

FIU Doctor Booking System (Sprint 4 - Day 2)

Date: 10/10/23

Attendees: Mohammad Kazmi, Jason Eduardo Kildare

Start time: 9:00 PM

End time: 9:30 PM

Mohammad Kazmi:

- What have you done since the last scrum meeting?
 1. I have set the limit to the number of times a user enters an incorrect password to log-in and save their number of unsuccessful log-in attempts.
- What is planned to be done until the next scrum meeting?
 1. I plan to begin working on the penalty given to anyone exceeding the number of log-in attempts.
- What are the hurdles?
 1. None so far.

Jason Eduardo Kildare:

- What have you done since the last scrum meeting?
 1. I worked on user story 8. I updated the user model and included an “Access” field to determine whether a user will have access to the application. I also added a “revoke” access button in the admin account to set the access field in the database to false when the admin needs to revoke access. I also updated the authmiddleware file to accomplish this feature.
- What is planned to be done until the next scrum meeting?
 1. I plan to keep working on user story 8.
- What are the hurdles?
 1. None
