

Date: 09/03/2024

Attendees: Ronald Blanco, Jerrick Wong, Lily Padgett-Pflucker, Natalie Garcia- Kearly, Jesús Díaz

Start time: 8:30 pm

End time: 9:00pm

Ronald Blanco:

- What have you done since the last scrum meeting?
 - We had our Sprint Planning meeting.
 - We decided who the team leader would be.
 - We met with the product owner.
- What is planned to be done until the next scrum meeting?
 - Work on user Story #1 with my team to determine the requirements and organize roles and research required.
 - Schedule the next Daily meeting.
- What are the hurdles?
 - Scheduling issues.
 - User stories need to be completed in order.

Lily Padgett-Pflucker:

What have you done since the last scrum meeting?

- Completed our planning meeting, decided team lead and other roles in the group, met with the product owner

What is planned to be done until the next scrum meeting?

- Work on the first user story
- Schedule our next meetings couple for the week

What are the hurdles?

- Scheduling issues, user stories need to be completed in a certain order, understanding the vision and direction for the project in the future.

Jesus Diaz:

What have you done since the last scrum meeting?

- After the Sprint Planning Meeting, we all decided on a team lead and have chosen roles for everyone on the team.

What is planned to be done until the next scrum meeting?

- Planned on working on User Story 1 and looking into what's needed for the MoneyMap Project and its accompanying research.

What are the hurdles?

- There were some scheduling issues.

Natalie Garcia-Kearly:

What have you done since the last scrum meeting?

- We did our sprint planning meeting.

What is planned to be done until the next scrum meeting?

- I will be conducting research into how to best approach the project and look into other programs and applications that perform similar tasks.

What are the hurdles?

- We worked through our scheduling issues.

Jerrick Wong:

What have you done since the last scrum meeting?

- I began to research similar products for potential features

What is planned to be done until the next scrum meeting?

- Continue research and start on the git repo

What are the hurdles?

None
