

Sprint Planning Meeting Minutes:

Attendees: Hunter Sanchez, Augusto Rodriguez, Adam Kobke

Start time: 7:00

End time: 8:00

After discussion, the velocity of the team was estimated to be 5 User Stories, worth 3 hours a day.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story 1: As a user, I want to be able to load my mappings from a default file in nextcloud.
- User Story 2: As a user, I want my users information to update properly based on matching usernames.
- User Story 3: As a user, I want my user to be able to select the input file type from a list of different file types (canvas, panthersoft, cap2 grouplist, default roster) .
- User Story 4: As a user, I want the application to work for a variety of different cases.
- User Story 5: As a user, I want to see detailed information about the results of my sync.

The team members indicated their willingness to work on the following user stories.

- Hunter Sanchez
 - User Story 1: As a user, I want to be able to load my mappings from a default file in nextcloud.
 - User Story 2: As a user, I want my users information to update properly based on matching usernames.
 - User Story 3: As a user, I want my user to be able to select the input file type from a list of different file types (canvas, panthersoft, cap2 grouplist, default roster) .
 - User Story 4: As a user, I want the application to work for a variety of different cases.
 - User Story 5: As a user, I want to see detailed information about the results of my sync.

- Augusto Rodriguez
 - User Story 1: As a user, I want to be able to load my mappings from a default file in nextcloud.
 - User Story 2: As a user, I want my users information to update properly based on matching usernames.
 - User Story 3: As a user, I want my user to be able to select the input file type from a list of different file types (canvas, panthersoft, cap2 grouplist, default roster) .
 - User Story 4: As a user, I want the application to work for a variety of different cases.
 - User Story 5: As a user, I want to see detailed information about the results of my sync.
- Adam Kobke
 - User Story 1: As a user, I want to be able to load my mappings from a default file in nextcloud.
 - User Story 2: As a user, I want my users information to update properly based on matching usernames.
 - User Story 3: As a user, I want my user to be able to select the input file type from a list of different file types (canvas, panthersoft, cap2 grouplist, default roster) .
 - User Story 4: As a user, I want the application to work for a variety of different cases.
 - User Story 5: As a user, I want to see detailed information about the results of my sync.
