Sprint Retrospective Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Micheal Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 6:15 PM

End time: 6:30 PM

What went wrong?

- Did we do a good job estimating our team's velocity?
 - Our two tasks were completed by everyone assigned to them so our velocity was measured correctly.
- Did we do a good job estimating the points (time required) for each user story?
 - Yes, the points assigned to the user stories were adequately estimated for this sprint.
- Did each team member work as scheduled?
 - Yes, team members worked to complete their issues and keep working on assigned user stories for this sprint.

How to address the issues in the next sprint?

- How to improve the process?
 - Communicate more for better meeting times and be more efficient with meetings.
- How to improve the product?
 - Team members are continually adding new issues to the project GitHub to make sure there are always tasks to work on and assign for each sprint. This also ensures the product is continually updated and improving.

Sprint Review Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Michael Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 5:45 PM

End time: 6:00 PM

After a show and tell presentation, the implementation of the following user stories were accepted by the product owners:

- Task 1 – Welcome to Fall 2022
- Task 2 – Setup and Technical Meeting

The following ones were rejected and moved back to the product backlog to be assigned to a future sprint at a future Sprint Planning meeting.

Attendees: David Martinez, Lisabeth Roche, Michael Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 6:15 PM

End time: 6:40 PM

After discussion, the velocity of the team was estimated to be 7, based on the stories of last sprint.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story 1: Second Technical Meeting

- As requested by Eduardo, attend a second meeting regarding how the Github workflow should function as well as any troubleshooting with running the app.
 - 2 Story points
- User Story 2: Password Strength Checker
 - After the technical meeting, all Capstone 1 students and new Capstone 2 students should do this as an introductory task in the app.
 - 5 Story points
- User Story 3: Misc. Bug Fixes
 - Capstone 2 students not working on User Story 2 should each pick an issue off of the Github and complete one issue per sprint at least – to be clarified later in the sprint.
 - 5 story points

The team members indicated their willingness to work on the following user stories.

- David Martinez
- User Story 1: Second Technical Meeting and User Story 2: Password Strength Checker

- Lisabeth Roche
- User Story 1: Second Technical Meeting and User Story 3: Misc. Bug fixes.

- Michael Ferrer
- User Story 1: Second Technical Meeting and User Story 2: Password Strength Checker

- Daniel King
- User Story 1: Second Technical Meeting and User Story 2: Password Strength Checker

- Eden Sasson
- User Story 1: Second Technical Meeting and User Story 2: Password Strength Checker

- Elijah Khazzouh
- User Story 1: Second Technical Meeting and User Story 2: Password Strength Checker.

- Aqib Shah
- User Story 1: Second Technical Meeting and User Story 3: Misc. Bug fixes.

- Justin Venegas
- User Story 1: Second Technical Meeting, User Story 2: Password Strength Checker,

- Hanane Mbarki
- User Story 1: Second Technical Meeting and User Story 3: Misc. Bug fixes.

Sprint Retrospective Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Michael Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 5:30 PM

End time: 6:00 PM

What went wrong?

- Did we do a good job estimating our team's velocity?
 - Our user stories were completed this sprint so the velocity was well estimated.
- Did we do a good job estimating the points (time required) for each user story?
 - Yes, the points assigned to the user stories were adequately estimated for this sprint.
- Did each team member work as scheduled?
 - Yes, team members worked to complete their issues and keep working on assigned user stories for this sprint.

How to address the issues in the next sprint?

- How to improve the process?
 - Communicate better with each other and with Eduardo to ensure we are doing what we are supposed to be doing each day. Make sure each Capstone 2 student is finishing an issue a sprint.
- How to improve the product?
 - Team members are continually adding new issues to the project GitHub, especially Capstone 1 students, which that is their main priority, as well as reviewing pull requests.

Sprint Review Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Michael Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 5:30 PM

End time: 6:00 PM

After a show and tell presentation, the implementation of the following user stories were accepted by the product owners:

- User Story 1: Second Technical Meeting

- User Story 2: Password Strength Checker

The following ones were rejected and moved back to the product backlog to be assigned to a future sprint at a future Sprint Planning meeting.

- User Story 3: Update Icons for food #502 – Needs one more review to be closed.

- This issue is still waiting on one more review to be considered complete.

User Story 3: Concise Information on Multiple Pages – Discussed

User Story 4: Darken color of title text / addresses #495 - Discussed

User Story 5: Text not visible during sign up/sign In - Discussed

- These individual stories all have adequate progress being made to them and should be done this sprint.

