

Floridex

Students: Erick Sanchez

Instructor/Faculty: Seyedmasoud Sadjadi, Florida International University

PROBLEM

People in Florida may not have experience with the natural environment around them. People who are proficient with the natural environment may not have a sense of belonging with anyone.

TOOLS

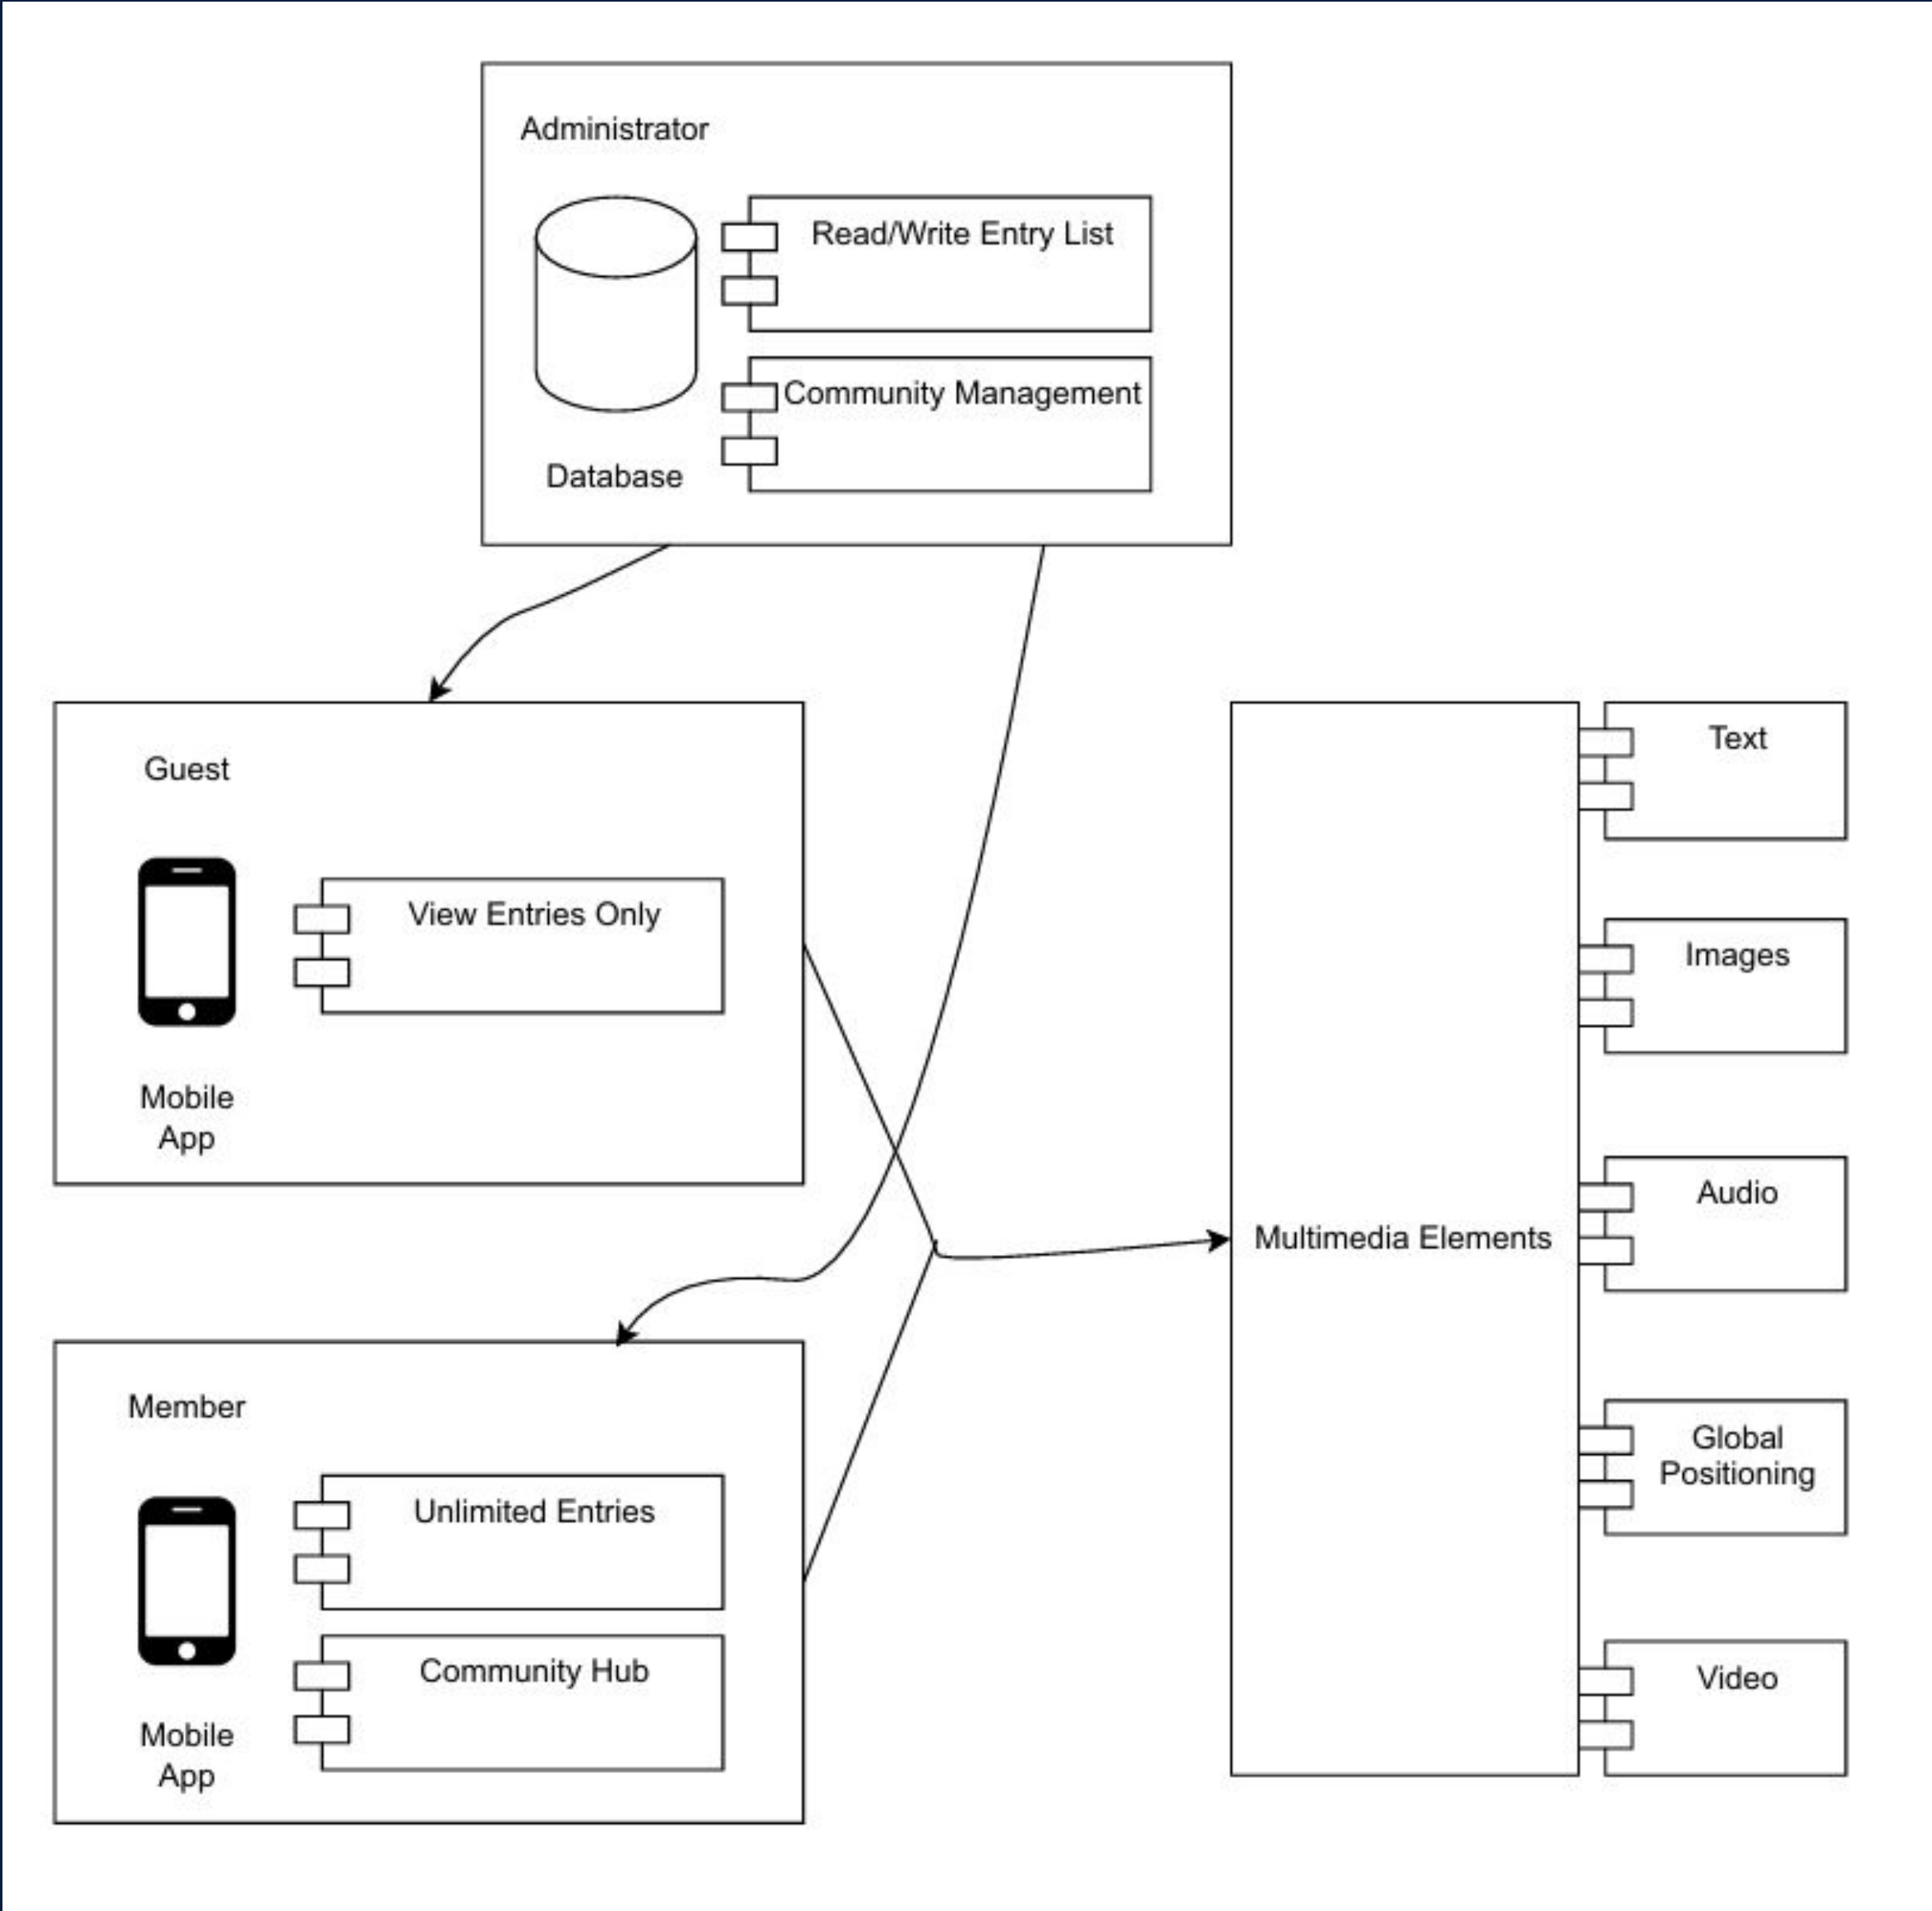

(1)

(2)

