The product owner chose the following user stories to be done during the following sprint. They are ordered based on their priority.- *Product Owner will confirm submitted User Stories priority afterward.*

User Stories - Confirmed for Sprint 3

- 1 - As a developer, I would like to develop any UX/UI having to do with changing the email address and any additional account changes (Carolina & Karen) -> 4 user story
- 2 - As a caregiver, I would like to get notified of the boomer's emergency so that I can act accordingly. (Jasmin & Destany) -> 5 story points
- 3 - As a user (baby boomer) I would like to be able to chat/contact my caregivers about any concerns or questions that I may have regarding my health. (Roey & Eduardo) → 10 story points

User Stories - To be Confirmed for Sprint 4 from Pending User Stories

- 1 - As a caregiver, I want to see my dashboard, recipients, profile, settings, and log out in the menu.
- 2 - As a boomer, I would like to add medications to the medications page and have them be accessible from any device.
- 3 - As a developer, I would like to implement the missing UI pages and ensure it stays true to the UI design.
- 4 - As a boomer/caregiver, I would like to receive notifications about emergencies or important dates regarding the medications.
