

Students: Lucas Rodriguez
Instructor/Faculty: Seyedmasoud Sadjadi, Florida International University

PROBLEM

People in Florida may not have experience with the natural environment around them. People who are proficient with the natural environment may not have a sense of belonging with anyone.

Tools

(1) AWS and the AWS logog are trademarks of Amazon.com, Inc, or its affiliates

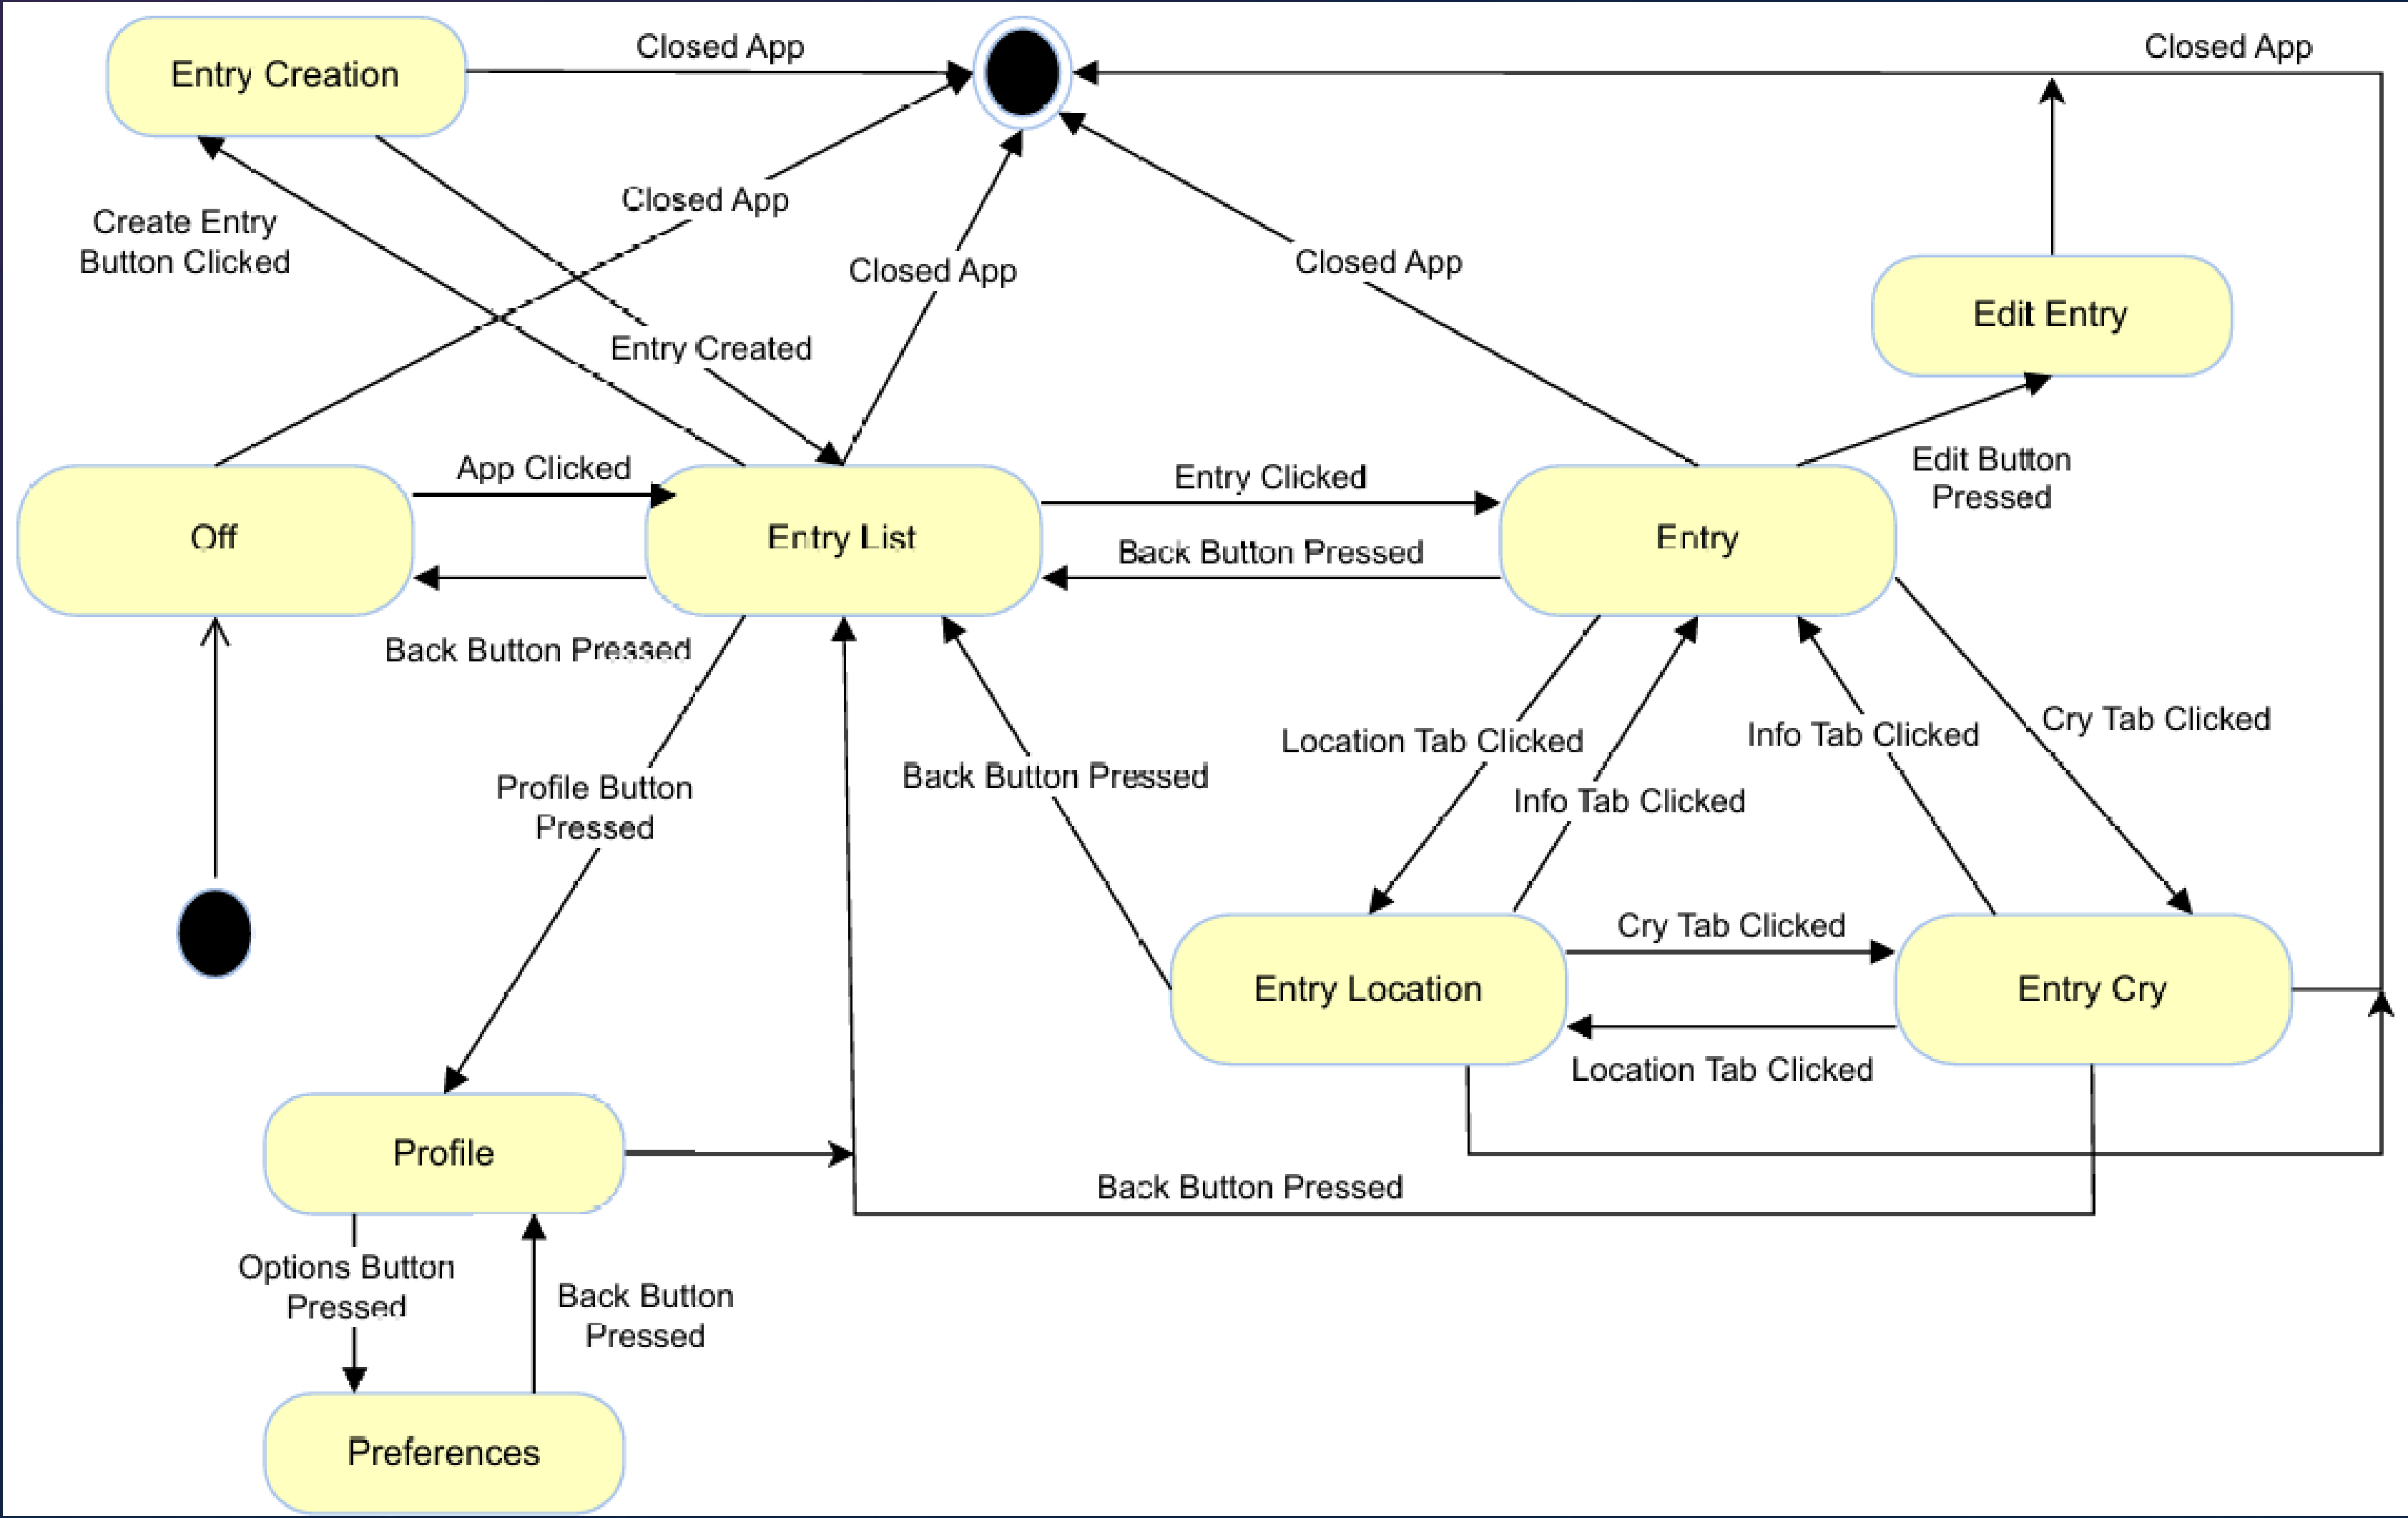

(2) Android Studio and the Android Studio logo are trademarks of Google LLC.