SYSTEM DESIGN

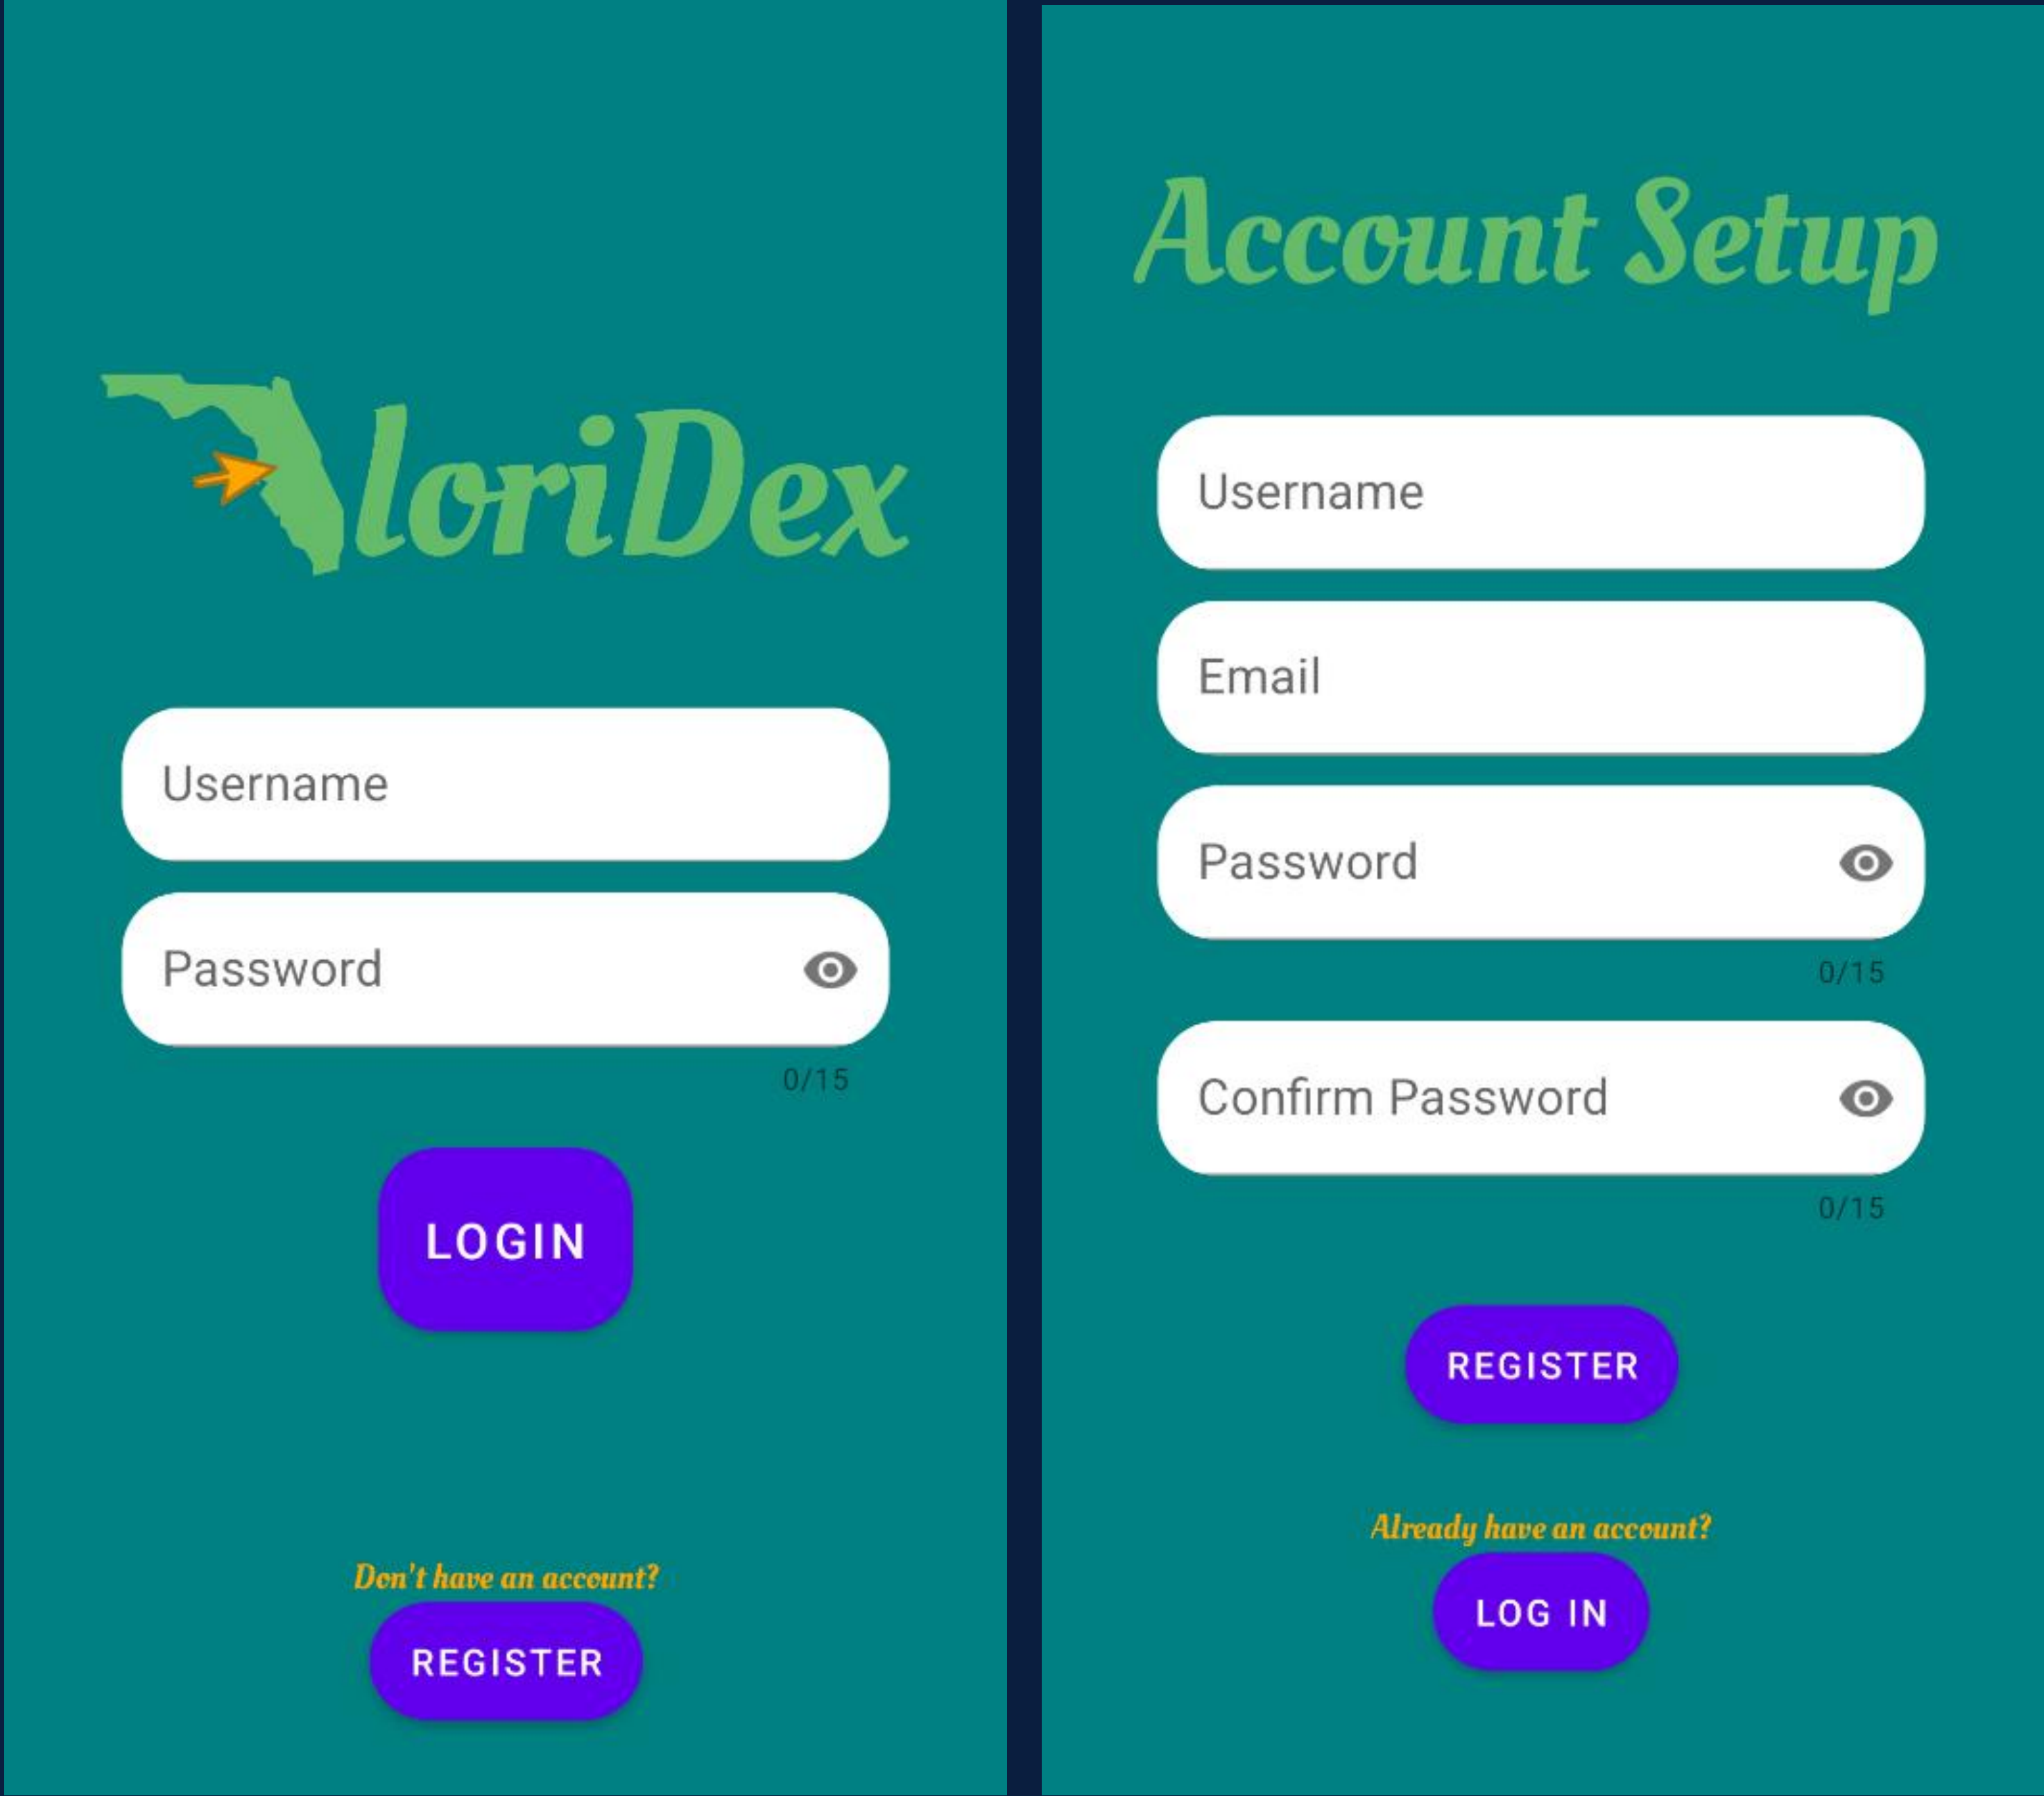

(3)

