

Daily Scrum Meeting Minutes 1:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:05/17/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with the product owner and discussed the scope of the project.
 - Discussed sprint priorities with product owner and team.
 - Discussed team distribution across both platforms for Snackability Web.
- What is planned to be done until the next scrum meeting?
 - Work on the USDA database search.
 - Watch MongoDB videos.
- What are the hurdles?
 - USDA return table format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with product owner who assigned the tasks for these term
 - Q/A with the product owner and Capstone 2 team lead
 - Met with Capstone 2 to distribute the tasks assigned by PO
- What is planned to be done until the next scrum meeting?
 - Work on the USDA database search.
- What are the hurdles?
 - Understanding the USDA database search implementation.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - We met with our Product Owner to discuss our priorities for this term.
 - Discussed team distribution and assigned task.
 - Set up our working environment.
- What is planned to be done until the next scrum meeting?
 - Start developing the front end with Luis socarras.
- What are the hurdles?
 - None as of now.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with the product owner and discussed the scope of the project for this iteration.
 - Discussed priorities and task distribution throughout the team.
- What is planned to be done until the next scrum meeting?
 - Setup the local environment and run the project on the computer.
 - Review frontend code.
 - Research on scanning barcode using the web app.
- What are the hurdles?
 - Potential errors when running the project.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met the product owner to discuss about the project
 - Discussed team distribution and assigned task.
- What is planned to be done until the next scrum meeting?
 - Start developing the front end
- What are the hurdles?
 - None

John Perez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with the Product Owner and discussed our goals for this semester.
 - Watched an introductory video to the MERN stack.
 - Download and install the necessary software needed to open and start working on the Snackability web app.
- What is planned to be done until the next scrum meeting?
 - Familiarize ourselves with the code already written in the web version of the app.
 - Familiarize ourselves with the MERN stack.
 - Work on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as, the MERN stack, project documentation, and previous work done on both the Web app and Mobile app.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Meeting with the Product Owner to understand our goals for the project.
 - Reviewed code on the repository to start understanding the code base
- What is planned to be done until the next scrum meeting?
 - Set up the local environment to be able to run and build the applications
 - Contribute with the development of the code base and implementation of stories.
- What are the hurdles?
 - Normalize the data received from USDA and local databases.

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with the product owner, discussed the project along with Capstone II students and discussed priorities in our project.
- What is planned to be done until the next scrum meeting?
 - Review project documentation and past work.
 - Set up the local environment to be able to run and build the applications.
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - Research documentation, familiarize myself with the technical aspects of the project such as programming language, past work and final product functionality.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with the product owner, discussed the project along with Capstone II students and discussed priorities in our project.
 - Created a “how to learn MERN stack” guide for other inexperienced CAP I students
 - Set up front end and backend and made sure it worked
- What is planned to be done until the next scrum meeting?
 - Review MERN study guide, and improve understanding of MongoDB specifically
 - Review the already written web code
- What are the hurdles?
 - Reading code written by other people and understanding it while also optimizing it

Daily Scrum Meeting Minutes 2:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:05/18/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the USDA database search.
 - Watch MongoDB videos.
- What is planned to be done until the next scrum meeting?
 - Work on the USDA database search.
 - Watch MongoDB videos.
- What are the hurdles?
 - USDA return table format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Research on the USDA DB
 - Watch Node videos.
- What is planned to be done until the next scrum meeting?
 - Work on the USDA database search.
 - Watch Node videos.
- What are the hurdles?
 - Table Format for the USDA DB.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Set up an environment and started to watch tutorials.
- What is planned to be done until the next scrum meeting?
 - Keep researching on React.js and front end developing.
- What are the hurdles?
 - None as of now.

Onel Sanchez:

- How many hours did I work since the last meeting?

- 2
- What was done since the last scrum meeting?
 - Setup the local environment and run the project on the computer.
 - Reviewed frontend code.
- What is planned to be done until the next scrum meeting?
 - Keep Research on scanning barcode using the web app.
- What are the hurdles?
 - None as of now

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Star developing the front end
- What is planned to be done until the next scrum meeting?
 - Continue developing the front end
- What are the hurdles?
 - None

John Perez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continued to watch video tutorials on how to use the MERN stack.
 - Got a beta version of the Snackability web app working on my computer using Visual Studio Code.
 - Looked at the code already written at the frontend portion of the app.
- What is planned to be done until the next scrum meeting?
 - Continue familiarizing ourselves with the code already written in the web version of the app.
 - Continue familiarizing ourselves with the MERN stack.
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as, the MERN stack, project documentation, and previous work done on both the Web app and Mobile app.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?

- Setup the local environment to be able to run and build the application
- Tested the application to make sure everything was working well
- Created a new branch to work on changes
- Started to analyse the code to see areas that could/should be refactored
- What is planned to be done until the next scrum meeting?
 - Contribute with the development of the code base and implementation of stories defined for the current sprint.
- What are the hurdles?
 - Normalize the data received from USDA and local databases.

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1.5
- What was done since the last scrum meeting?
 - Continue familiarizing ourselves with the MERN stack.
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What is planned to be done until the next scrum meeting?
 - Review project documentation and past work.
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - Research documentation, familiarize myself with the technical aspects of the project such as programming language, past work and final product functionality.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Created a SCRUM overview document for CAP I students to help familiarize with Sprints, SCRUM terms, etc
- What is planned to be done until the next scrum meeting?
 - Meeting with the other CAP I students and reviewing SCRUM
 - Review MERN study guide, and improve understanding of MongoDB specifically
 - Review the already written web code
- What are the hurdles?
 - We had a meeting planned to go over the SCRUM documents but had a scheduling error so we will do that tomorrow (planned, not concrete)

Daily Scrum Meeting Minutes 3:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:05/19/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the USDA database search.
 - Watch MongoDB videos.
- What is planned to be done until the next scrum meeting?
 - Work on the USDA database search.
 - Watch MongoDB videos.
- What are the hurdles?
 - USDA return table format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Research on the USDA DB
 - Watch Node videos.
- What is planned to be done until the next scrum meeting?
 - Work on the USDA database search.
 - Watch MongoDB and Node videos.
- What are the hurdles?
 - None.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work with Luis on the web graphs.
- What is planned to be done until the next scrum meeting?
 - Working with Luis on our graphs.
- What are the hurdles?
 - None as of now.

Onel Sanchez:

- How many hours did I work since the last meeting?

- 2
- What was done since the last scrum meeting?
 - Setup the local environment and run the project on the computer.
 - Reviewed frontend code.
- What is planned to be done until the next scrum meeting?
 - Keep Research on scanning barcodes using the web app.
 - Start developing the front end.
- What are the hurdles?
 - None as of now

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Star developing the front end
 - Watch React videos
- What is planned to be done until the next scrum meeting?
 - Continue developing the front end
- What are the hurdles?
 - None

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Researched what Firebase is and how it can be implemented in our project.
 - Continued to watch video tutorials on how to use the MERN stack.
- What is planned to be done until the next scrum meeting?
 - Continue our research into Firebase.
 - Continue familiarizing ourselves with the code already written in the web version of the app.
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as, the MERN stack, project documentation, and previous work done on both the Web app and Mobile app.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Researched about firebase authentication
 - Started thinking about the best strategy to implement firebase authentication

- What is planned to be done until the next scrum meeting?
 - Continue researching about firebase
 - Start to test firebase authentication implementation in a test project
- What are the hurdles?
 - Normalize the data received from USDA and local databases.

