

Daily Scrum Meetings

Date: 11/20/2024

Attendees: Richard Chong, Andres Lopez, Michael Camelio, Carlos Ramirez, Jason Martinez

Start time: 9:30pm

End time: 10pm

- Student1: Richard Chong

- What have you done since the last scrum meeting?

I have been working on the profile page and finally added profile pictures. I still need to have it uploaded to the database. I also modified the login page and main page a little bit.

- What is planned to be done until the next scrum meeting?

I plan to add a profile menu where you can edit your profile picture and information. I also plan to continue modifying the main page.

- What are the hurdles?

Also, having issues with one of the requirements from the txt file. It is not downloading for me. I am also having some minor issues with implementing things the way I want to because Streamlit may not support what I'm trying to do.

- Student 2: Andres Lopez

- What have you done since the last scrum meeting?

worked On integration effort for main components and maintaining streamlit ec2 deployment

- What is planned to be done until the next scrum meeting?

- Complete integration of text parsing for the code outputs
- Begin working with other teammates to address final tasks with GUI and front end.

- What are the hurdles?

- None.

- Student 3: Michael Camelio
 1. What have you done since the last scrum meeting?
 - Investigate how to implement the delay on the EC2 Instance.
 - Sended proper documentation to Andres for him to implement the delay.
 2. What is planned to be done until the next scrum meeting?
 - Overlooking any AWS implementation error or issue encounter by the team while deploying.
 3. What are the hurdles?
 - Time Management.

- Student 4: Carlos Ramirez
 - What have you done since the last scrum meeting?

Finished singleton implementation for Groq. Considering expanding guide prompt inclusivity to expand our application beyond computer science usage.

- What is planned to be done until the next scrum meeting?

Focus on fixing current functional issues occurring with streamlit and possibly begin implementing new conversation features and switching between chat capabilities.

- What are the hurdles?

Troubleshooting and figuring out the best method to solve currently existing issues.

- Student 5: Jason Martinez
 - What have you done since the last scrum meeting?

Began implementation, trying to change the background in order to match the canva file alongside importing the pngs

- What is planned to be done until the next scrum meeting?

Continuing implementation for GPT Website Canva Design

- What are the hurdles?

Figuring out how to do graphic design well
