

FIU Doctor Booking System (Sprint 5 - Day 6)

Date: 10/28/23

Attendees: Mohammad Kazmi, Jason Eduardo Kildare

Start time: 9:00 PM

End time: 9:30 PM

Mohammad Kazmi:

- What have you done since the last scrum meeting?
 1. I have begun working on setting a password to protect the user's personal health info and allowing the user to access it using a password.
- What is planned to be done until the next scrum meeting?
 1. I plan to complete the password protection on user's health information and begin working on setting a limit to the number of times an incorrect password is entered.
- What are the hurdles?
 1. None so far.

Jason Eduardo Kildare:

- What have you done since the last scrum meeting?
 1. I worked on user story 5. When a user signs in, an email is sent to the user letting them know that they have successfully signed in. The email also includes details confirming if it was them who signed in or not.
- What is planned to be done until the next scrum meeting?
 1. I plan to add a feature to the email that lets the user click a button which will take them to a page to enter a temporary password, so that they can change their password to recover their account.
- What are the hurdles?
 1. None