Sprint Planning Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Micheal Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 5:30 PM

End time: 6:00 PM

After discussion, the velocity of the team was estimated to be 10, based on the last sprint.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story 1: Review Pull Requests of Issues in other User Stories
 - Capstone 1 students are expected to review the pull requests of all the other user stories as their main responsibility, therefore this user story represents that.
 - 5 story points
- User Story 2: Update Icons for Food
 - This user story is being extended from last sprint as it needs one more review from a Capstone 1 student to be closed out.
 - 1 story point
- User Story 3: Concise Information on Multiple Pages
 - Alter the paragraphs/formatting of pages such as the STD information so that it does not seem as daunting to read as it currently is.
 - 4 story points
- User Story 4: Darken color of title text / addresses #495
 - The light grey color could be difficult for users to read and doesn't catch the eye right away. Titles and addresses text color are too light and need to be darkened for readability. (Facilities, clinics, shelters, all addresses listed)
 - 5 story points
- User Story 5: Text not visible during sign up/sign In
 - During the sign up and log in, the text in the text bubbles is not visible, so the user is left wondering what information to input. The text in the text bubbles should be made darker for better visibility.

The team members indicated their willingness to work on the following user stories.

- David Martinez
- User Story 1

- Lisabeth Roche
- User Story 2, 3

- Micheal Ferrer
- User Story 1
- Daniel King
- User Story 1
- Eden Sasson
- User Story 4
- Elijah Khazzouh
- User Story 1
- Hanane Mbarki
- User Story 5
- Aqib Shah
- User Story 4
- Justin Venegas
- User Story 1

Sprint Retrospective Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Micheal Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 5:30 PM

End time: 6:00 PM

What went wrong?

- Did we do a good job estimating our team's velocity?
 - Many user stories were completed this sprint overall and remaining issues have been set aside to be resolved in a future sprint.
- Did we do a good job estimating the points (time required) for each user story?
 - Yes, the points assigned to the user stories were adequately estimated for this sprint.
- Did each team member work as scheduled?
 - Yes, team members worked to complete their issues and keep working on assigned user stories for this sprint.

How to address the issues in the next sprint?

- How to improve the process?
 - Try to assign two members to each user story to ensure it gets completed by the end of the sprint.
- How to improve the product?
 - Team members are continually adding new issues to the project GitHub to make sure there are always tasks to work on and assign for each sprint. This also ensures the product is continually updated and improving.

Sprint Review Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Michael Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 5:30 PM

End time: 6:00 PM

After a show and tell presentation, the implementation of the following user stories were accepted by the product owners:

- User Story 1: Review Pull Requests of Issues in other User Stories
- User Story 2: Update Icons for Food
- User Story 5: Text not visible during sign up/sign In
- User Story 6: Menu Component going off screen

The following ones were rejected and moved back to the product backlog to be assigned to a future sprint at a future Sprint Planning meeting.

- User Story 3: Concise Information on Multiple Pages
- User Story 4: Darken color of title text / addresses #495

Sprint Backlog Grooming Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Michael Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas

Start time: 5:30 PM

End time: 6:00 PM

The following user stories were created/discussed/refined/prioritized.

User Story 1: Review Pull Requests of Issues in other User Stories - REFINED

- The capstone 1 students should focus on first reviewing the pull requests of Eduardo.

User Story 2, 3, 4, 5 - DISCUSSED

- Adequate process is being made on each one of our individual issues, should be completed by the end of the sprint.

Sprint Planning Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Micheal Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanane Mbarki

Start time: 5:30 PM

End time: 6:00 PM

After discussion, the velocity of the team was estimated to be on track, based on the last sprint.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story 1: Review Pull Requests of Issues in other User Stories
 - Capstone 1 students are expected to review the pull requests of all the other user stories as their main responsibility, therefore this user story represents that.
 - 5 story points
- User Story 2: Add a filter for Shelters, as well as WIC/Medicaid Location
 - Multiple pages of the app which show locations do not have a filtering system that other pages do have, should be added for consistency.

- 5 story points
- User Story 3: Darken color of title text / addresses #495
 - 5 story points
- User Story 4: Change size of rectangular buttons housing options on learn page
 - 5 story points
- User Story 5: Change color of font for readability
 - 5 story points

The team members indicated their willingness to work on the following user stories.

- David Martinez
- User Story 1

- Lisabeth Roche
- User Story 2

- Micheal Ferrer
- User Story 1

- Daniel King
- User Story 1

- Eden Sasson
- User Story 3,5

- Elijah Khazzouh

Sprint Retrospective Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Micheal Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanane Mbarki

Start time: 5:30 PM

End time: 6:00 PM

What went wrong?

- Did we do a good job estimating our team's velocity?
 - Many user stories were completed this sprint overall and remaining issues have been set aside to be resolved in a future sprint.
- Did we do a good job estimating the points (time required) for each user story?
 - Yes, the points assigned to the user stories were adequately estimated for this sprint.
- Did each team member work as scheduled?
 - Yes, team members worked to complete their issues and keep working on assigned user stories for this sprint.

