Max Garcia
Start time: 8:45 PM
End time: 9:15 PM

The following user stories were created/discussed/refined/prioritized.

- User story 2, Formula creation
 - As a developer I want to create a formula that helps objectively judge users' performance
 - This user story was discussed at length during the meeting and will receive less attention from the team and start to be phased out.
- User story 4 Theme Research,
 - As a developer I want to understand how other products have used color combinations that help maintain user engagement.
 - This user story was discussed at length during the meeting and will receive less attention from the team and start to be phased out.
- User story 6 UI clean up
 - As a developer I want to improve the UI so that users can more easily understand what they are seeing.
 - This user story was discussed at length during the meeting and will continue to receive attention from the team.
- User Story 7 Customize Force Setting Application
 - As a user I want to be able to change the bench mark for the force that will be accepted by the application as a “good” punch.
 - This user story was discussed at length during the meeting and will continue to receive attention from the team.
- User Story 8 Customize Time setting Application
 - As a user I want to be able to change the amount of time I am given to throw my punches before the session ends.
 - This user story was discussed at length during the meeting and will continue to receive attention from the team.
- User story 9 Start, Stop, and Reset Functionality
 - As a developer I want to implement some way for users to start, stop, and reset their session manually without using a keyboard.
 - This user story was discussed at length during the meeting and will continue to receive attention from the team.
- User Story 10 Benchmark creation

- As a user I want to be able to set personal goals when using each individual application.
 - This user story was discussed at length during the meeting and will continue to receive attention from the team.
- **No user stories were created, removed, or re-prioritized during this meeting.**