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1.5
- What was done since the last scrum meeting?
 - I started a MongoDB tutorial on Udemy.
 - I started a HTML and CSS tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Review project documentation and past work.
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - Research documentation, familiarize myself with the technical aspects of the project such as programming language, past work and final product functionality.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Looked into what Firebase is and how it works and watched a few short video's explaining it
 - Did a brief session on React Coding examples
- What is planned to be done until the next scrum meeting?
 - Meeting with the other CAP I students and reviewing SCRUM
 - Review MERN study guide, and improve understanding of MongoDB specifically
 - Review the already written web code
- What are the hurdles?
 - Research documentation, familiarize myself with the technical aspects of the project such as programming language, past work and final product functionality.

Daily Scrum Meeting Minutes 4:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:05/20/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the USDA database search front end.
 - Watch MongoDB videos.
- What is planned to be done until the next scrum meeting?
 - Keep working on the USDA database search format for the front end page.
 - Watch MongoDB videos.
- What are the hurdles?
 - USDA return table format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the USDA DB
 - Watch MongoDB videos.
- What is planned to be done until the next scrum meeting?
 - Continue working on the USDA database search format.
 - Watch Node videos.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work with Luis on the web graphs.
- What is planned to be done until the next scrum meeting?
 - Continue working with Luis on the graphs.
- What are the hurdles?
 - Design.

Onel Sanchez:

- How many hours did I work since the last meeting?

- 2
- What was done since the last scrum meeting?
 - Checking components of the front end
 - Reviewed frontend code.
- What is planned to be done until the next scrum meeting?
 - Watch React videos.
 - Start developing the front end.
- What are the hurdles?
 - None as of now

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continue developing the front end
 - Watch React videos
- What is planned to be done until the next scrum meeting?
 - Continue developing the front end
- What are the hurdles?
 - None

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued to familiarize myself with the MERN stack using Samantha's MERN guide.
- What is planned to be done until the next scrum meeting?
 - Meet with the other Capstone 1 students to discuss what SCRUM is and how it is used in this class.
 - Continue familiarizing ourselves with the code already written in the web version of the app.
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as, the MERN stack, project documentation, and previous work done on both the Web app and Mobile app.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Researched about firebase authentication

- Start to test firebase authentication implementation in a test project
- What is planned to be done until the next scrum meeting?
 - Continue researching about firebase
 - Continue testing implementation on the test project
 - Participate in a cap 1 meeting about SCRUM
- What are the hurdles?
 - Normalize the data received from USDA and local databases.

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - I kept working on the MongoDB tutorial on Udemy.
 - I kept working on the HTML and CSS tutorial on Udemy.
 - I started a JavaScript tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Meeting with the other CAP I students and reviewing SCRUM
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 2.5
- What was done since the last scrum meeting?
 - Looked into some React coding projects with API's. There is a list of 6 that I want to try to
- What is planned to be done until the next scrum meeting?
 - Meeting with the other CAP I students and hosting the SCRUM review meeting
 - Get more practice with fetching data and also rendering from React
- What are the hurdles?
 - Mostly time availability between the other CAP I members and time management

Daily Scrum Meeting Minutes 5:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:05/21/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the USDA database search front end.
 - Watch MongoDB videos.
- What is planned to be done until the next scrum meeting?
 - Keep working on the USDA database search format for the front end page.
 - Watch MongoDB videos.
- What are the hurdles?
 - USDA return table format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the USDA DB
 - Watch MongoDB videos.
- What is planned to be done until the next scrum meeting?
 - Keepworking on the USDA database search format.
 - Watch MongoDBvideos.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work with Luis on the web graphs.
- What is planned to be done until the next scrum meeting?
 - Continue working with Luis on the graphs.
- What are the hurdles?
 - Design.

Onel Sanchez:

- How many hours did I work since the last meeting?

- 2
- What was done since the last scrum meeting?
 - Checking components of the front end
 - Watched React videos.
 - Reviewed frontend code.
- What is planned to be done until the next scrum meeting?
 - Continue checking React tutorials.
 - Testing components for the frontend.
- What are the hurdles?
 - None as of now

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Watch chart.js in react tutorial
- What is planned to be done until the next scrum meeting?
 - Work with Miguel in developing charts
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with all Capstone 1 students to discuss SCRUM and how it is used in this course.
 - Continue to familiarize myself with the MERN stack using Samantha's MERN guide.
- What is planned to be done until the next scrum meeting?
 - Continue familiarizing ourselves with the code already written in the web version of the app.
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as, the MERN stack, project documentation, and previous work done on both the Web app and Mobile app.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continued researching about firebase

- Continued testing implementation on the test project
 - Participated in a cap 1 meeting about SCRUM
- What is planned to be done until the next scrum meeting?
 - Researching about login system implementation
 - Continued testing implementation on the test project
- What are the hurdles?
 - Normalize the data received from USDA and local databases.

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - The Capstone I meeting took place. We reviewed SCRUM and discussed how to organize the project.
 - I kept working on the JavaScript tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Keep working on HTML and CSS, MongoDB and JavaScript tutorials on Udemy,.
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Had a meeting with the other CAP I students reviewing SCRUM
 - Planned with the other CAP I students how to spend this semester and general plans for CAP II
- What is planned to be done until the next scrum meeting?
 - Continue working on React App practice
- What are the hurdles?
 - Managing time with all other classes and making sure all CAP I students are on the same pace/level

Daily Scrum Meeting Minutes 8:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:05/21/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the Improvements of the score breakdown.
 - Work on the USDA database search front end.
- What is planned to be done until the next scrum meeting?
 - Keep working on the USDA database search format for the front end page.
 - Keep working on the Improvements of the score breakdown.
 - Watch MongoDB videos.
- What are the hurdles?
 - USDA return table format.
 - Formula Conversion

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the USDA DB
 - Watch MongoDB videos.
 - Working on the render behavior page
 - Working on image button
 - Working on score conversion formulas
 - Working calculate consume,back button
- What is planned to be done until the next scrum meeting?
 - Keepworking on the USDA database search format.
 - Watch MongoDBvideos.
 - Keep working on Bootsrap Popovers
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?

- Work with Luis and Onel on the web graphs.
- What is planned to be done until the next scrum meeting?
 - Work with Luis and Onel to develop the graphs that we are going to present on Wednesday to our PO.
- What are the hurdles?
 - Lack of experience using react.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Checking components of the front end
 - Implemented graph in the frontend
- What is planned to be done until the next scrum meeting?
 - Match colors with the same palette used in the app
 - Create static content to test the graph.
- What are the hurdles?
 - None as of now

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work with Miguel and Onel on developing the chart
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Worked on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue familiarizing ourselves with the code already written in the web version of the app.
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as, the MERN stack, project documentation, and previous work done on both the Web app and Mobile app.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Researched about login system implementation
 - Continued testing implementation on the test project
- What is planned to be done until the next scrum meeting?
 - Research about login system implementation
 - Continue to test implementation on the test project
- What are the hurdles?
 - Normalize the data received from USDA and local databases.

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 3
- What was done since the last scrum meeting?
 - I kept working on the HTML and CSS tutorial on Udemy.
 - I kept working on the MongoDB tutorial on Udemy.
 - I kept working on the JavaScript tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Keep working on HTML and CSS, MongoDB and JavaScript tutorials on Udemy,.
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued working on “how to” weather app project
 - Currently working on header with search bar function + drop down
- What is planned to be done until the next scrum meeting?
 - Continue working on “how to” weather app project
- What are the hurdles?
 - Managing time with all other classes and making sure all CAP I students are on the same pace/level

Daily Scrum Meeting Minutes 9:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:05/25/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the Improvements of the score breakdown.
 - Work on the USDA database search front end.
- What is planned to be done until the next scrum meeting?
 - Keep working on the USDA database search format for the front end page.
 - Keep working on the Improvements of the score breakdown.
 - Keep watching MongoDB videos.
- What are the hurdles?
 - USDA return table format.
 - Formula Conversion

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the USDA database search format.
 - Work on Bootstrap Popovers
- What is planned to be done until the next scrum meeting?
 - Keep working on the USDA database search format.
 - Watch MongoDB videos.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work with Luis and Onel on the web graphs, changed colors and play with it.
- What is planned to be done until the next scrum meeting?
 - Work with Luis and Onel to develop the graphs that we are going to present on Wednesday to our PO.
- What are the hurdles?

