 **EFRT-1756** - Improve user experience and interface for adding nickname for credit cards VALIDATED

Description

As a basic user, I want to be able to add and remove credit cards to my EForT account so that I can subscribe to services.

Acceptance Criteria

- The user has a simple UI to change nicknames of their credit cards

Use Cases

Use Case 1: Add Card

- Actor: George
- Preconditions
 - George is logged into his account in EForT.
 - George has a credit card added to his EForT account.
- Description
 - George navigates to the Account Management page
 - George clicks the edit nickname button
 - George enters the nickname he wants
 - George's nickname gets added to the card

Use Case 2: Delete Card

- Actor: George
- Preconditions:
 - George is logged into his account in EForT.
 - George has a credit card that is linked to his EForT account.
- Description:
 - George navigates to the Account Management page.
 - George finds his credit card in the list of cards
 - George clicks the delete button on that card
 - George's card is removed from the system and it is hidden in his My Accounts credit card page.
