

Scrum Meeting Minutes

Date: 8/28/2023

Daily Scrum Meeting Minutes:

Attendees: Javier Cueto, Natalie Almonte, Angel Chavez

Start time: 5:00PM

End time: 5:15PM

Javier Cueto:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Discussed the goal of the project
 - Learned about the nextcloud client
 - Set up nextcloud team environment
- What is planned to be done until the next scrum meeting?
 - Learn more about nextcloud and what features are the most useful
 - Brainstorm ideas for which features to add to the windows client
- What are the hurdles?
 - Learning the most we can about nextcloud so that we can identify gaps

Natalie Almonte:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Discussed the goal of the project
 - Learned about the nextcloud client
 - Set up nextcloud team environment
- What is planned to be done until the next scrum meeting?
 - Learn more about nextcloud and what features are the most useful
 - Brainstorm ideas for which features to add to the windows client
- What are the hurdles?
 - Learning the most we can about nextcloud so that we can identify gaps
 -

Angel Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Discussed the goal of the project
 - Learned about the nextcloud client
 - Set up nextcloud team environment
- What is planned to be done until the next scrum meeting?
 - Learn more about nextcloud and what features are the most useful
 - Brainstorm ideas for which features to add to the windows client
- What are the hurdles?
 - Learning the most we can about nextcloud so that we can identify gaps

Date: 8/29/2023

Daily Scrum Meeting Minutes:

Attendees: Javier Cueto, Natalie Almonte, Angel Chavez

Start time: 5:00PM

End time: 5:15PM

Javier Cueto:

- How many hours did I work since the last meeting?

Date: 9/6/2023

Daily Scrum Meeting Minutes:

Attendees: Javier Cueto, Natalie Almonte, Angel Chavez

Start time: 5:00PM

End time: 5:15PM

Javier Cueto:

- How many hours did I work since the last meeting?
- 3
- What was done since the last scrum meeting?
- Discussed the goal of the project
- Learned about the nextcloud client
- Decided on feature to add
- What is planned to be done until the next scrum meeting?

- Learn more about nextcloud and functionalities
- Work on chat function for desktop app
- What are the hurdles?
- Learning the most we can about nextcloud and c++ so that we can identify gaps
- Product owner feedback

Natalie Almonte:

- How many hours did I work since the last meeting?
- 1.3
- What was done since the last scrum meeting?
- Started looking at the code on github
- Began planning for the changes that we are going to add
- What is planned to be done until the next scrum meeting?
- Finish looking through the code base, find the files where we will be modifying/adding/updating code
- What are the hurdles?
- Reading through the code and understanding where to put our changes

Angel Chavez:

- How many hours did I work since the last meeting?
- 1

- 2
- What was done since the last scrum meeting?
- Began looking through a C++ course to further understanding of source code
- Downloaded and got acquainted with client
- What is planned to be done until the next scrum meeting?
- Complete C++ Course and download and compile source code
- What are the hurdles?
- Not being familiar with C++ language

Date: 9/25/2023

Daily Scrum Meeting Minutes:

Attendees: Javier Cueto, Natalie Almonte, Angel Chavez

Start time: 4:45PM

End time: 5:00PM

Javier Cueto:

- How many hours did I work since the last meeting?
- 5
- What was done since the last scrum meeting?
- Downloaded source code, gaining familiarity with program for future edits.
- Learned about the nextcloud client
- What is planned to be done until the next scrum meeting?
- Learn more about nextcloud and functionalities
- Work on chat function for desktop app
- What are the hurdles?

- Learning the most we can about nextcloud and c++ so that we can identify gaps
- Product owner feedback

Natalie Almonte:

- How many hours did I work since the last meeting?
 - 3
- What was done since the last scrum meeting?
 - Working on compiling the code from github
 - Continued planning for the changes that we are going to add
- What is planned to be done until the next scrum meeting?
 - Finish looking through the code base
 - find the files where we will be modifying/adding/updating code
 - Work on compiling the code
- What are the hurdles?
 - Reading through the code and understanding where to put our changes

Angel Chavez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Finished C++ crash course
 - Downloaded and got acquainted with client
- What is planned to be done until the next scrum meeting?
 - Compile source code
- What are the hurdles?
 - Compiling source code

Date: 9/26/2023

Daily Scrum Meeting Minutes:

Attendees: Javier Cueto, Natalie Almonte, Angel Chavez

Start time: 4:45PM

End time: 5:00PM

- What are the hurdles?

- Client Does not install

Date: 10/23/2023

Daily Scrum Meeting Minutes:

Attendees: Javier Cueto, Natalie Almonte, Angel Chavez

Start time: 2:30PM

End time: 3:00PM

Javier Cueto:

- How many hours did I work since the last meeting?
 - 5
- What was done since the last scrum meeting?
 - Downloaded source code, gaining familiarity with program for future edits.
 - Learned about the nextcloud client
- What is planned to be done until the next scrum meeting?
 - Learn more about nextcloud and functionalities
 - Work on chat function for desktop app
- What are the hurdles?
 - Learning the most we can about nextcloud and c++ so that we can identify gaps
 - Product owner feedback

Natalie Almonte:

- How many hours did I work since the last meeting?
 - 3
- What was done since the last scrum meeting?
 - Working on compiling the code from github
 - Start working on the code changes
- What is planned to be done until the next scrum meeting?
 - Finish looking through the code base
 - find the files where we will be modifying/adding/updating code
 - Work on compiling the code
- What are the hurdles?
 - Reading through the code and understanding where to put our changes

Angel Chavez:

- How many hours did I work since the last meeting?
 - 3
- What was done since the last scrum meeting?

- Got acquainted with Qt Creator
- What is planned to be done until the next scrum meeting?
- Install client
- What are the hurdles?
- Client Does not install

Date: 10/24/2023

- What are the hurdles?
 - Reading through the code and understanding where to put our changes

Angel Chavez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Decided on changing the project to creating a GUI for a drone application
- What is planned to be done until the next scrum meeting?
 - Familiarize ourselves with the code and work on connecting the GUI to the drone commands
- What are the hurdles?
 - N/A

Date: 11/22/2023

Daily Scrum Meeting Minutes:

Attendees: Javier Cueto, Natalie Almonte, Angel Chavez

Start time: 2:30PM

End time: 3:00PM

Javier Cueto:

- How many hours did I work since the last meeting?
 - 5
- What was done since the last scrum meeting?
 - Downloaded source code, gaining familiarity with program for future edits.
 - Learned about the nextcloud client
- What is planned to be done until the next scrum meeting?
 - Learn more about nextcloud and functionalities
 - Work on chat function for desktop app
- What are the hurdles?
 - Learning the most we can about nextcloud and c++ so that we can identify gaps
 - Product owner feedback

Natalie Almonte:

- How many hours did I work since the last meeting?
 - 5
- What was done since the last scrum meeting?
 - Downloaded source code for new project
 - Tested the code
 - Read through to understand it
- What is planned to be done until the next scrum meeting?
 - Begin planning for changes
- What are the hurdles?
 - Reading through the code and understanding where to put our changes