- Lack of experience.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Checking components of the front end
 - Match graph colors with the same palette used in the app
- What is planned to be done until the next scrum meeting?
 - Checked how to handle the info to display in the graph.
- What are the hurdles?
 - None as of now

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work with Miguel and Onel on developing the chart
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as, the MERN stack, project documentation, and previous work done on both the Web app and Mobile app.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Researched about login system implementation
 - Continued testing implementation on the test project

- What is planned to be done until the next scrum meeting?
 - Research about login system implementation
 - Continue to test implementation on the test project
- What are the hurdles?
 - Normalize the data received from USDA and local databases.

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - I kept working on the MongoDB tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Keep working on HTML and CSS, MongoDB and JavaScript tutorials on Udemy,.
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued working on “how to” weather app project
 - Currently working on header with search bar function + drop down
 - (no change from yesterday)
- What is planned to be done until the next scrum meeting?
 - Continue working on “how to” weather app project
- What are the hurdles?
 - Managing time with all other classes
 - Making sure all CAP I students are on the same pace/level
 - Learning React in detail
 - Learning MongoDB

Daily Scrum Meeting Minutes 10:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:05/26/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the Improvements of the score breakdown.
 - Work on the USDA database search front end.
- What is planned to be done until the next scrum meeting?
 - Keep working on the USDA database search format for the front end page.
 - Keep working on the Improvements of the score breakdown.
 - Keep watching MongoDB videos.
- What are the hurdles?
 - USDA return table format.
 - Formula Conversion

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the USDA database search format.
- What is planned to be done until the next scrum meeting?
 - Keep working on the USDA database search format.
 - Watch MongoDB videos.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work with Luis and Onel on the web graphs, changed colors and play with it.
- What is planned to be done until the next scrum meeting?
 - Work with capstone II to determine next tasks assigned.
- What are the hurdles?
 - Lack of experience.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with the PO to check what are we going to work for the next sprint
 - Checked how to handle the info to display in the graph.
- What is planned to be done until the next scrum meeting?
 - Check the scoring system code from the mobile app
- What are the hurdles?
 - Understand codebase from mobile app.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with the PO
 - Research
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Attended meeting with the Product Owner.
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as the MERN stack and project documentation.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Participated in the PO Meeting
 - Researched about login system implementation
 - Continued testing implementation on the test project

- What is planned to be done until the next scrum meeting?
 - Start checking the scoring code, to understand what is going on
- What are the hurdles?
 - Normalize the data received from USDA and local databases.

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - I kept working on the MongoDB tutorial on Udemy.
 - I kept working on the JavaScript tutorial on Udemy.
 - We met with the product owner at 4:30 pm. The meeting the main issues and implementation.
- What is planned to be done until the next scrum meeting?
 - Keep working on HTML and CSS, MongoDB and JavaScript tutorials on Udemy,.
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Met with the product owner on current development, problems, and expectations
 - Planned a meeting with Cap I and Cap II to see how to proceed
- What is planned to be done until the next scrum meeting?
 - Partake in a meeting with Cap I and Cap II to see how to proceed
- What are the hurdles?
 - Experience with React to do what is needed by the PO
 - Using old code that just barely works but is not optimized
 - Not being allowed to change code from direction of the PO

Daily Scrum Meeting Minutes 11:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:05/27/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the Improvements of the score breakdown.
 - Work on the USDA database search front end.
- What is planned to be done until the next scrum meeting?
 - Keep working on the USDA database search format for the front end page.
 - Keep working on the Improvements of the score breakdown.
 - Keep watching MongoDB videos.
- What are the hurdles?
 - USDA return table format.
 - Formula Conversion

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the USDA database search format.
- What is planned to be done until the next scrum meeting?
 - Keep working on the USDA database search format.
 - Watch MongoDB videos.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Discussed assigned tasks with our PO and team to assign parts of the project to each one.
- What is planned to be done until the next scrum meeting?
 - Work on analyzing the code of the mobile app.
- What are the hurdles?
 - Lack of experience.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with Capstone 2 to split the work for the next sprint
- What is planned to be done until the next scrum meeting?
 - Check the scoring system code from the mobile app
 - Study the logic for the first ingredient and processed food from the mobile app.
- What are the hurdles?
 - Understand codebase from mobile app.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Research
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as the MERN stack and project documentation.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Start checking the scoring code, to understand what is going on
- What is planned to be done until the next scrum meeting?
 - Continue checking the scoring code, to understand what is going on

- What are the hurdles?
 - Normalize the data received from USDA and local databases.

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - I kept working on the MongoDB and JavaScript tutorials on Udemy.
 - I kept reviewing the code of the project.
- What is planned to be done until the next scrum meeting?
 - Keep working on HTML and CSS, MongoDB and JavaScript tutorials on Udemy,.
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Watched video provided by CAPI I and CAP II
 - Finished Header in weather 'how to' app
- What is planned to be done until the next scrum meeting?
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Experience with React
 - Experience with MongoDB

Daily Scrum Meeting Minutes 12:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:05/28/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the Improvements of the score breakdown.
 - Work on the USDA database search front end.
- What is planned to be done until the next scrum meeting?
 - Keep working on the USDA database search format for the front end page.
 - Keep working on the Improvements of the score breakdown.
 - Keep watching MongoDB videos.
- What are the hurdles?
 - USDA return table format.
 - Formula Conversion

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on improvements for the front end..
- What is planned to be done until the next scrum meeting?
 - Watch MongoDBvideos.
 - Continue working on improvements for the front end.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Discussed assigned tasks with our PO and team to assign parts of the project to each one.
- What is planned to be done until the next scrum meeting?
 - Work on analyzing the code of the mobile app.
- What are the hurdles?
 - Lack of experience.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Checked the scoring algorithm from the mobile app.
- What is planned to be done until the next scrum meeting?
 - Check the scoring system code from the mobile app
 - Work on how to implement the first ingredient algorithm in the web app.
- What are the hurdles?
 - Understand codebase from mobile app.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Research
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as the MERN stack and project documentation.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Start checking the scoring code, to understand what is going on
- What is planned to be done until the next scrum meeting?
 - Continue checking the scoring code, to understand what is going on

- What are the hurdles?
 - Normalize the data received from USDA and local databases.

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - I kept working on the MongoDB and JavaScript tutorials on Udemy.
 - I kept working on the HTML and CSS tutorial on Udemy.
 - I kept familiarizing myself with the code of the project.
- What is planned to be done until the next scrum meeting?
 - Keep working on HTML and CSS, MongoDB and JavaScript tutorials on Udemy,.
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued working on weather 'how to' app and familiarizing myself with React more
- What is planned to be done until the next scrum meeting?
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Experience with React
 - Experience with MongoDB

Daily Scrum Meeting Minutes 2:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/01/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the Improvements of the score breakdown.
 - Work on the USDA database search front end.
- What is planned to be done until the next scrum meeting?
 - Work on the Improvements for the front end of the main page.
 - Work on the Improvements for the front end of the snack page.
- What are the hurdles?
 - CSS styles.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on improvements for the front end..
- What is planned to be done until the next scrum meeting?
 - Watch MongoDBvideos.
 - Continue working on improvements for the front end.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Discussed assigned tasks with our PO and team to assign parts of the project to each one.
- What is planned to be done until the next scrum meeting?
 - Work on analyzing the code of the mobile app.
- What are the hurdles?
 - Lack of experience.

