What went wrong?

- Did we do a good job estimating our team's velocity?
 - We did a good job on the planning. Everyone got their work done in a timely manner.
- Did we do a good job estimating the points (time required) for each user story?
 - All user stories were about medium size problems and we finished them on time.
- Did each team member work as scheduled?
 - Yes, everyone worked on their own schedule and finished in the bounds on the sprint.

What went right?

- Planning and progress towards the group poster and api creation.

How to address the issues in the next sprint?

- How to improve the process?
 - I think the process we have so far is very good as everyone has been finishing their work on time.
- How to improve the product?
 - Make more detailed user stories.
