

## **Sprint Planning Meeting Minutes:**

Attendees: Hunter Sanchez, Augusto Rodriguez, Adam Kobke

Start time: 3:00

End time: 4:00

After discussion, the velocity of the team was estimated to be 5 User Stories, worth 3 hours a day.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story 1: As a user I want to be able to update groups based on a given mapping.
- User Story 2: As a user, I want to be able to select my mappings csv file through Nextcloud.
- User Story 3: As a user I want to be able to use xlsx files from PantherSoft to update the users/groups.
- User Story 4: As a user I want to be able to use csv files from canvas to update the users.
- User Story 5: As a user, I want my mappings and files to remain loaded on the app when the user navigates to a different menu.

The team members indicated their willingness to work on the following user stories.

- Hunter Sanchez
  - User Story 1: As a user I want to be able to update groups based on a given mapping.
  - User Story 2: As a user, I want to be able to select my mappings csv file through Nextcloud.
  - User Story 3: As a user I want to be able to use xlsx files from PantherSoft to update the users/groups.
  - User Story 4: As a user I want to be able to use csv files from canvas to update the users.
  - User Story 5: As a user, I want my mappings and files to remain loaded on the app when the user navigates to a different menu.
- Augusto Rodriguez
