

FIU Doctor Booking System (Sprint 1 - Day 10)

Date: 09/06/23

Attendees: Mohammad Kazmi, Jason Eduardo Kildare, Abel Aguilera

Start time: 9:00 PM

End time: 9:30 PM

Mohammad Kazmi:

- What have you done since the last scrum meeting?
 1. I've worked on creating a profile update option for the users where they can only update the names and phone number at this time.
 2. I've begun working on enabling the users and doctors to be able to update their email address, fee per consultation for doctors, and any user information.
- What is planned to be done until the next scrum meeting?
 1. I plan to work on completing the profile update option to update the email addresses for users and fee per consultation for doctors.
 2. I plan to test whether the users or doctors are able to update their phone numbers, email address and any information in the application.
- What are the hurdles?
 1. Finding bugs and issues in the source code and how to fix them.
 2. Identifying how to implement the update option for doctors to update their fee per consultation, email address and other information.

Jason Eduardo Kildare:

- What have you done since the last scrum meeting?
 1. I worked setting up 2FA, currently trying to send an email to the user so the user can receive and 2FA code to be able to login.
- What is planned to be done until the next scrum meeting?
 1. I plan to finish user story 5 and start working on user story 13.
- What are the hurdles?
 1. Sending an email to the user for confirmation

Abel Aguilera:

- What have you done since the last scrum meeting?
 1. I did some research on how i can modify the availability to book appointments accordingly
- What is planned to be done until the next scrum meeting?
 1. Finish working on user story 4 and start on user story 2
- What are the hurdles?
 1. No hurdles
