

Sprint Planning Meeting Minutes:

Attendees: Jose Manuel Hermida-Larios, Valerie Hernandez, Diego Jones, Matthew Larrosa, Alex Narvaez-Echeverria

Start time: 11:00 PM

End time: 11:30 PM

After discussion, the velocity of the team was estimated to be on track with good pacing.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **Login Page UI**
- **SQL Database Integration**
- **Security**
- **Forgot Password**

The team members indicated their willingness to work on the following user stories.

- Matthew Larrosa, Narvaez-Echeverria

Login Page UI:

- A login page is provided with fields for email and password.
- The page includes a "Login" button and a "Forgot Password" link.

- Jose Manuel Hermida-Larios, Valerie Hernandez

SQL Database Integration:

- User credentials (email and password) are validated against a SQL database.
- Upon successful validation, the user is redirected to their dashboard.
- If the credentials are incorrect, an error message ("Invalid email or password") is displayed.

- Valerie Hernandez, Diego Jones

Security:

- Passwords are securely hashed and stored in the SQL database.
- Input validation prevents SQL injection or other vulnerabilities.

- Matthew Larrosa, Alex Narvaez-Echeverria

Forgot Password:

- A "Forgot Password" link redirects users to a password reset page.
