

Daily Scrum Meeting Minutes:

Attendees: Jacob Schuster, Owen Weng, William Duran

Start time: 10:00 PM

End time: 11:00 PM

Jacob Schuster:

- How many hours did I work since the last meeting?
 - About 2 hours
- What was done since the last scrum meeting?
 - Continued research into graph databases, began building a prototype in neo4j using simulated information from Excel files.
 - Started reviewing documents from the product owner, including the question sheet and UI mockups.
- What is planned to be done until the next scrum meeting?
 - We're meeting with the product owner again tomorrow, so we'll go over what we've done so far and our plan for moving things forward. The feedback from this meeting will be monumental to shaping the development of the application.
- What are the hurdles?
 - Right now the only hurdles are with scheduling. We're all full-time students so it can be difficult to find days when we're all free. I expect this to lessen as we progress through the semester and everyone's schedules become more regular

Owen Weng:

- How many hours did I work since the last meeting?
 - 3 hour
- What was done since the last scrum meeting?
 - Use neo4j to organize the relationship
 - Research the front end tool and setup
 - Learn to work on frontend using next.js
- What is planned to be done until the next scrum meeting?
 - We will begin researching the details of using AI in our projects and how to extract data from one database to other
 - Work on graphing database
- What are the hurdles?
 - We are improve in setting up meeting times and better communication with the product owner

William Duran:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Started developing the graph database according to the project needs
 - Started developing some forms for the frontend

- What is planned to be done until the next scrum meeting?
 - Keep developing the graph database
 - Start developing the backend
 - Keep developing the front end pages
- What are the hurdles?
 - Setting meetings so that everyone can attend in person.
