

FIU Doctor Booking System (Sprint 1 - Day 2)

Date: 08/29/23

Attendees: Mohammad Kazmi, Jason Eduardo Kildare, Abel Aguilera

Start time: 9:50 PM

End time: 10:20 PM

Mohammad Kazmi:

- What have you done since the last scrum meeting?
 1. I've worked on finding bugs in the web application and the features that need improvement from the user and the doctor's perspective.
 2. I've begun working on the admin account's functionality to handle users and doctors and deleting/removing any user or doctor from their respective lists.
- What is planned to be done until the next scrum meeting?
 1. I plan to work on completing and testing the admin account's capability to delete/remove user and doctor accounts when no longer needed.
 2. I plan to begin working on creating a section for doctors to write a short description about their specialization/specification.
- What are the hurdles?
 1. Finding bugs and issues and how to fix them.
 2. Making the delete user or doctor option work

Jason Eduardo Kildare:

- What have you done since the last scrum meeting?
 1. I found 2 bugs in the application and made issues on github
 2. I started working on user story 5, implementing a way for the user to make valid appointment date and time.
- What is planned to be done until the next scrum meeting?
 1. I plan to finish user story 5 and try to find more bugs and create more issues on github.
- What are the hurdles?
 1. No hurdles.

Abel Aguilera:

- What have you done since the last scrum meeting?
 1. Looked for bugs in the code.
 2. Research on implementation of user stories.
- What is planned to be done until the next scrum meeting?
 1. Finishing my user story
- What are the hurdles?
 1. No hurdles
- 1. Connecting with the database.