How to address the issues in the next sprint?

- How to improve the process?
 - Try to assign two members to each user story to ensure it gets completed by the end of the sprint.
- How to improve the product?
 - Team members are continually adding new issues to the project GitHub to make sure there are always tasks to work on and assign for each sprint. This also ensures the product is continually updated and improving.

Sprint Review Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Michael Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanane Mbarki

Start time: 5:30 PM

End time: 6:00 PM

After a show and tell presentation, the implementation of the following user stories were accepted by the product owners:

- User Story 1: Review Pull Requests of Issues in other User Stories
- User Story 2: Add a filter for Shelters, as well as WIC/Medicaid Location
- User Story 4: Change size of rectangular buttons housing options on learn page

The following ones were rejected and moved back to the product backlog to be assigned to a future sprint at a future Sprint Planning meeting.

- User Story 3: Darken color of title text / addresses #495
- User Story 5: Change color of font for readability

Sprint Backlog Grooming Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Michael Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas

Start time: 5:30 PM

End time: 6:00 PM

The following user stories were created/discussed/refined/prioritized.

User Story 1-5: DISCUSSED

- User Story 1: Review Pull Requests of Issues in other User Stories
- User Story 2: Learn Tab: STD Awareness/Protected Sex
- User Story 3: Text Visibility and Words Cut-Off within Feeding Section #553
- User Story 4: Add Website Button for STD List #446
- User Story 5: More birth control information #551

Adequate progress has been made on each one of our respective issues, as well as capstone 1 students have been making pull request reviews.

Sprint Planning Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Micheal Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanane Mbarki

Start time: 5:30 PM

End time: 6:00 PM

After discussion, the velocity of the team was estimated to be on track, based on the last sprint.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story 1: Review Pull Requests of Issues in other User Stories

- Capstone 1 students are expected to review the pull requests of all the other user stories as their main responsibility; therefore, this user story represents that.
- User Story 2: Learn Tab: STD Awareness/Protected Sex (Aqib)
- User Story 3: **Text Visibility and Words Cut-Off within Feeding Section #553**
 - The words within the feeding section should be a bit darker as it is not easy to see them clearly. In addition, the words are cut off on the right-hand side of the screen as shown below, so making the entire line visible on-screen is preferable.
- User Story 4: Add Website Button for STD List #446
- User Story 5: More birth control information #551

The team members indicated their willingness to work on the following user stories.

- David Martinez
- User Story 1
- Lisabeth Roche
- User Story 1
- User Story 4
- Micheal Ferrer
- User Story 1
- Daniel King
- User Story 1
- Eden Sasson
- User Story 1
- User Story 5
- Elijah Khazzouh
- User Story 1
- Hanane Mbarki
- User Story 3
- User Story 1

- Aqib Shah
- User Story: 2
- Justin Venegas
- User Story 1

Sprint Retrospective Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Micheal Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 5:30 PM

End time: 6:00 PM

What went wrong?

- Did we do a good job estimating our team's velocity?
 - Many user stories were completed this sprint overall and remaining issues have been set aside to be resolved in a future sprint.
- Did we do a good job estimating the points (time required) for each user story?
 - Yes, the points assigned to the user stories were adequately estimated for this sprint.
- Did each team member work as scheduled?
 - Yes, team members worked to complete their issues and keep working on assigned user stories for this sprint.

How to address the issues in the next sprint?

- How to improve the process?
 - Try to assign two members to each user story to ensure it gets completed by the end of the sprint.
- How to improve the product?
 - Team members are continually adding new issues to the project GitHub to make sure there are always tasks to work on and assign for each sprint. This also ensures the product is continually updated and improving.

Sprint Review Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Michael Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 5:30 PM

End time: 6:00 PM

After a show and tell presentation, the implementation of the following user stories were accepted by the product owners:

- User Story 1: Review Pull Requests of Issues in other User Stories
- User Story 2: Learn Tab: STD Awareness/Protected Sex
- User Story 4: Add Website Button for STD List #446

The following ones were rejected and moved back to the product backlog to be assigned to a future sprint at a future Sprint Planning meeting.

- User Story 3: Text Visibility and Words Cut-Off within Feeding Section
- User Story 5: More birth control information #551

Sprint Backlog Grooming Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Michael Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 5:30 PM

End time: 6:00 PM

The following user stories were created/discussed/refined/prioritized.