REQUIREMENTS

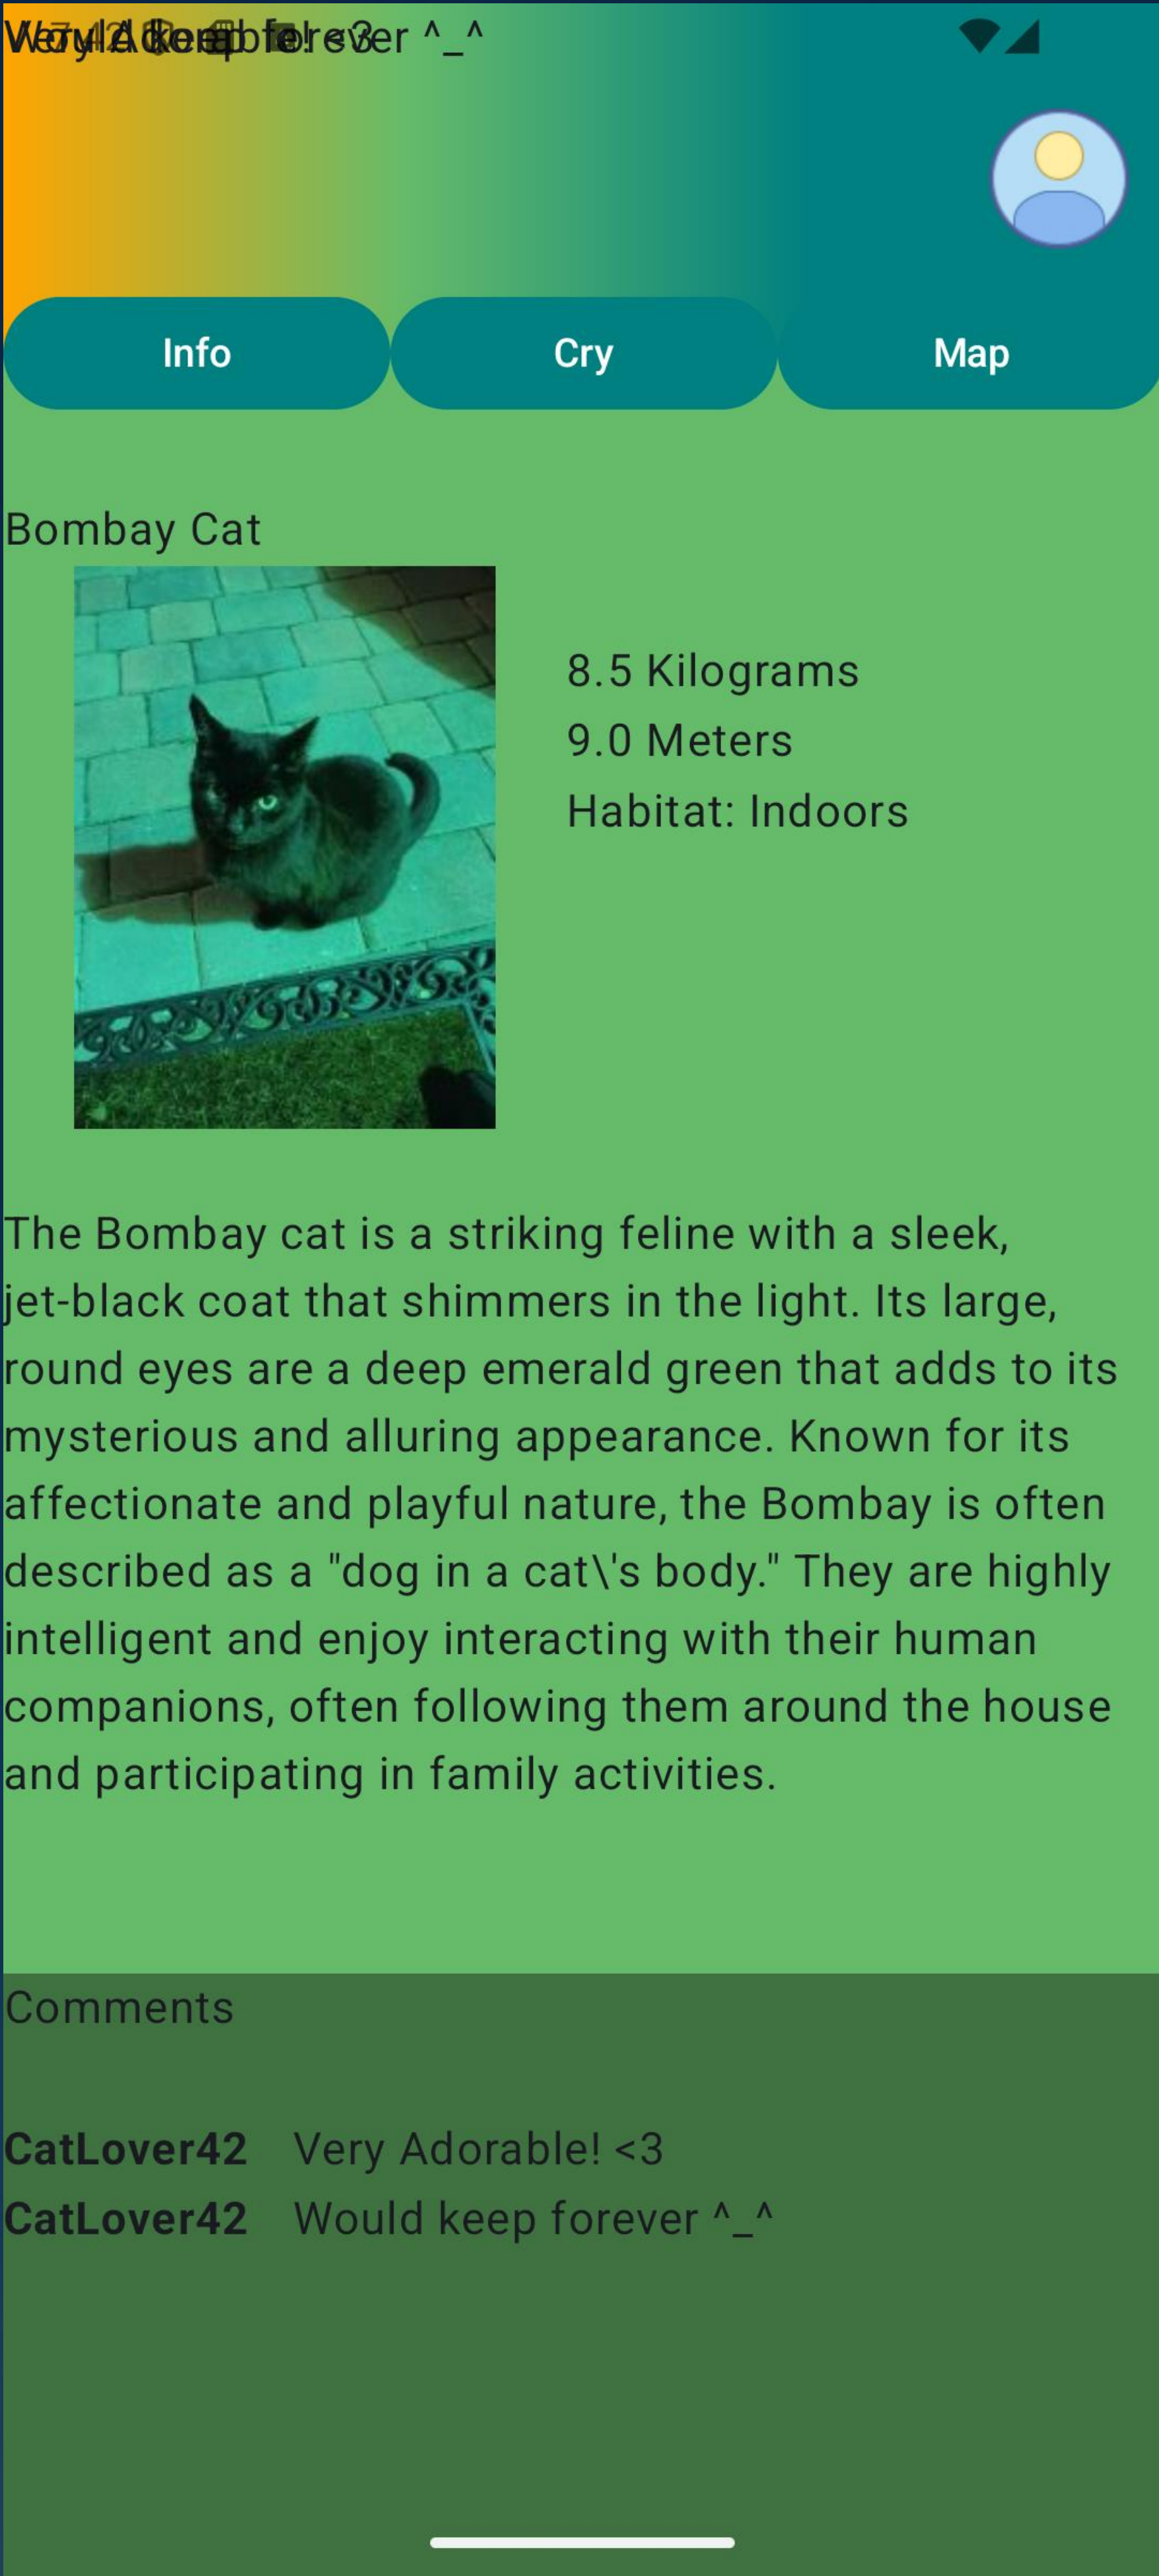

- Users must navigate through the app without issue
- Users must have data including entries saved in some form of storage
- Users must be able to log out of and modify their accounts when necessary

