

Sprint 1 Planning Meeting Minutes:

Attendees: John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed, Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Start time: 3:00 PM EST

End time: 3:45 PM EST

Date:8/27/2021

After discussion, the velocity of the team was estimated to be 40 hours.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **WEBSNAK-1 Research Firebase (2 points)**
 - As a developer, I should conduct research on how Firebase is being implemented into the Snackability Web App.
- **WEBSNAK-2 Research Implementation of Admin Page for PO (3 points)**
 - As a developer, I should conduct research on different ways to implement an admin page for the product owner.
- **WEBSNAK-3 Research Azure (5 points)**
 - As a developer, I should conduct research on how to deploy the Snackability Web App using Microsoft Azure.
- **WEBSNAK-4 Deploy the Snackability Web App (5 points)**
 - As a developer, I should deploy the Snackability Web App using Microsoft Azure.
- **WEBSNAK-5 Start Implementing a Contact Us page (5 points)**
 - As a developer, I should start working on a contact us page that will serve as a way for users to request access to the web app.

The team members indicated their willingness to work on the following user stories.

- **WEBSNAK-1 Research Firebase (2 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-2 Research Implementation of Admin Page for PO (3 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-3 Research Azure (5 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-4 Deploy the Snackability Web App (5 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-5 Start Implementing a Contact Us page (5 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed

Total points assigned for the sprint:

John:	~10 pts
Thiago:	~10 pts
Samantha:	~10 pts
Garcia:	~10 pts
Faran:	~10 pts
Jose:	~10 pts
Anthony:	~10 pts
Ricardo:	~10 pts
Richard:	~10 pts

Sprint 2 Planning Meeting Minutes:

Attendees: John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed, Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Start time: 5:00 PM EST

End time: 5:45 PM EST

Date: 9/13/2021

After discussion, the velocity of the team was estimated to be 40 hours.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **WEBSNAK-6 Make a create account page (5 points)**
 - As a developer, I should make a “create account” page.
- **WEBSNAK-7 Make a reset password page (5 points)**
 - As a developer, I should make a “reset password” page.
- **WEBSNAK-8 Research ways to implement the login system (5 points)**
 - As a developer, I should conduct research on different methods of implementing a login system.
- **WEBSNAK-9 Research custom domains for Snackability (3 points)**
 - As a developer, I should conduct research on some potential custom domains for Snackability.
- **WEBSNAK-10 Research how to restrict access to a page (2 points)**
 - As a developer, I should find ways of restricting access to a page and only allowing specific users on that page.

The team members indicated their willingness to work on the following user stories.

- **WEBSNAK-6 Make a create account page (5 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-7 Make a reset password page (5 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-8 Research ways to implement the login system (5 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-9 Research custom domains for Snackability (3 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-10 Research how to restrict access to a page (2 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Total points assigned for the sprint:

John:

~10 pts

Thiago:	~10 pts
Samantha:	~10 pts
Garcia:	~10 pts
Faran:	~10 pts
Jose:	~10 pts
Anthony:	~10 pts
Ricardo:	~10 pts
Richard:	~10 pts

Sprint 3 Planning Meeting Minutes:

Attendees: John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed, Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Start time: 4:00 PM EST

End time: 4:45 PM EST

Date:9/27/2021

After discussion, the velocity of the team was estimated to be 40 hours.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **WEBSNAK-11 Implement a role system into the web app (5 points)**
 - As a developer, I should implement a role system into the web app.
- **WEBSNAK-12 Start working on fixing the snack score generation (3 points)**
 - As a developer, I should start fixing bugs in the snack score generation.
- **WEBSNAK-13 Improve the create account page (2 points)**
 - As a developer, I should improve upon what was done in the create account page.
- **WEBSNAK-14 Research ways to implement the role system (5 points)**
 - As a developer, I should conduct research on different methods of implementing a role system.
- **WEBSNAK-15 Research Firebase Custom User Claims (3 points)**
 - As a developer, I should conduct research on Firebase's custom user claims and whether they can help with the role system's implementation.
- **WEBSNAK-16 Start researching ways of fixing the issue with the processed foods score generation (2 points)**
 - As a developer, I start researching ways of fixing the issue with the processed foods score generation.

