

Daily Scrum Meetings

Date: 11/25/2024

Attendees: Richard Chong, Andres Lopez, Michael Camelio, Carlos Ramirez, Jason Martinez

Start time: 9:30pm

End time: 10pm

- Student1: Richard Chong
 - What have you done since the last scrum meeting?

I finished updating and uploading the frontend to github.
 - What is planned to be done until the next scrum meeting?

I plan to combine my work with my other teammates' work.
 - What are the hurdles?

Also, having issues with one of the requirements from the txt file. It is not downloading for me. I am also having some minor issues with implementing things the way I want to because Streamlit may not support what I'm trying to do.
- Student 2: Andres Lopez
 - What have you done since the last scrum meeting?

worked On integration effort for main components and maintaining streamlit ec2 deployment
 - What is planned to be done until the next scrum meeting?
 - Complete integration of text parsing for the code outputs
 - Begin working with other teammates to address final tasks with GUI and front end.
 - What are the hurdles?
 - None.

- Student 3: Michael Camelio
 1. What have you done since the last scrum meeting?
 - Got access to the database
 2. What is planned to be done until the next scrum meeting?
 - Work on Poster and Presentation
 3. What are the hurdles?
 - None.

- Student 4: Carlos Ramirez
 - What have you done since the last scrum meeting?

Began working on implementing a new conversation feature, requiring the current conversation to be stored.
 - What is planned to be done until the next scrum meeting?

Continue working on new conversations and viewing of previous conversations.
 - What are the hurdles?

Troubleshooting and figuring out the best method to solve currently existing issues.

- Student 5: Jason Martinez
 - What have you done since the last scrum meeting?

Got the image behind text to work and was tidying things up code-wise.
Thankfully learned alot more about st.markdown working on this
 - What is planned to be done until the next scrum meeting?

Continuing implementation for GPT Website Canva Design, trying to help others if need be, and working on poster/presentation.
 - What are the hurdles?

Figuring out the best method to solve existing issues.