REQUIREMENTS

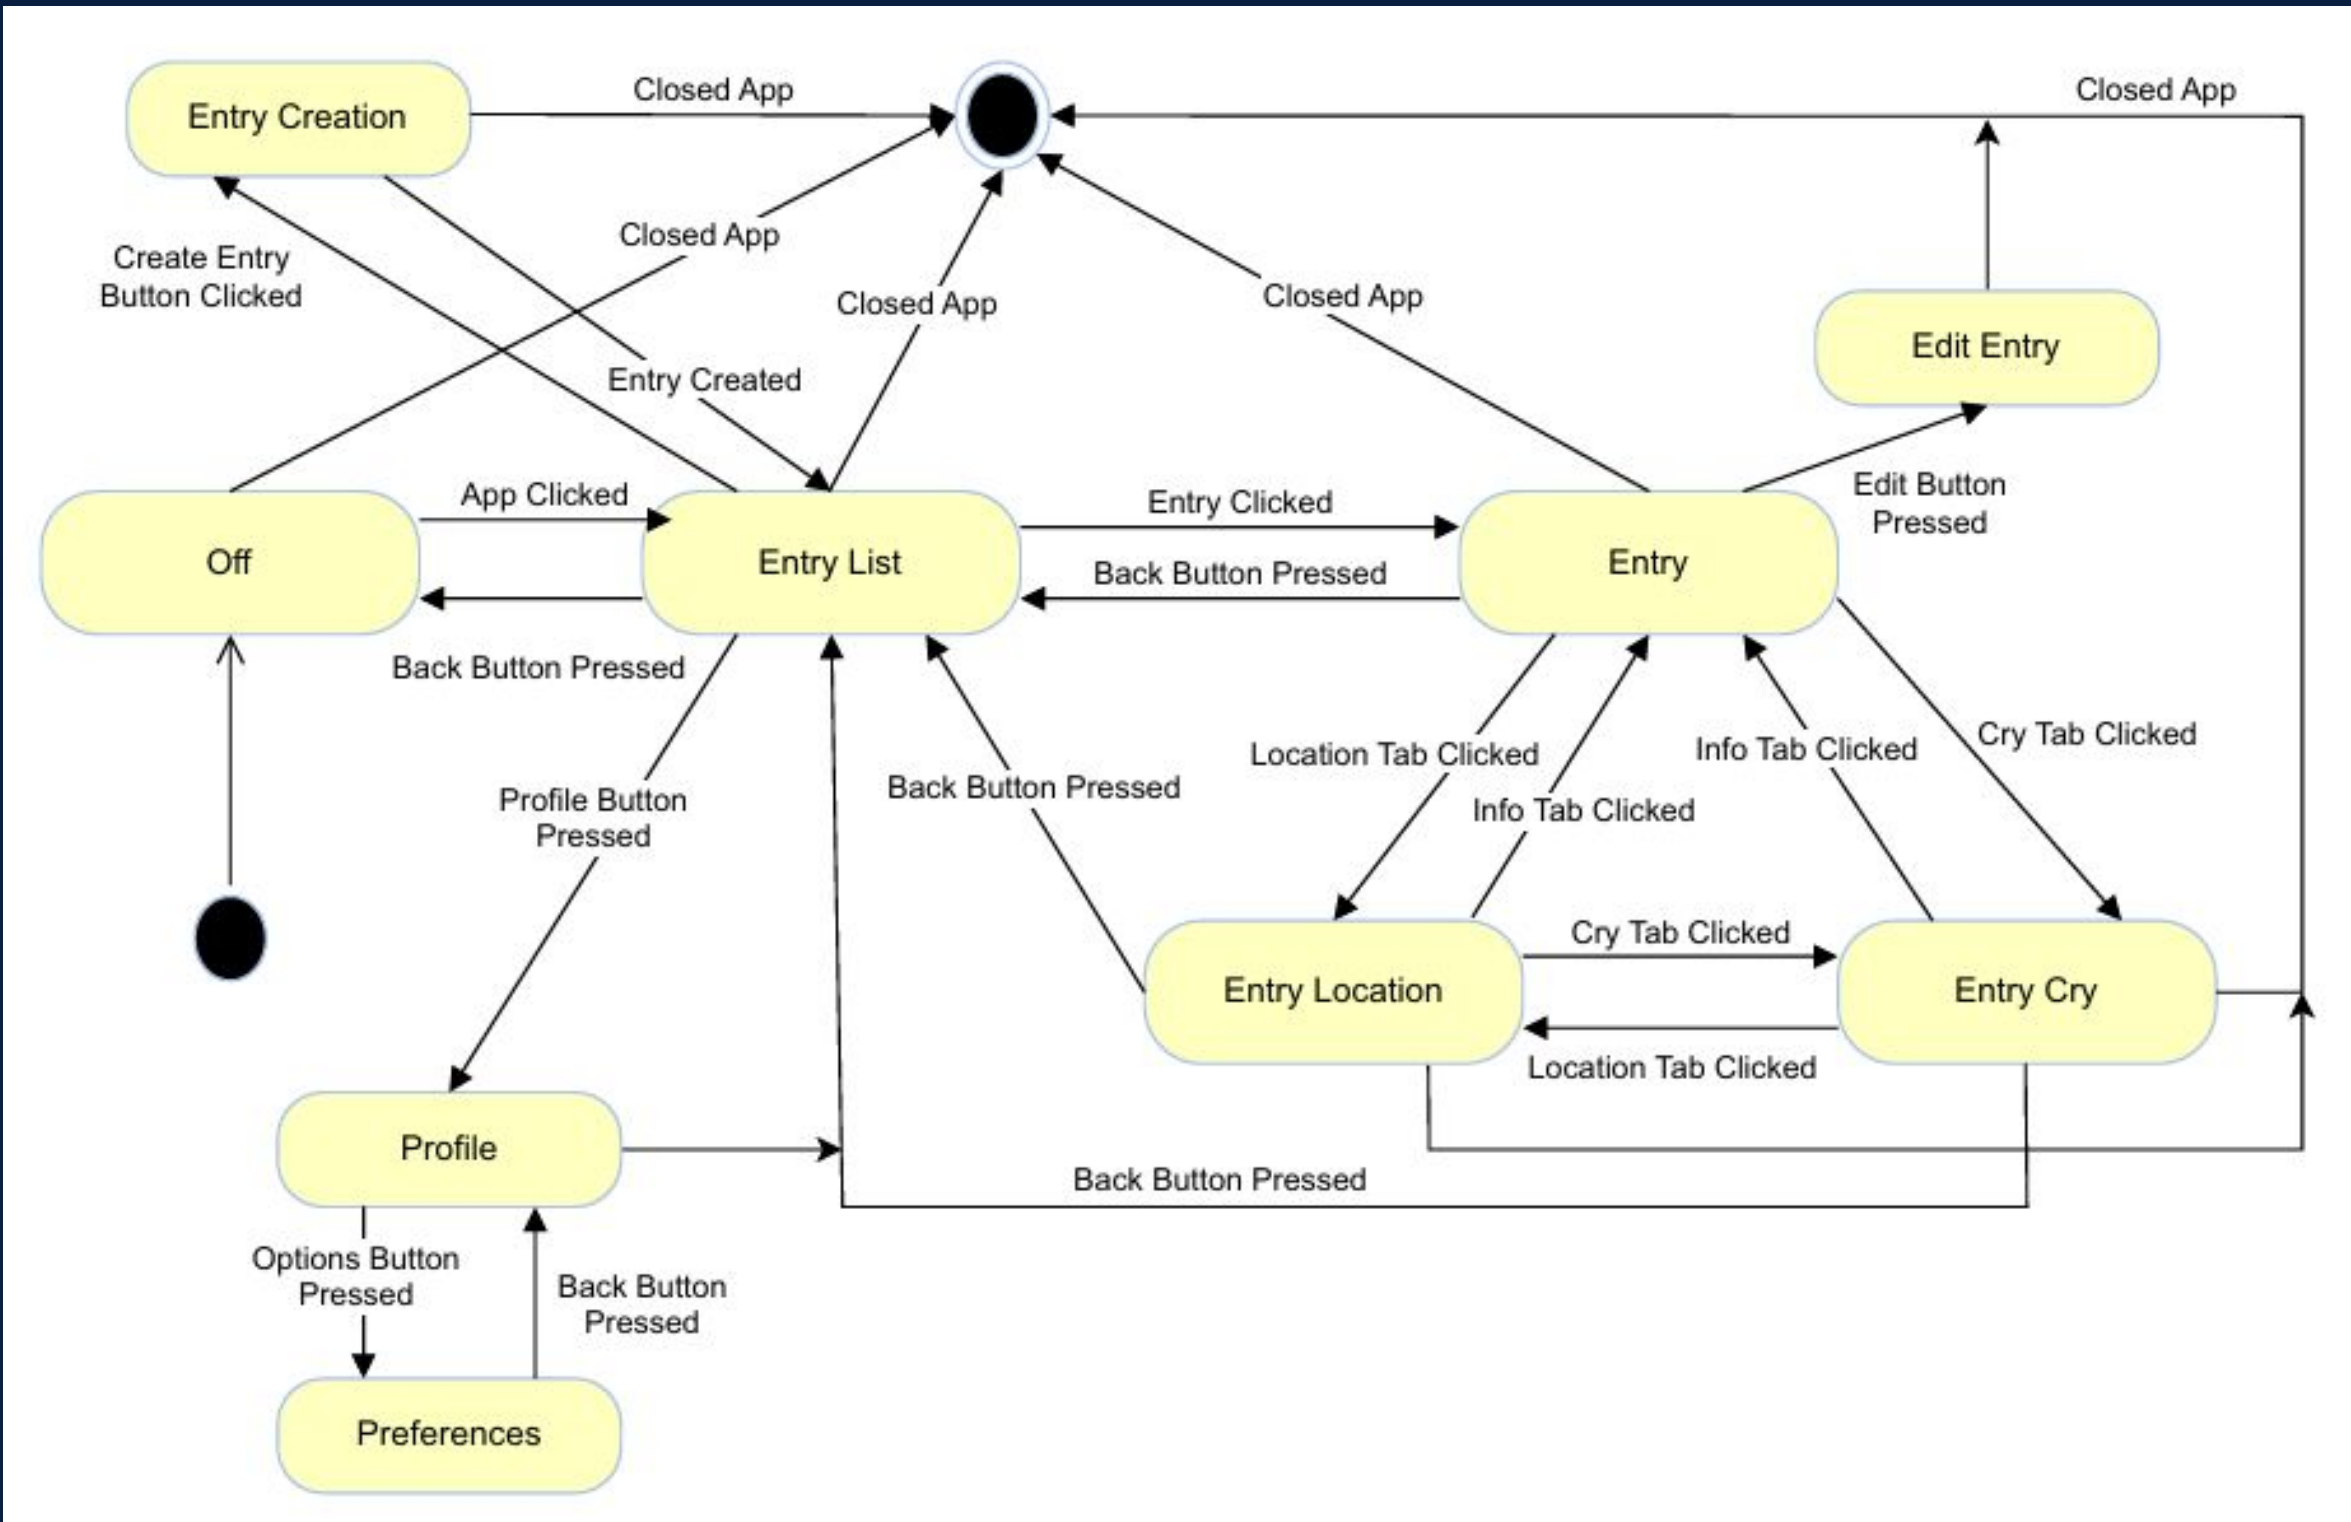

- Users must be able to create an account with ease
- Users must be able to clearly understand what information they need to provide

IMPLEMENTATION

(5)

OBJECT DESIGN

(4)

SUMMARY

The login and register pages should give a welcoming introduction to new users and be a seamless process to navigate. There should never be any confusion or outside knowledge needed to use either of these menus.

ACKNOWLEDGEMENT

The project is based on the creature info mobile app iNaturalist. We thank iNaturalist for its guidance and overall inspiration that we received throughout the senior design project.
