

Sprint Review Meeting Minutes

Attendees: Michaela Dunston, Mario Vega, Eduardo Chung, & Alejandro Arrocha

Start time: 23:55

End time: 23:59

After a show and tell presentation, the following advancements were accepted by the product owner.

- Software's to be utilized:
 - Gophish
 - Gophish is a powerful, open-source phishing framework that makes it easy to test your organization's exposure to phishing.
- Determined key metrics and indicators we want to measure.
 - Click Through Rate (CTR)
 - Reporting Rate
 - Training Completion
- Invested in research regarding types of simulated phishing security awareness training.
- Analyze incident data to identify trends and areas for improvement in security measures.

The following ones were rejected and moved back to the product backlog to be assigned to a future sprint at a future Spring Planning meeting.

- All advancements were accepted.
