The following user stories were created/discussed/refined/prioritized.

- **Login Page: As a user, I want to log in securely with my email and password, reset my password if forgotten, and see error messages for invalid attempts so that I can access my account without unauthorized access and resolve issues quickly.**
- **Pet Profile Section: As a user, I want to create, edit, and delete pet profiles with details like name, age, breed, and photo so that I can manage all my pet's information in one place.**
- **Pet Medical Section: As a user, I want to add my pet's medical history, upload documents, and receive reminders for appointments or vaccinations so that I can keep track of their health.**
- **Google Maps API Vet Finder: As a user, I want to find nearby vets on a map, view their details, and get directions so that I can locate and navigate to the best option for my pet's care.**