OBJECT DESIGN

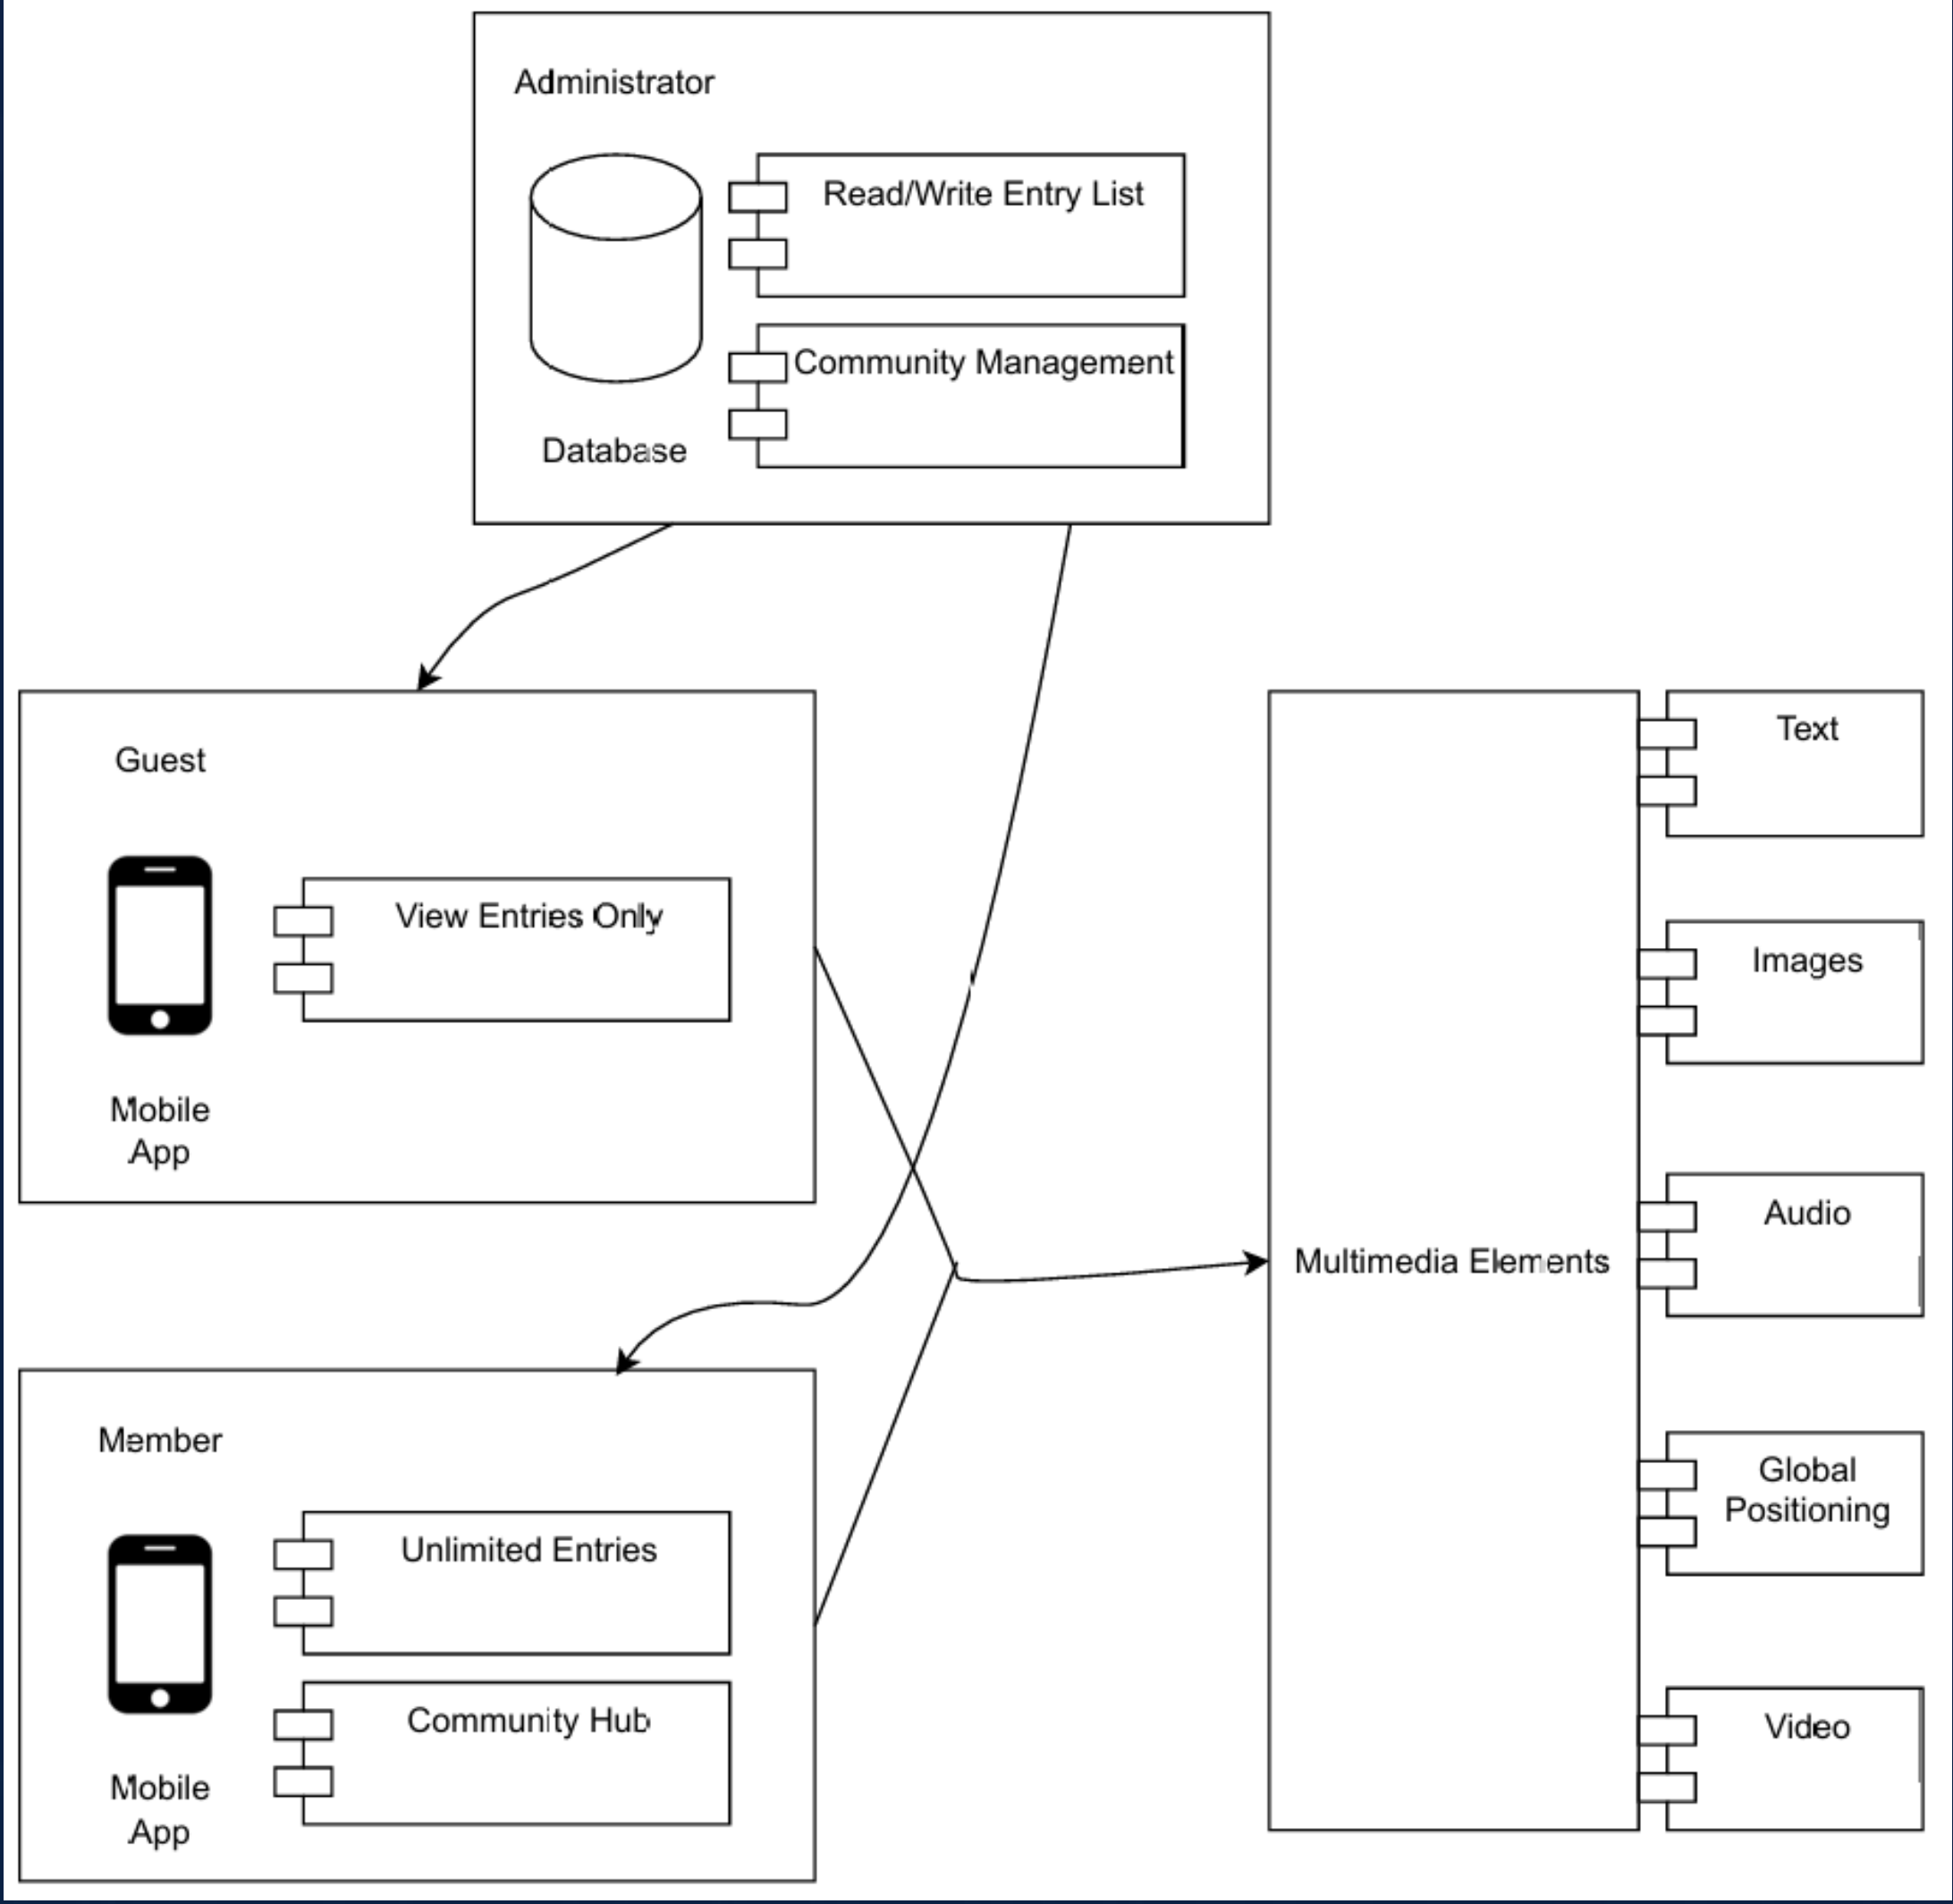

(3) The FloriDex's state chart diagram is trademarked by all members of the development team

IMPLEMENTATION

(5) The FloriDex and its description page are trademarked by all members of the development team

SYSTEM DESIGN

SUMMARY

People could take pictures of animals, plants, and other wildlife residing in Florida while learning and writing about them. People could interact with others' findings and form engaging communities around them.

(4) The FloriDex's deployment diagram is trademarked by all members of the development team
