

20190408 - Daily Scrum Meeting Minutes

Attendees: Eddy Mogollon Pablo Mueller

Date: 08 Apr 2019

Start time: 7:00PM

End time: 7:30PM

Eddy Mogollon:

- What was done since the last scrum meeting?
 - Added the defendants information to the information cards.
 - Found an API that gets random cartoon images for each defendant
- What is planned to be done until the next scrum meeting?
 - Some information is missing for each defendant, so create new fields and add them for each defendant. These new fields represent mock data.
- What are the hurdles?
 - Because we couldn't get the real faces of the defendants, we used an API to fit an image into the card component

Pablo Mueller:

- What was done since the last scrum meeting?
 - Finished the bug related to Show More/Show Less
 - Made the Menu Parameters responsive both for mobile and desktop
- What is planned to be done until the next scrum meeting?
 - Continue modifying Search By methods to fit the new information from the MDC API
 - Release website on Heroku
- What are the hurdles?
 - We still have minor fixes to do
