

FIU Doctor Booking System (Sprint 5 - Day 5)

Date: 10/27/23

Attendees: Mohammad Kazmi, Jason Eduardo Kildare

Start time: 9:00 PM

End time: 9:30 PM

Mohammad Kazmi:

- What have you done since the last scrum meeting?
 1. I have completed the nodemailer and email content setup for the description of the attempted breach, date and time of the attempted breach, a brief description of what happened and how to protect (most likely change password).
- What is planned to be done until the next scrum meeting?
 1. I plan to begin working on emailing the user incase of an attempted breach and the breach is that a user's health info or account was attempted to be accessed without authorization. In that case, the email will be sent to the user.
- What are the hurdles?
 1. None so far.

Jason Eduardo Kildare:

- What have you done since the last scrum meeting?
 1. I have gathered some information on how to implement a way to detect a breach. Once a breach is detected, I plan to email the user that their account has been accessed and to send them a temporary password so they can create a new password.
- What is planned to be done until the next scrum meeting?
 1. I plan to implement several functions and run tests to make progress on user story 5.
- What are the hurdles?
 1. None
