

FIU Doctor Booking System (Sprint 2 - Day 3)

Date: 09/13/23

Attendees: Mohammad Kazmi, Jason Eduardo Kildare, Abel Aguilera

Start time: 9:30 PM

End time: 10:00 PM

Mohammad Kazmi:

- What have you done since the last scrum meeting?
 1. I've worked on collecting the information required for the summary form of the appointment and created sections to fill that information
 2. I've begun working to make the doctor able to fill in the information and store it in the records.
- What is planned to be done until the next scrum meeting?
 1. I plan to test the functionality of filling out the summary form after the appointment and storing it in the records section.
- What are the hurdles?
 1. Identifying how to store the information in the records.

Jason Eduardo Kildare:

- What have you done since the last scrum meeting?
 1. I worked on user story #1 by adding a drop-down selection menu where the user can choose whether they are registering as a doctor or as a patient.
- What is planned to be done until the next scrum meeting?
 1. I plan to be done with user story #1.
- What are the hurdles?
 1. Updating the redux user model and setting the "isDoctor " attribute to true if the user selects that they are registering as a doctor while the user registers successfully.

Abel Aguilera:

- What have you done since the last scrum meeting?
 1. Worked on User Story 4
- What is planned to be done until the next scrum meeting?
 1. Finish working on user story 4 and start on user story 2
- What are the hurdles?
 1. None