User Story 1-5: DISCUSSED

- User Story 1: Review Pull Requests of Issues in other User Stories
- User Story 2: Sorting for the Immunization Schedule page Issue #501
- User Story 3: More birth control information #551
- User Story 4: Add more information to Learn section. #529

- User Story 5: Text Visibility and Words Cut-Off within Feeding Section #553

Adequate progress has been made on each one of our respective issues, as well as capstone 1 students have been making pull request reviews.

Sprint Planning Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Micheal Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanane Mbarki

Start time: 5:30 PM

End time: 6:00 PM

After discussion, the velocity of the team was estimated to be on track, based on the last sprint.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story 1: Review Pull Requests of Issues in other User Stories
 - Capstone 1 students are expected to review the pull requests of all the other user stories as their main responsibility; therefore, this user story represents that.
- User Story 2: Sorting for the Immunization Schedule page Issue #501
- User Story 3: More birth control information #551
- User Story 4: Add more information to Learn section. #529
- User Story 5: Text Visibility and Words Cut-Off within Feeding Section #553

The team members indicated their willingness to work on the following user stories.

- David Martinez
- User Story 1

- Lisabeth Roche
- User Story 1
- User Story 2

- Micheal Ferrer
- User Story 1

- Daniel King
- User Story 1
- Eden Sasson

- User Story 3
- Elijah Khazzouh
- User Story 1
- Hanane Mbarki
- User Story 5
- Aqib Shah
- User Story 1
- User Story 4
- Justin Venegas
- User Story 1

Sprint Retrospective Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Micheal Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 4:00 PM

End time: 4:15 PM

What went wrong?

- Did we do a good job estimating our team's velocity?
 - Many user stories were completed this sprint overall and remaining issues have been set aside to be resolved in a future sprint.
- Did we do a good job estimating the points (time required) for each user story?
 - Yes, the points assigned to the user stories were adequately estimated for this sprint.
- Did each team member work as scheduled?
 - Yes, team members worked to complete their issues and keep working on assigned user stories for this sprint.

How to address the issues in the next sprint?

- How to improve the process?
 - Try to assign two members to each user story to ensure it gets completed by the end of the sprint.
- How to improve the product?
 - Team members are continually adding new issues to the project GitHub to make sure there are always tasks to work on and assign for each sprint. This also ensures the product is continually updated and improving.

Sprint Review Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Michael Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanan Mbarki

Start time: 4:00 PM

End time: 4:15 PM

After a show and tell presentation, the implementation of the following user stories were accepted by the product owners:

- User Story 1: Review Pull Requests of Issues in other User Stories
- User Story 2: Sorting for the Immunization Schedule page Issue #501

The following ones were rejected and moved back to the product backlog to be assigned to a future sprint at a future Sprint Planning meeting.

- User Story 3: More birth control information #551
- User Story 4: Add more information to Learn section. #529
- User Story 5: Text Visibility and Words Cut-Off within Feeding Section #553

Attendees: David Martinez, Lisabeth Roche, Micheal Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas, Hanane Mbarki

Start time: 5:30 PM

End time: 6:00 PM

After discussion, the velocity of the team was estimated to be on track, based on the last sprint.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story 1: Review Pull Requests of Issues in other User Stories
 - Capstone 1 students are expected to review the pull requests of all the other user stories as their main responsibility; therefore, this user story represents that.
- User Story 2: Complete Final Deliverable

The team members indicated their willingness to work on the following user stories.

- David Martinez
- User Story 1

Sprint Retrospective Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Micheal Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas

Start time: 6:00 PM

End time: 6:15 PM

What went wrong?

- Did we do a good job estimating our team's velocity?
 - Many user stories were completed this sprint overall and remaining issues have been set aside to be resolved in a future sprint.
- Did we do a good job estimating the points (time required) for each user story?
 - Yes, the points assigned to the user stories were adequately estimated for this sprint.
- Did each team member work as scheduled?
 - Yes, team members worked to complete their issues and keep working on assigned user stories for this sprint.

How to address the issues in the next sprint?

- How to improve the process?
 - Try to assign two members to each user story to ensure it gets completed by the end of the sprint.
- How to improve the product?
 - Team members are continually adding new issues to the project GitHub to make sure there are always tasks to work on and assign for each sprint. This also ensures the product is continually updated and improving.

Sprint Review Meeting Minutes:

Attendees: David Martinez, Lisabeth Roche, Michael Ferrer, Daniel King, Eden Sasson, Elijah Khazzouh, Aqib Shah, Justin Venegas

Start time: 6:00 PM

End time: 6:15 PM

After a show and tell presentation, the implementation of the following user stories were accepted by the product owners:

- User Story 1: Review Pull Requests of Issues in other User Stories
- User Story 2: Complete Final Deliverable

The following ones were rejected and moved back to the product backlog to be assigned to a future sprint at a future Sprint Planning meeting.
