **5 points**
- **User Story 16:** As a team member, I want to record and edit the project demo video to show how the application works. - **5 points**
- **User Story 17:** As a team, we want to prepare a final deliverable package (code, documentation, video links, and report) so we can submit everything professionally. - **5 points**

The team members indicated their willingness to work on the following user stories.

- Haadiya Khan
 - User Story 16, 17
- Alejandro Morales
 - User Story 16, 17
- Gabriel Rodriguez
 - User Story 16
- Elena Sotolongo
 - User Story 16
- Argelio Rodriguez
 - User Story 15