The team members indicated their willingness to work on the following user stories.

- **WEBSNAK-11 Implement a role system into the web app (5 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-12 Start working on fixing the snack score generation (3 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-13 Improve the create account page (2 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-14 Research ways to implement the role system (5 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-15 Research Firebase Custom User Claims (3 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-16 Start researching ways of fixing the issue with the processed foods score generation (2 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Total points assigned for the sprint:

John:	~10 pts
Thiago:	~10 pts
Samantha:	~10 pts
Garcia:	~10 pts
Faran:	~10 pts
Jose:	~10 pts
Anthony:	~10 pts
Ricardo:	~10 pts
Richard:	~10 pts

Sprint 4 Planning Meeting Minutes:

Attendees: John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed, Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Start time: 4:00 PM EST

End time: 4:45 PM EST

Date: 10/11/2021

After discussion, the velocity of the team was estimated to be 40 hours.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **WEBSNAK-17 Fix bug when generating a processed food score (5 points)**
 - As a developer, I should fix the bug found in the processed foods part of the snack score component.
- **WEBSNAK-18 Fix any other bugs found by the PO related to the snack score (5 points)**
 - As a developer, I should fix any other bugs found by the PO related to the snack score component of the webapp.
- **WEBSNAK-19 Research a potential database implementation for the snack score component (5 points)**
 - As a developer, I should research a potential database implementation for the snack score component.
- **WEBSNAK-20 Research ways to implement the administration system (3 points)**
 - As a developer, I should conduct research on different methods of implementing an administration system.
- **WEBSNAK-21 Research Firestore (2 points)**
 - As a developer, I should conduct research on Firebase's Firestore as a potential database for the snack score component.

The team members indicated their willingness to work on the following user stories.

- **WEBSNAK-17 Fix bug when generating a processed food score (5 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-18 Fix any other bugs found by the PO related to the snack score (5 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-19 Research a potential database implementation for the snack score component (5 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-20 Research ways to implement the administration system (3 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-21 Research Firestore (2 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Total points assigned for the sprint:

John:	~10 pts
Thiago:	~10 pts
Samantha:	~10 pts
Garcia:	~10 pts
Faran:	~10 pts
Jose:	~10 pts
Anthony:	~10 pts
Ricardo:	~10 pts
Richard:	~10 pts

Sprint 5 Planning Meeting Minutes:

Attendees: John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed, Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Start time: 4:00 PM EST

End time: 4:45 PM EST

Date: 10/25/2021

After discussion, the velocity of the team was estimated to be 40 hours.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **WEBSNAK-22 Start implementing the administration page (5 points)**
 - As a developer, I should start implementing the administration page which will allow the PO to manage and see who has access to the web app.
- **WEBSNAK-23 Improve the Snack Score display page (5 points)**
 - As a developer, I should improve the snack score display page in order to make it more user friendly and more obvious of what snack you're consuming.
- **WEBSNAK-24 Test searching different snacks and determine if the 1st ingredient score calculation is faulty (5 points)**
 - As a developer, I should test searching different snacks in order to determine if the 1st ingredient score calculation is faulty.
- **WEBSNAK-25 Continue researching ways to implement the administration page (3 points)**
 - As a developer, I should continue conducting research on different methods of implementing the administration page.
- **WEBSNAK-26 Research ways of improving the usability of the app (2 points)**
 - As a developer, I should conduct research on ways of improving the usability of the app. For example, determining where in the app to add help icons with more information.

The team members indicated their willingness to work on the following user stories.

