What went wrong?

- Did we do a good job estimating our team's velocity?
 - Yes, the pacing was good. We were able to get all our work done this sprint.
- Did we do a good job estimating the points (time required) for each user story?
 - Yes, we simplified some of the stories we worked on the sprint and ended up with more time than expected
- Did each team member work as scheduled?
 - Yes, every team member finished their work on time.

What went right?

- Finishing the home page and adding the database with a working login and sign up screen

How to address the issues in the next sprint?

- How to improve the process?
 - Give fewer stories out to each person and perhaps work in pairs.
- How to improve the product?
 - Research good design practices in similar apps or websites.
