End time: 5:30 P.M. Zoom Sunday April 28, 2024

Alex Castaneira:

- How many hours did I work since the last meeting?
 - I have worked 3 hours since the last meeting, the fourth meeting of week 2 in sprint 7 during week 15.
- What was done since the last scrum meeting?
 - Since our last meeting I have finished the development phase with other members on the code regarding implementation for the Java side programs with the JGEOM library in mind. This includes the export java side in which graphing information of the points will be sent to the txt file. I have finished developing my poster and submitted, as well the script for the demo video recording and presentation.
- What is planned to be done until the next scrum meeting?
 - We have met with Professor Hernandez and determined the next tasks to do in developing uml diagrams for presentation slides. We also have a goal to start developing the necessary directories for the final delivery submission at the end of sprint 7. I personally will be recording the video for shortcomings, explanation and improvements plus the final documentation completion.
- What are the hurdles?
 - The hurdles are the lack of being able to find proper guidelines on Wednesday submission until Mr. Masoud email today. To add another hurdle is the time crunch aspect as multiple documents are due by. in which we have next week finished two of the videos, plus final documentation for final submission.