- **WEBSNAK-22 Start implementing the administration page (5 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-23 Improve the Snack Score display page (5 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-24 Test searching different snacks and determine if the 1st ingredient score calculation is faulty (5 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-25 Continue researching ways to implement the administration page (3 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-26 Research ways of improving the usability of the app (2 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Total points assigned for the sprint:

John:	~10 pts
Thiago:	~10 pts
Samantha:	~10 pts
Garcia:	~10 pts
Faran:	~10 pts
Jose:	~10 pts
Anthony:	~10 pts
Ricardo:	~10 pts
Richard:	~10 pts

Sprint 6 Planning Meeting Minutes:

Attendees: John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed, Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Start time: 4:00 PM EST

End time: 4:45 PM EST

Date: 11/8/2021

After discussion, the velocity of the team was estimated to be 40 hours.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **WEBSNAK-23 Improve the Snack Score display page (5 points)**
 - As a developer, I should improve the snack score display page in order to make it more user friendly and more obvious of what snack you're consuming.
- **WEBSNAK-27 Fix the bug in the 1st ingredient score (3 points)**
 - As a developer, I should fix the bug in the 1st ingredient part of the snack score calculator.
- **WEBSNAK-28 Start making the web app more mobile friendly: navigation bar (2 points)**
 - As a developer, I should start making the web app more mobile friendly, specifically, the navigation bar.
- **WEBSNAK-29 Research other ways of making the app more mobile friendly (5 points)**
 - As a developer, I should conduct research on ways of making the web app more mobile friendly.
- **WEBSNAK-30 Research ways of pulling necessary information from the USDA API (5 points)**
 - As a developer, I should conduct research on ways of pulling necessary information from the USDA API.

The team members indicated their willingness to work on the following user stories.

- **WEBSNAK-23 Improve the Snack Score display page (5 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-27 Fix the bug in the 1st ingredient score (3 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-28 Start making the web app more mobile friendly: navigation bar (2 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-29 Research other ways of making the app more mobile friendly (5 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-30 Research ways of pulling necessary information from the USDA API (5 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Total points assigned for the sprint:

John:	~10 pts
Thiago:	~10 pts
Samantha:	~10 pts
Garcia:	~10 pts
Faran:	~10 pts
Jose:	~10 pts
Anthony:	~10 pts
Ricardo:	~10 pts
Richard:	~10 pts

Sprint 7 Planning Meeting Minutes:

Attendees: John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed, Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Start time: 4:00 PM EST

End time: 4:45 PM EST

Date: 11/22/2021

After discussion, the velocity of the team was estimated to be 40 hours.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **WEBSNAK-31 Clean up the web app's code (5 points)**
 - As a developer, I should clean up the web app's code to make it easier to read.
- **WEBSNAK-32 Prepare Capstone 1 for next semester (5 points)**
 - As a developer, I should host meetings with the students of Capstone 1 to prepare them for next semester.
- **WEBSNAK-33 Attend the meetings hosted by the Capstone 2 members (5 points)**
 - As a developer, I should attend all of the meetings hosted by Capstone 2 to prepare for next semester.
- **WEBSNAK-34 Ask Capstone 2 any questions we may have (5 points)**
 - As a developer, I should talk to Capstone 2 whenever we run into issues understanding the web app.

The team members indicated their willingness to work on the following user stories.

- **WEBSNAK-31 Clean up the web app's code (5 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-32 Prepare Capstone 1 for next semester (5 points)**
 - John Perez, Thiago Novaes, Samantha Loeb, Garcia Milord, Faran Majeed
- **WEBSNAK-33 Attend the meetings hosted by the Capstone 2 members (5 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte
- **WEBSNAK-34 Ask Capstone 2 any questions we may have (5 points)**
 - Jose Arosemena, Anthony Pena, Ricardo Colom, Richard Uriarte

Total points assigned for the sprint:

John:	~10 pts
Thiago:	~10 pts
Samantha:	~10 pts
Garcia:	~10 pts
Faran:	~10 pts
Jose:	~10 pts
Anthony:	~10 pts
Ricardo:	~10 pts
Richard:	~10 pts