Onel Sanchez:

- How many hours did I work since the last meeting?

- 2
- What was done since the last scrum meeting?
 - Checked the scoring algorithm from the mobile app.
- What is planned to be done until the next scrum meeting?
 - Keep working on the implementation of the first ingredient algorithm in the web app.
- What are the hurdles?
 - Understand codebase from mobile app.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Reviewing the documentation and the app repository
 - Changes to the graph
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as the MERN stack.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on improvements for the frontend
- What is planned to be done until the next scrum meeting?
 - Continue working on improvements for the backend
- What are the hurdles?
 - Make the snacks table responsive

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - I kept familiarizing myself with the code of the project.
- What is planned to be done until the next scrum meeting?
 - Keep working on HTML and CSS, MongoDB and JavaScript tutorials on Udemy.
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Worked on basic design in the how to app
 - Looked at some more of the website code and try to get an overview of what's going on
- What is planned to be done until the next scrum meeting?
 - Continue working on weather 'how to' app
- What are the hurdles?
 - I feel like i'm a little bit behind in some of the MERN stack information, especially in regards to MongoDB

Daily Scrum Meeting Minutes 3:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/02/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the Improvements for the front end of the main page.
 - Work on the Improvements for the front end of the snack page.
- What is planned to be done until the next scrum meeting?
 - Keep working on the Improvements for the front end of the main page.
 - Keep working on the Improvements for the front end of the snack page.
- What are the hurdles?
 - USDA Table Format

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on improvements for the main page front end.
 - Work on conversion formulas
- What is planned to be done until the next scrum meeting?
 - Watch MongoDBvideos.
 - Continue working on improvements for the front end.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked along with Luis in developing the graphs
- What is planned to be done until the next scrum meeting?
 - Solving GitHub issue with Luis
- What are the hurdles?
 - We ran into some issues with GitHub were trying to solve.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2

- What was done since the last scrum meeting?
 - Met with Capstone 2 to define the user stories to implement this sprint
 - Checked the GET request to the USDA database and the format of the data.
- What is planned to be done until the next scrum meeting?
 - Keep working on the implementation of the first ingredient algorithm in the web app.
- What are the hurdles?
 - Try to reuse the code from the mobile app.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked along with Miguel in developing the graphs
- What is planned to be done until the next scrum meeting?
 - Solving GitHub issue with Miguel
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
 - Watch Capstone 2's meeting recording.
- What are the hurdles?
 - Understanding all of the different components of the project, such as the MERN stack.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on improvements for the frontend
- What is planned to be done until the next scrum meeting?
 - Continue working on improvements for the backend
- What are the hurdles?
 - Make the snacks table responsive

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - I kept familiarizing myself with the code of the project.
 - I worked on a JavaScript tutorial on Udemy.
 - I reinstalled the environment from scratch due a new Window 10 installation was needed.
- What is planned to be done until the next scrum meeting?
 - Keep working on HTML and CSS, MongoDB and JavaScript tutorials on Udemy.
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Watched the CAP II meeting recording
- What is planned to be done until the next scrum meeting?
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 4:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/03/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the Improvements for the front end of the main page.
 - Work on the Improvements for the front end of the snack page.
- What is planned to be done until the next scrum meeting?
 - Develop the search on the USDA page.
- What are the hurdles?
 - USDA Table Format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on improvements for the ingredients page front end.
 - Work on improvements for the process food page front end.
- What is planned to be done until the next scrum meeting?
 - Continue working on improvements for the front end.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked along with Luis in developing the graphs
- What is planned to be done until the next scrum meeting?
 - Solving GitHub issue with Luis
- What are the hurdles?
 - We ran into some issues with GitHub were trying to solve.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?

- Checked the GET request to the USDA database and the format of the data.
- What is planned to be done until the next scrum meeting?
 - Keep working on the implementation of the first ingredient algorithm in the web app.
- What are the hurdles?
 - Try to reuse the code from the mobile app.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Solving GitHub issue
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Watched Capstone 2's meeting recording.
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as the MERN stack.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on improvements for the frontend
- What is planned to be done until the next scrum meeting?
 - Continue working on improvements for the backend
- What are the hurdles?
 - Make the snacks table responsive

Vladimir Chavez:

- How many hours did I work since the last meeting?

- 2
- What was done since the last scrum meeting?
 - I kept familiarizing myself with the code of the project.
 - I worked on a JavaScript and MongoDB tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Keep working on HTML and CSS, MongoDB and JavaScript tutorials on Udemy.
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Working on the weather 'how to' app
 - Creating a better guide for how to apply css
- What is planned to be done until the next scrum meeting?
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 5:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/04/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the Improvements for the front end of the main page.
 - Work on the Improvements for the front end of the snack page.
- What is planned to be done until the next scrum meeting?
 - Develop the search on the USDA page.
- What are the hurdles?
 - USDA Table Format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on improvements for the ingredients page front end.
 - Work on improvements for the process food page front end.
- What is planned to be done until the next scrum meeting?
 - Continue working on improvements for the front end.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked along with Luis in developing the graphs
- What is planned to be done until the next scrum meeting?
 - Solving GitHub issue with Luis
- What are the hurdles?
 - We ran into some issues with GitHub were trying to solve.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?

- Worked on the backend in the first ingredient function.
 - Imported first ingredient csv file into Mongo db
- What is planned to be done until the next scrum meeting?
 - Keep working on the implementation of the first ingredient algorithm in the web app.
- What are the hurdles?
 - Try to reuse the code from the mobile app.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Solving GitHub issue
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as the MERN stack.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Worked on improvements for the frontend
- What is planned to be done until the next scrum meeting?
 - Continue working on improvements for the backend
- What are the hurdles?
 - Make the snacks table responsive

Vladimir Chavez:

- How many hours did I work since the last meeting?

- 2
- What was done since the last scrum meeting?
 - I kept familiarizing myself with the code of the project.
 - I worked on a JavaScript and MongoDB tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Working on the weather 'how to' app
 - Creating a header with an interactive search bar
- What is planned to be done until the next scrum meeting?
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 8:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/07/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Develop the search on the USDA page.
- What is planned to be done until the next scrum meeting?
 - Develop The Barcode Scanner
- What are the hurdles?
 - USDA Table Format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on improvements for the USDA search
 - Met with Aurelio and Onel
 - Reading and understanding the scoring code
- What is planned to be done until the next scrum meeting?
 - Continue working on improvements for the front end.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked along with Luis in developing the graphs and getting data from an external API for now
- What is planned to be done until the next scrum meeting?
 - Keep improving graphs to show to PO
- What are the hurdles?
 - Lack of experience

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2

- What was done since the last scrum meeting?
 - Met with Aurelio y William to check the scoring algorithm.
 - Went through the scoring code to understand it.
- What is planned to be done until the next scrum meeting?
 - Keep working on the implementation of the first ingredient algorithm in the web app.
- What are the hurdles?
 - Try to reuse the code from the mobile app.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working with miguel developing the graph
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Understanding all of the different components of the project, such as the MERN stack.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Fixed some frontend issues with other team members
- What is planned to be done until the next scrum meeting?
 - Work on improvements for the frontend
- What are the hurdles?
 - Make the snacks table responsive

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - I worked on a JavaScript and MongoDB tutorial on Udemy.
 - I have been working on how to implement the user's authentication.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and the time availability.
 - The authentication technologies and how the different components of the project work together.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Working on the weather 'how to' app
 - Creating a header with an interactive search bar (frontend)
- What is planned to be done until the next scrum meeting?
 - Finish header with an interactive search bar (frontend)
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 9:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/08/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Develop the search on the USDA page.
- What is planned to be done until the next scrum meeting?
 - Develop The Barcode Scanner
- What are the hurdles?
 - USDA Table Format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on improvements for the USDA search
 - Reading and understanding the scoring code
- What is planned to be done until the next scrum meeting?
 - Continue working on improvements for the front end.
- What are the hurdles?
 - Conversion issues.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked along with Luis in developing the graphs and getting data from an external API for now
- What is planned to be done until the next scrum meeting?
 - Keep improving graphs to show to PO
- What are the hurdles?
 - Lack of experience

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?

