

Cybersecurity Training Platform User Manual

Introduction

Welcome to the Cybersecurity Training Platform! This web-based application is designed to help you learn essential cybersecurity concepts through interactive training modules and quizzes. Whether you're an individual looking to improve your digital safety skills or an organization aiming to educate employees, this platform makes cybersecurity education accessible and engaging.

Getting Started

System Requirements

- A modern web browser (e.g., Chrome, Firefox, Edge, or Safari).
- Internet access.

Accessing the Platform

- 1.Open your web browser.
- 2.Navigate to the application URL: <http://localhost:3000>

Using the Platform

1. Landing Page

- When you access the platform, you'll start at the **Landing Page**.
- Here, you'll see a list of available cybersecurity training modules.
- Each module includes:
 - A title and description.
 - A progress indicator showing whether the module is completed.

2. Starting a Module

- Click on a module title to begin.
- The module will guide you through its content, including interactive lessons and quizzes.

3. Completing a Module

- Each module ends with a quiz to test your understanding of the material.
- You must pass the quiz to mark the module as completed.
- Upon passing, your progress will be saved automatically.

4. Earning Your Certificate

- Once all modules are completed, you will receive a unique certificate ID.
- The certificate ID is automatically stored and displayed for you to save or print.

Navigating the Interface

Header

- Located at the top of every page, the header provides navigation links and the app title.

Footer

- The footer includes links to additional resources and contact information.

Main Content

- The main area dynamically displays the current page:
- Landing Page** for selecting modules.
- Module Page** for training content.

- Certificate Page** once all modules are completed.

Features

Progress Tracking

- Completed modules are tracked and highlighted on the Landing Page.
- Your progress persists across sessions using your browser's local storage.

Interactive Quizzes

- Quizzes are designed to reinforce your understanding of the training material.
- Immediate feedback is provided for each answer.

Certificate

- A unique certificate ID is generated when all modules are completed.
- You can copy, save, or print your certificate for personal or professional use.

Frequently Asked Questions (FAQs)

1. What happens if I fail a quiz?

- You can retake the quiz as many times as needed to pass.

2. Can I restart a module?

- Yes, you can revisit and reset any module from the Landing Page.

3. Is my progress saved?

- Yes, progress is saved in your browser's local storage and persists unless you clear your browser data.

4. How do I access my certificate?

- Once all modules are completed, your certificate ID will appear on the Certificate Page. You can save or print it for your records.

Troubleshooting

1. I can't see my progress or certificate.

- Ensure that your browser allows local storage and cookies.
- If the issue persists, try refreshing the page or clearing your cache.

2. The app is not loading correctly.

- Check your internet connection.
- Ensure you are using a supported web browser and that it is up to date.
