What went wrong?

- Did we do a good job estimating our team's velocity?
 - Yes, this sprint was mostly easy accessibility stuff that we previously learned through allocated research time in previous sprints.
- Did we do a good job estimating the points (time required) for each user story?
 - Not required
- Did each team member work as scheduled?
 - Yes

What went right?

- We are building a website that is accessible and that adheres to ADA/WCAG standards.

How to address the issues in the next sprint?

- How to improve the process?
 - There are no more issues to address/improve at this point.
- How to improve the product?
 - We'll continue working on testing accessibility.