- Went through the scoring code to understand it.
- What is planned to be done until the next scrum meeting?
 - Keep working on the implementation of the first ingredient algorithm in the web app.
- What are the hurdles?
 - Try to reuse the code from the mobile app.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working with miguel developing the graph
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Lack of experience

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Finish learning the basics of MERN and finding time.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Worked on improving the frontend
- What is planned to be done until the next scrum meeting?
 - Start to do a checklist of improvements needed for the frontend
- What are the hurdles?
 - Make the snacks table responsive

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 2

- What was done since the last scrum meeting?
 - I worked on a JavaScript tutorial on Udemy.
 - I have been working on understanding the code of the project.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and the time availability.
 - The logic behind the frontend and backend can be hard to understand when the code of the project has not been commented on and to figure out the code without a vast knowledge of JavaScript and React makes it hard to understand the structure of a project based on React.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Working on the weather 'how to' app (no change)
 - Creating a header with an interactive search bar (frontend)
- What is planned to be done until the next scrum meeting?
 - Finish header with an interactive search bar (frontend)
 - Look more into connecting with an API instead of dummy data
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 10:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/09/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Develop The Barcode Scanner.
- What is planned to be done until the next scrum meeting?
 - Working on the USDA calculation points score.
- What are the hurdles?
 - USDA Table Format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Meeting with the Product Owner
 - Continue Improving the front end
- What is planned to be done until the next scrum meeting?
 - Analisis and distribution of the PO requirements.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked along with Luis in developing the graphs and getting data from an external API for now
- What is planned to be done until the next scrum meeting?
 - Keep improving graphs to show to PO
- What are the hurdles?
 - Lack of experience

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?

- Went through the scoring code to understand it.
 - Met with the product owner to check what we are doing for next sprint.
- What is planned to be done until the next scrum meeting?
 - Keep working on the implementation of the first ingredient algorithm in the web app.
- What are the hurdles?
 - Try to reuse the code from the mobile app.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with the product owner
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Lack of experience

John Perez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with the Product Owner.
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Finish learning the basics of MERN and finding time.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Worked on improving the frontend
- What is planned to be done until the next scrum meeting?
 - Start to do a checklist of improvements needed for the frontend
- What are the hurdles?
 - Make the snacks table responsive

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - I worked on a JavaScript tutorial on Udemy.
 - I have been working on understanding the code of the project.
 - Product owner meeting was held.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and the time availability.
 - The logic behind the frontend and backend can be hard to understand when the code of the project has not been commented on and to figure out the code without a vast knowledge of JavaScript and React makes it hard to understand the structure of a project based on React.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the weather 'how to' app (no change)
 - Meeting with the product owner, going over the work that has been done and her expectations of what should be done next
 - Focus was shifted a bit
 - Expanded some CSS knowledge
- What is planned to be done until the next scrum meeting?
 - Finish header with an interactive search bar (frontend)
 - Look more into connecting with an API instead of dummy data
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 11:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/10/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the USDA calculation points score.
- What is planned to be done until the next scrum meeting?
 - Working on the USDA calculation points score.
- What are the hurdles?
 - USDA Table Format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continue working on the USDA for the front end
- What is planned to be done until the next scrum meeting?
 - Working on the USDA for the front end.
- What are the hurdles?
 - Time constraints.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with PO to discuss important tasks
- What is planned to be done until the next scrum meeting?
 - Keep improving graphs for now as we might have to change our focus
- What are the hurdles?
 - Lack of experience

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Went through the scoring code to understand it.
- What is planned to be done until the next scrum meeting?

- Keep working on the implementation of the first ingredient algorithm in the web app.
- What are the hurdles?
 - Try to reuse the code from the mobile app.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Research
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Finish learning the basics of MERN and finding time.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Rewatched the recording from the PO Meeting
 - Took notes from the meeting
- What is planned to be done until the next scrum meeting?
 - Continue to do a checklist of improvements needed for the frontend
- What are the hurdles?
 - Make the snacks table responsive

Vladimir Chavez:

- How many hours did I work since the last meeting?

- 1
- What was done since the last scrum meeting?
 - I worked on a JavaScript tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and the time availability.
 - The logic behind the frontend and backend can be hard to understand when the code of the project has not been commented on and to figure out the code without a vast knowledge of JavaScript and React makes it hard to understand the structure of a project based on React.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Working on the weather 'how to' app (no change)
 - Looked into viable API resources
- What is planned to be done until the next scrum meeting?
 - Finish header with an interactive search bar (frontend)
 - Look more into connecting with an API instead of dummy data
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 12:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/11/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the USDA calculation points score.
- What is planned to be done until the next scrum meeting?
 - Working on the USDA calculation points score.
- What are the hurdles?
 - USDA Table Format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continue working on the USDA for the front end
- What is planned to be done until the next scrum meeting?
 - Working on the USDA for the front end.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with PO to discuss important tasks
- What is planned to be done until the next scrum meeting?
 - Keep improving graphs for now as we might have to change our focus
- What are the hurdles?
 - Lack of experience

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the first ingredient function.
- What is planned to be done until the next scrum meeting?

- Keep working on the implementation of the first ingredient algorithm in the web app.
 - Met with Capstone 2 on Saturday and work together on the scoring algorithm.
- What are the hurdles?
 - Try to reuse the code from the mobile app.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Research
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Finish learning the basics of MERN and finding time.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Finished checklist of frontend improvements
- What is planned to be done until the next scrum meeting?
 - Look how improvements can be implemented
- What are the hurdles?
 - Make the snacks table responsive

Vladimir Chavez:

- How many hours did I work since the last meeting?

- 1
- What was done since the last scrum meeting?
 - I worked on a JavaScript tutorial on Udemy.
 - I worked on mini projects of the Udemy's JavaScript tutorial.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and the time availability.
 - The logic behind the frontend and backend can be hard to understand when the code of the project has not been commented on and to figure out the code without a vast knowledge of JavaScript and React makes it hard to understand the structure of a project based on React.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Working on the weather 'how to' app
 - Worked on Get/Fetch API tactics
- What is planned to be done until the next scrum meeting?
 - Look more into connecting with an API instead of dummy data
 - Using open source weather API to fetch daily weather
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 01:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/14/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the USDA calculation points score.
- What is planned to be done until the next scrum meeting?
 - Research the Score Calculation
- What are the hurdles?
 - USDA Table Format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continue working on the USDA for the front end
- What is planned to be done until the next scrum meeting?
 - Working on how to read the csv file.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Review meeting recordings and work on the development of the Snackability graph.
- What is planned to be done until the next scrum meeting?
 - Keep improving the graph by adding actual dummy data instead of using an external API.
- What are the hurdles?
 - Lack of experience using react-graphjs

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?

- Implemented the first ingredient function in the backend.
 - Created the route for that function
- What is planned to be done until the next scrum meeting?
 - Test the first ingredient function from the frontend.
- What are the hurdles?
 - None.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Research
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Watched recording of Saturday's meeting with Cap 2.
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
 - Practiced Javascript with a small project.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Finish learning the basics of MERN and finding time.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Read documentation for the libraries being used
- What is planned to be done until the next scrum meeting?
 - Talk with other team members to help them with their needs
- What are the hurdles?
 - Make the snacks table responsive

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - I worked on a JavaScript tutorial on Udemy.
 - I worked on mini projects of the Udemy's JavaScript tutorial.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and the time availability.
 - Understanding the code of the project is difficult. The code is not commented.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Working on the weather 'how to' app
 - Worked on Get/Fetch API tactics
 - Worked on pulling simple info
- What is planned to be done until the next scrum meeting?
 - Look more into connecting with an API instead of dummy data
 - Using open source weather API to fetch daily weather
 - Continue working on weather 'how to' app
 - Meeting with CAP II
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 01:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/15/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the USDA calculation points score.
- What is planned to be done until the next scrum meeting?
 - Research the Score Calculation
- What are the hurdles?
 - USDA Table Format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continue working on how to read the csv file
- What is planned to be done until the next scrum meeting?
 - Keep working on how to read the csv file.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Keep improving the graph by adding actual dummy data instead of using an external API.
- What is planned to be done until the next scrum meeting?
 - Keep improving the graph
- What are the hurdles?
 - Lack of experience

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Implemented the first ingredient function in the backend.

- Created the route for that function
- What is planned to be done until the next scrum meeting?
 - Test the first ingredient function from the frontend.
- What are the hurdles?
 - None.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working with Miguel in developing
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Finish learning the basics of MERN and finding time.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Talk with other team members to help them with their needs
- What is planned to be done until the next scrum meeting?
 - Start researching how to move some backend logic current on the frontend, to the backend.
- What are the hurdles?
 - None as of now

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - I worked on a JavaScript tutorial on Udemy.
 - I saw some videos on YouTube about MERN.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and the time availability.
 - Understanding the code of the project is difficult. The code is not commented.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Working on the weather 'how to' app
 - Worked on pulling simple info
- What is planned to be done until the next scrum meeting?
 - Look more into connecting with an API instead of dummy data
 - Using open source weather API to fetch daily weather
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Time management currently due to other classes
 - Meeting was postponed
 - Power outage today (06/15)

Daily Scrum Meeting Minutes 03:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/16/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the USDA calculation points score.
- What is planned to be done until the next scrum meeting?
 - Research the Score Calculation
- What are the hurdles?
 - USDA Table Format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continue working on how to read the csv file
- What is planned to be done until the next scrum meeting?
 - Keep working on how to read the csv file.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Keep improving the graph by adding actual dummy data instead of using an external API.
- What is planned to be done until the next scrum meeting?
 - Keep improving the graph
- What are the hurdles?
 - Lack of experience

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Implemented the first ingredient function in the backend.

- Created the route for that function
- What is planned to be done until the next scrum meeting?
 - Test the first ingredient function from the frontend.
- What are the hurdles?
 - None.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Keep improving the graph
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Finish learning the basics of MERN and finding time.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Started researching how to move some backend logic current on the frontend, to the backend.
- What is planned to be done until the next scrum meeting?
 - Continue researching how to move some backend logic current on the frontend, to the backend.
- What are the hurdles?
 - None as of now

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - I worked on a JavaScript tutorial on Udemy.
 - I saw some videos on YouTube about MERN.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and the time availability.
 - Understanding the code of the project is difficult. The code is not commented.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the weather 'how to' app
 - Started looking into bootstrap and revamping the header to be more interactive
 - Started creating intuitive How-to guide for future CAP I and/or II students
- What is planned to be done until the next scrum meeting?
 - Continue working on bootstrap implementation
 - Continue working on how-to guide
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Time management currently due to other classes
 - Bootstrap Import issues
 - Midterms week upcoming!

Daily Scrum Meeting Minutes 04:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/17/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the USDA calculation points score.
- What is planned to be done until the next scrum meeting?
 - Research the Score Calculation
- What are the hurdles?
 - USDA Table Format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continue working on how to read the csv file
- What is planned to be done until the next scrum meeting?
 - Keep working on how to read the csv file.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Keep improving the graph by adding actual dummy data instead of using an external API.
- What is planned to be done until the next scrum meeting?
 - Keep improving the graph
- What are the hurdles?
 - Lack of experience

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on how to send the first ingredient score to the frontend.

- What is planned to be done until the next scrum meeting?
 - Test the first ingredient function from the frontend.
- What are the hurdles?
 - None.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Keep improving the graph
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Watched video tutorials for Data Structures on Javascript.
 - Continued familiarizing myself with the MERN stack using Samantha's MERN guide.
 - Continued working on the Javascript portion of the guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
- What are the hurdles?
 - Finding the time since I am currently studying for Midterms.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued researching how to move some backend logic current on the frontend, to the backend.
- What is planned to be done until the next scrum meeting?
 - Continue researching how to move some backend logic current on the frontend, to the backend.
- What are the hurdles?
 - None as of now

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - I worked on a JavaScript tutorial on Udemy.
 - I saw some videos on YouTube about MERN.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and the time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Working on the weather 'how to' app
 - Finished looking into bootstrap and revamping the header to be more interactive
 - Continued creating intuitive How-to guide for future CAP I and/or II students
- What is planned to be done until the next scrum meeting?
 - Continue working on how-to guide
 - Continue working on weather 'how to' app
- What are the hurdles?
 - Time management currently due to other classes
 - Midterms week upcoming!

Daily Scrum Meeting Minutes 05:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/18/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the USDA calculation points score.
- What is planned to be done until the next scrum meeting?
 - Research the Score Calculation
- What are the hurdles?
 - USDA Table Format.

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continue working on how to read the csv file
- What is planned to be done until the next scrum meeting?
 - Keep working on how to read the csv file.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Keep improving the graph by adding actual dummy data instead of using an external API.
- What is planned to be done until the next scrum meeting?

Daily Scrum Meeting Minutes 10:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/23/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the USDA calculation points score.
- What is planned to be done until the next scrum meeting?
 - Work on the Conversion Formulas
- What are the hurdles?

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continue working user input validation and image popup for score information
- What is planned to be done until the next scrum meeting?
 - Keep working on image popup for score information.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Created our own API to test actual data instead of creating a button, concept was changed and met with PO.
- What is planned to be done until the next scrum meeting?
 - Keep improving the graph and makes changes suggested by PO.
- What are the hurdles?
 - Lack of experience using react-chart.js

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Met with Capstone 2 and Product Owner
 - Improved the look of the barcode scanner.

- What is planned to be done until the next scrum meeting?
 - Test scanner and try to use first ingredient function in the backend
- What are the hurdles?
 - Error scanning products and false positives.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Keep improving the graph
 - Met with PO
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Looked over the Snackability code.

 - 2
- What was done since the last scrum meeting?
 - Worked on the barcode scanner trying to fix the zoom issue in the camera.
- What is planned to be done until the next scrum meeting?

- Improve barcode scanner reading.
- What are the hurdles?
 - Error scanning products and false positives.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Keep working on the graph
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Attended meeting with Capstone 2 students.
 - Finished Javascript lesson from the MERN guide.
 - Started working on the React lesson from the MERN guide.
- What is planned to be done until the next scrum meeting?
 - Continue looking over the Snackability code.
 - Ask questions on the parts of the code I don't understand.
 - Continue working on Samantha's "how to learn MERN stack" guide.
 - React
- What are the hurdles?
 - None at the moment.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Fixed and optimized first ingredient score
 - Fixed and optimized process food score
 - Refactored some front-end code
- What is planned to be done until the next scrum meeting?
 - Continue refactoring front-end code
- What are the hurdles?
 - None as of now

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - I kept working on a JavaScript tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and the time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Started looking more in depth into the code, specifically the changes in (snack-usda-details.component.js)
- What is planned to be done until the next scrum meeting?
 - Continue understanding the existing code for handover
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 02:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/29/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the Scoring Algorithm
- What is planned to be done until the next scrum meeting?
 - Unit display on the page
- What are the hurdles?

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the scoring function
- What is planned to be done until the next scrum meeting?
 - Keep improving the scoring function.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Not much advance has been made other than trying to implement function without success.
- What is planned to be done until the next scrum meeting?
 - Keep improving the graph and makes changes.
- What are the hurdles?
 - Lack of experience using react-chart.js

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the barcode scanner trying to fix the zoom issue in the camera.
- What is planned to be done until the next scrum meeting?

- Improve barcode scanner reading.
- What are the hurdles?
 - Error scanning products and false positives.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Keep working on the graph
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Attended planning meeting with Capstone 2 students.
 - Continued working on the React lesson from the MERN guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
 - React
- What are the hurdles?
 - None at the moment.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued refactoring front-end code
- What is planned to be done until the next scrum meeting?
 - Work on score calculation page
- What are the hurdles?
 - None as of now

Vladimir Chavez:

- How many hours did I work since the last meeting?

- 2
- What was done since the last scrum meeting?
 - I kept working on a JavaScript tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - The pace needed to catch up with MERN technology and the time availability.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Started looking more in depth into the code
- What is planned to be done until the next scrum meeting?
 - Continue understanding the existing code for handover
 - Will Continue working with CAP II and CAP I to understand the code better
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 03:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:06/30/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on Unit display on the page
- What is planned to be done until the next scrum meeting?
 - Work on the Enable/Disable Button
- What are the hurdles?

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the scoring function
- What is planned to be done until the next scrum meeting?
 - Keep improving the scoring function.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Not much advance has been made other than trying to implement function without success.
- What is planned to be done until the next scrum meeting?
 - Keep improving the graph and makes changes.
- What are the hurdles?
 - Lack of experience using react-chart.js

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the barcode scanner trying to fix the zoom issue in the camera.
- What is planned to be done until the next scrum meeting?

- Keep fixing the bug iun the barcode scanner.
- What are the hurdles?
 - Error scanning products and false positives.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Keep working on the graph
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued working on the React lesson from the MERN guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
 - React
- What are the hurdles?
 - None at the moment.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Worked on score calculation page
- What is planned to be done until the next scrum meeting?
 - Continue working on score calculation page
- What are the hurdles?
 - None as of now

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - I kept working on a JavaScript tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - Nothing to add.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued looking more in depth into the code
- What is planned to be done until the next scrum meeting?
 - Continue understanding the existing code for handover
- What are the hurdles?
 - Time management currently due to other classes
 - Exam tomorrow for another class

Daily Scrum Meeting Minutes 04:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:07/01/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the Enable/Disable Button
- What is planned to be done until the next scrum meeting?
 - Work on the Enable/Disable Button
- What are the hurdles?

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Reviewing Firebase and MongoDB to determine which is more suitable for the score function
- What is planned to be done until the next scrum meeting?
 - Reviewing Firebase and MongoDB to determine which is more suitable for the score function
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Not much advance has been made other than trying to implement function without success.
- What is planned to be done until the next scrum meeting?
 - Keep improving the graph and makes changes.
- What are the hurdles?
 - Lack of experience using react-chart.js

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?

- Barcode scanner was fixed.
- What is planned to be done until the next scrum meeting?
 - Test the scanner and research about Firebase.
- What are the hurdles?
 - None.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Keep working on the graph
- What is planned to be done until the next scrum meeting?
 - Continue working with developing
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued working on the React lesson from the MERN guide.
- What is planned to be done until the next scrum meeting?
 - Review changes to the Snackability code.
 - Continue working on Samantha's "how to learn MERN stack" guide.
 - React
- What are the hurdles?
 - None at the moment.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Worked on score calculation page
- What is planned to be done until the next scrum meeting?
 - Continue working on score calculation page
- What are the hurdles?
 - None as of now

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - I kept working on a JavaScript tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - Nothing to add.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued looking more in depth into the code
 - Specifically the updates to score calculation page
- What is planned to be done until the next scrum meeting?
 - Continue understanding the existing code for handover
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 05:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:07/02/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the Enable/Disable Button
- What is planned to be done until the next scrum meeting?
 - Work on the Enable/Disable Button
- What are the hurdles?

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Reviewing Firebase and MongoDB to determine which is more suitable for the score function
- What is planned to be done until the next scrum meeting?
 - Continue reviewing firebase.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Implemented the date on x axis, implemented color-coded graph based on input, and created button that will pass values to current day (manually)
- What is planned to be done until the next scrum meeting?
 - Keep improving the graph and makes changes to the button that adds a score manually
- What are the hurdles?
 - Functions are not passing proper values.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?

- Barcode scanner was fixed.
- What is planned to be done until the next scrum meeting?
 - Test the scanner and research about Firebase.
- What are the hurdles?
 - None.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Working on the color-changing on the graph and average score per day
- What is planned to be done until the next scrum meeting?
 - Working on the average function
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued working on the React lesson from the MERN guide.
- What is planned to be done until the next scrum meeting?
 - Review changes to the Snackability code.
 - Continue working on Samantha's "how to learn MERN stack" guide.
 - React
- What are the hurdles?
 - None at the moment.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Worked on score calculation page
- What is planned to be done until the next scrum meeting?
 - Continue working on score calculation page
- What are the hurdles?
 - None as of now

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - I kept working on a JavaScript tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - Nothing to add.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued looking more in depth into the code
 - Specifically the updates to score calculation page
- What is planned to be done until the next scrum meeting?
 - Continue understanding the existing code for handover
- What are the hurdles?
 - Time management currently due to other classes

Daily Scrum Meeting Minutes 09:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:07/06/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the Enable/Disable Button
- What is planned to be done until the next scrum meeting?
 - Work on Implementing the SignIn Page
- What are the hurdles?

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Reviewing Firebase and MongoDB to determine which is more suitable for the score function
- What is planned to be done until the next scrum meeting?
 - Continue reviewing firebase.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the app and improved changes.
- What is planned to be done until the next scrum meeting?
 - Keep working on graph to present to the PO.
- What are the hurdles?
 - Lack of experience.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Went through the signin functionality of the code.
 - Met on Sunday and implemented the consume functionality of the web app.

- What is planned to be done until the next scrum meeting?
 - Retrieve information for the Firebase Database..
- What are the hurdles?
 - None.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the graph
- What is planned to be done until the next scrum meeting?
 - Keep working on the average function
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continued working on the React lesson from the MERN guide.
- What is planned to be done until the next scrum meeting?
 - Meeting with the Product Owner.
 - Review changes to the Snackability code.
 - Continue working on Samantha's "how to learn MERN stack" guide.
 - React
- What are the hurdles?
 - None at the moment.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on implementation of the login page
 - Worked on the implementation of the firebase/firestore
- What is planned to be done until the next scrum meeting?
 - Continue working on score calculation page
- What are the hurdles?
 - None as of now

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - I kept working on a JavaScript tutorial on Udemy.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - Nothing to add.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued looking more in depth into the code
- What is planned to be done until the next scrum meeting?
 - Continue understanding the existing code for handover
- What are the hurdles?
 - None

Daily Scrum Meeting Minutes 10:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date: 07/07/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on Implementing the SignIn Page
- What is planned to be done until the next scrum meeting?
 - Work on linking firebase with the graph
- What are the hurdles?

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the Graph (Retrieving Information)
- What is planned to be done until the next scrum meeting?
 - Continue polishing the front end.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the app and improved changes.
- What is planned to be done until the next scrum meeting?
 - Keep working on graph to present to the PO.
- What are the hurdles?
 - Lack of experience.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the graph.
 - Retrieved, calculate average of the snacks scores to show it in the graph
- What is planned to be done until the next scrum meeting?

- Improve design on the snack-usda-details page.
- What are the hurdles?
 - None.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the graph
- What is planned to be done until the next scrum meeting?
 - Keep working on the average function
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Meeting with the Product Owner.
 - Continued working on the React lesson from the MERN guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.
 - React
- What are the hurdles?
 - None at the moment.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - PO Meeting
 - Continued working on the front end
- What is planned to be done until the next scrum meeting?
 - Continue working on the frontend
- What are the hurdles?
 - None as of now

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - I reviewed HTML basic syntax in depth and started a new JavaScript tutorial that is more related to the technologies used on the project.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - Nothing to add.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Met with the PO and her expectations for the handover
 - Continued looking more in depth into the code
- What is planned to be done until the next scrum meeting?
 - Continue understanding the existing code for handover
- What are the hurdles?
 - None

Daily Scrum Meeting Minutes 11:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:07/08/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on linking firebase with the graph.
- What is planned to be done until the next scrum meeting?
 - Work on linking firebase with the graph.
- What are the hurdles?

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the Graph (Retrieving Information)
- What is planned to be done until the next scrum meeting?
 - Continue working in the front end.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the app and improved changes.
- What is planned to be done until the next scrum meeting?
 - Keep working on graph to improve changes suggested by PO.
- What are the hurdles?
 - Lack of experience.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the graph.
 - Retrieved, calculate average of the snacks scores to show it in the graph
- What is planned to be done until the next scrum meeting?

- Improve design on the snack-usda-details page.
- What are the hurdles?
 - None.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Research
- What is planned to be done until the next scrum meeting?
 - Work on the design
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued working on the React lesson from the MERN guide.
- What is planned to be done until the next scrum meeting?
 - Continue working on Samantha's "how to learn MERN stack" guide.

 - Retrieved, calculate average of the snacks scores to show it in the graph
- What is planned to be done until the next scrum meeting?

- Improve design on the snack-usda-details page.
- What are the hurdles?
 - None.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the design
- What is planned to be done until the next scrum meeting?
 - Keep working on the design
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 3
- What was done since the last scrum meeting?
 - Finished the React lesson from the MERN guide.
- What is planned to be done until the next scrum meeting?
 - Take a more objective look at the Snackability code.
 - Start a mock React app to further solidify my knowledge in React.
- What are the hurdles?
 - None at the moment.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued working on the front end
- What is planned to be done until the next scrum meeting?
 - Continue working on the frontend
- What are the hurdles?
 - None as of now

Vladimir Chavez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - I reviewed HTML basic syntax in depth and started a new JavaScript tutorial that is more related to the technologies used on the project.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - Nothing to add.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued looking more in depth into the code
- What is planned to be done until the next scrum meeting?
 - Continue understanding the existing code for handover
- What are the hurdles?
 - None

Daily Scrum Meeting Minutes 02:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:07/13/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on merging the tables for the snack details page.
- What is planned to be done until the next scrum meeting?
 - Work on merging the tables for the snack details page.
- What are the hurdles?

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked in the graph
- What is planned to be done until the next scrum meeting?
 - Work on merging the tables for the snack details page.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the app and improved changes.
- What is planned to be done until the next scrum meeting?
 - Keep working on graph to improve changes suggested by PO.
- What are the hurdles?
 - Lack of experience.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the loading button of the score calculation page.
- What is planned to be done until the next scrum meeting?
 - Research about Docker containers to deploy the web app in AWS

- What are the hurdles?
 - None.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the design
- What is planned to be done until the next scrum meeting?
 - Keep working on the design
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Started taking a more in depth look at the Snackability code.
- What is planned to be done until the next scrum meeting?
 - Continue looking at the Snackability code.
 - Start a mock React app to further solidify my knowledge in React.
- What are the hurdles?
 - Work for other classes.

Thiago Novaes:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued working on the front end
- What is planned to be done until the next scrum meeting?
 - Continue working on the frontend
- What are the hurdles?
 - None as of now

Vladimir Chavez:

- How many hours did I work since the last meeting?

- 1
- What was done since the last scrum meeting?
 - I reviewed HTML basic syntax in depth and started a new JavaScript tutorial that is more related to the technologies used on the project.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - Nothing to add.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued looking more in depth into the code
- What is planned to be done until the next scrum meeting?
 - Continue understanding the existing code for handover
 - Looking at code changes made in the previous 24 hours
- What are the hurdles?
 - None

Daily Scrum Meeting Minutes 03:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date:07/14/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on merging the tables for the snack details page.
- What is planned to be done until the next scrum meeting?
 - Work on merging the tables for the snack details page.
- What are the hurdles?

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked in the graph
- What is planned to be done until the next scrum meeting?
 - Work on merging the tables for the snack details page.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the app and improved changes and documentation.
- What is planned to be done until the next scrum meeting?
 - Keep working on documentation
- What are the hurdles?
 - Lack of experience documenting programs.

Onel Sanchez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the loading button of the score calculation page.
- What is planned to be done until the next scrum meeting?
 - Research about Docker containers to deploy the web app in AWS

- What are the hurdles?
 - None.

Luis Socarras:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Work on the design of the chart
- What is planned to be done until the next scrum meeting?
 - Keep working on the design
- What are the hurdles?
 - Time

John Perez:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Kept taking a more in depth look at the Snackability code.
- What is planned to be done until the next scrum meeting?

- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - I have a CNT_4713 project that needs JavaScript and Flask where a video feed from the camera will be streamed to all the clients.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Continued looking more in depth into the code
- What is planned to be done until the next scrum meeting?
 - Continue understanding the existing code for handover
 - Brainstorming Front end improvements
- What are the hurdles?
 - None

Daily Scrum Meeting Minutes 04:

Attendees: Aurelio Martinez, William Aranzabal, Miguel Faria, Onel Sanchez, Luis Socarras, John Perez, Thiago Novaes, Vladimir Chavez, Samantha Loeb.

Start time: 6:45 PM EST

End time: 7:00 PM EST

Date: 07/15/2021

Aurelio Martinez:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on merging the tables for the snack details page.
- What is planned to be done until the next scrum meeting?
 - Work on merging the tables for the snack details page.
- What are the hurdles?

William Aranzabal:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on linking firebase with the graph.
- What is planned to be done until the next scrum meeting?
 - Work on merging the tables for the snack details page.
- What are the hurdles?
 - Lack of experience.

Miguel Faria:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on the app and improved changes and documentation.
- What is planned to be done until the next scrum meeting?
 - Keep working on documentation
- What are the hurdles?

 - 1
- What was done since the last scrum meeting?
 - I reviewed HTML basic syntax in depth and started a new JavaScript tutorial that is more related to the technologies used on the project. I kept working on HTML and JavaScript tutorials.
 - I have been working on a project to practice the syntax and code learned.
- What is planned to be done until the next scrum meeting?
 - Read blogs and watch video tutorials to become familiar with the MERN stack.
- What are the hurdles?
 - I have a CNT_4713 project that needs JavaScript and Flask where a video feed from the camera will be streamed to all the clients.

Samantha Loeb:

- How many hours did I work since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Met with PO to go over feedback and expectations for next semester
- What is planned to be done until the next scrum meeting?
 - Look over PDF with list for next years to-do
- What are the hurdles?
 - None
